

# WILLIAM W. ROSS IS ARRESTED IN HOTEL ROOM IN TORONTO, CANADA

## Nineteen Known Dead In Tornadoes In Midwest States

### SUFFERING IS INTENSE IN NEBRASKA

Death, Injury and Destruction Left As Twisters Hit Missouri Valley

**TEKAMAH HARD HIT**

Relief Workers from Large Cities Are Rushed to Stricken Districts Today

CHICAGO, May 2.—(UP)—Nineteen deaths were counted today in the wake of tornadoes and windstorm that left scores of persons injured and hundreds homeless in devastated sections of seven midwest states.

Five deaths were reported in Nebraska, as many in Minnesota, four in Missouri, two in Illinois, and one each in Kansas, Wisconsin and North Dakota.

The region of greatest damage lay in the Missouri river valley, centering in the north in an area of northeastern Nebraska and in the south in districts around Kansas City.

A tornado of terrific force turned its fury on Tekamah, Neb., a town of several thousand inhabitants, killing five persons, injuring many and destroying whole blocks of homes.

Relief workers were hurried from Sioux City, Ia., Omaha, St. Louis and other cities in the region to aid the injured and the hundreds made homeless.

Five other Nebraska towns—Pender, Homer, Jackson, Winnebago, Bancroft and Walthill—were struck by the twister as it swept eastward over the Missouri river into Iowa, where it spent itself.

Though the damage was heavy in the other towns hit, the number of those injured was small because the slow movement of the tornado gave residents opportunity to escape unhurt.

Another tornado raced down from northeastern Kansas three counties in northwestern Missouri. It was reported to have caused five deaths as it wrecked farm buildings and killed livestock along its course.

Near Valley Falls, Kan., five persons were believed to be missing following the destruction of their farm home.

Farms near Winchester, Kan., and Easton, Kan., were laid waste and a dozen persons were injured.

In the northwest tornadoes, high winds and cloudbursts added to the night's toll of death, injury and destruction.

Storm damage in Milwaukee, Wis., was reported today.

### DAMAGE ESTIMATED AT OVER \$12,000 IS CAUSED BY FIRE

Fire Believed to have started in the offices of the Santa Ana Roofing company, at 1009 East Fifth street, almost completely destroyed the building and swept to the plant of the California Spray Chemical company, at 1001 East Fifth

### FLAPPER FANNY SAYS:

## PRESIDENT ASKS HOUSE FOR \$10,000,000 TO START CONSTRUCTION WORK ON BOULDER DAM

### NAVAL TREATY BEFORE SENATE EARLY IN WEEK

Board of Strategy Chosen to See Pact Gets Over in Upper House

WASHINGTON, May 2.—(UP)—Dispute over the London naval treaty turned from tons to guns today as two senate committees arranged to consider the treaty next week.

While senate preparations proceeded, Secretary of State Stimson formed a board of strategy to see the treaty through the senate. It consisted of Secretary of Navy Adams, Ambassador Morrow and Admiral William V. Pratt, commander of the fleet and adviser to the American delegation in London.

Naval affairs committee hearings on the treaty are scheduled to begin Monday with Adams as the first witness. Chairman Hale of naval affairs will confront Adams with a new set of exhibits just received from the navy department in which six and eight-inch guns are compared to the disadvantage of the former.

The question of gun power appears to be the most contentious of all those to be considered. The treaty limits the number of American eight-inch gun cruisers to 18 and the British to 15.

All surplus cruiser tonnage—143,500 for the United States—is limited to six-inch guns. Hale does not like this cruiser provision and will ask Adams and the admirals why the right to equip all cruisers with eight-inch guns was abandoned.

Two miniature turrets made to scale are mounted today on the committee room table. One contains three eight-inch guns and the other two six-inch guns. While conceding the six-inch gun operates faster when uncensored by a turret, Hale said turret mounts slowed the smaller guns to about the speed of the larger. This superiority in firing speed has been emphasized by treaty advocates as one reason for agreeing to use the smaller guns on many of our cruisers.

### Primary Fund Fight Looming In Washington

Opposition to Seating of Mrs. McCormick, Should She Win, Certain

WASHINGTON, May 2.—(UP)—Silently the senatorial opponents of large campaign expenditures today greeted the news that Mrs. Ruth Hanna McCormick spent a quarter of a million dollars of her own money or four times the salary of a senator for a six-year term—to obtain the Republican nomination in Illinois.

While public comment was lacking, private speculation was not. There was every indication that the question of senatorial campaign expenditures may be raised again in a seating contest if Mrs. McCormick wins the November election.

Those who led the fight to censure Senator Truman H. Newberry of Michigan because he spent \$195,000 in his primary election are withholding judgment because the full evidence about the case has not yet been developed by the senatorial investigating committee.

The committee has sent agents to Illinois to determine, if possible, how much additional was spent in Mrs. McCormick's behalf by the various independent groups which supported her.

### CONFESSES MURDER OF 3 RANCH HANDS

MODESTO, May 2.—(UP)—Charles Wiley, alias Dodge, object since Monday of an intensive manhunt in the San Joaquin river territory, was arrested today, charged with the murder of three men at a ranch 15 miles from here last Sunday night.

Wiley was spotted walking along a railroad trestle near Crows, and last night by State Police. E. L. McCabe and Deputy Sheriff John Moorehead of Stanislaus county.

Although it had been anticipated by posse that Wiley would put up a fight when cornered, the wanted man surrendered instantly, when covered by the two officers.

Authorities said that Wiley readily admitted murdering Joseph Barton, Jacques Fontaine and Deloche C. Fultz, ranch hands, when he became intoxicated Sunday.

### Former Diplomat Agrees to Return To Face Charges

NEW YORK, May 2.—(UP)—Ignacio Moran, former Mexican diplomat, announced today he had withdrawn his opposition to removal proceedings designed to take him to Tucson, Ariz., to face charges of conspiring to ship airplanes and ammunition into Mexico to the rebels during the revolution of 1929.

Moran also said he would prepare rebuttal testimony to that given by Philip Mohun, Hollywood stunt flyer, who told of an attempt on Moran's part to provide a plane for the rebels. Moran's bail of \$2500 was continued by United States Commissioner Garrett Cotten pending the announcement of Moran's presence would be required in Tucson.

### TAKEN TO IMPERIAL

LOS ANGELES, May 2.—(UP)—Russel Rinaldo, who was the latest to "confess" to the murder of William Desmond Taylor, motion picture director, today was to be placed in custody of psychopathic parole officers and delivered to the sheriff of Imperial county, where he formerly lived. The man was adjusted mentally ill by Superior Judge Gould, yesterday, but his condition does not warrant confinement, the jurist decided.

### Census Bureau Waits For Return Of Ross

No one escapes! That is the slogan of Stanley Goode, census supervisor for Orange and Riverside counties.

When Goode learned today that W. W. Ross, former truck dealer here, will return to the county jail from Toronto, Canada, to face a forgery charge, he smiled contentedly.

"That will be just one more," he remarked, issuing orders that, when Ross arrives, he shall be interviewed in the jail and his name added to the city's population list.

### C. OF C. AIDING CENSUS BUREAU IN WORK HERE

Over 7000 Telephone Calls Will Be Placed in Order to Reach All

THE SANTA ANA Chamber of Commerce today had launched its telephone cleanup drive to discover if any families are still to be counted in the 1930 census. Over 7000 telephone calls will be placed in the campaign.

The first calls were put in yesterday afternoon and today the calls were being continued. About 50 per cent of the people called so far have not been at home, according to Chamber of Commerce reports.

At 10:30 a. m. today three families, numbering 11 people in all, who had not been counted, had been found. Reports of families not recorded on the census so far were sent to the census headquarters of Stanley.

(Continued on Page 2)

**ARMY FLYER KILLED**  
MEXICO, Mo., May 2.—(UP)—Lieut. Harold "Bear" Brown, U. S. army flyer from Selfridge field, Mich., was killed near here today when his airplane crashed during an attempted landing.

Lieutenant Brown tried to bring the plane down at the farm house of his father, R. M. Brown, prominent farmer and stockman, when it went from control.

### Early Action On Request Is Almost Sure

Half of Amount to Be Used For Actual Beginning of Work Itself

WASHINGTON, May 2.—(UP)—Appropriation of \$10,000,000 with which to start work on Boulder dam was requested in a message from President Hoover to the House today. Early action on the request is expected by administration leaders.

Of this appropriation, \$5,000,000 would be used for actual beginning of work on the dam itself. The rest of the appropriation is for incidental work as follows:

Construction of a work road, \$2,500,000; construction of a work camp, \$525,000; erection of a power plant, \$1,750,000; purchase of rights of way, \$500,000, and reimbursement to reclamation fund for preliminary investigation, \$385,000.

The estimate was submitted by J. Clawson Roop, director of the bureau of the budget as supplemental to the interior department appropriation for 1930 to become available at once and to remain available until spent.

"The secretary of the interior advised that contracts have been secured which will provide revenue adequate in his judgment to pay operation and maintenance costs and insure repayment to the United States within 50 years of all funds expended together with interest," Roop said.

Work on the huge project will begin immediately after the funds are appropriated by congress, according to an announcement by Wilbur.

### ZEPPELIN OFF ON FLIGHT

FRIEDRICHSHAFEN, Germany, May 2.—(UP)—The dirigible Graf Zeppelin left at 8 a. m. today, on a privately chartered flight for the first time since it was built.

Alwin Schmidt, of Kuesnacht, Switzerland, chartered the big air liner for a joy ride over Switzerland, and invited 36 of his Swiss friends to accompany him.

### ORANGE COUNTY WRITER PASSES DURING NIGHT

Mrs. Jessie Crill of Garden Grove Dies After Lingering Illness

MRS. JESSIE Armstrong Crill, wife of John W. Crill, prominent citrus grower of Garden Grove, died last night in the family home, on Palm avenue, Garden Grove. She was 46 years of age.

Mrs. Crill is survived by her husband and a daughter, Miss Eleanor, who is attending the Santa Ana junior college; four sisters, Mrs. George H. Crill, of Upland; Mrs. W. C. Hunt, of Ventura; Miss Moss Armstrong, of Santa Monica, and Mrs. William Sellards, of Palo Alto, and one brother, J. L. Armstrong, of Redlands.

Funeral services will be held in the Winbiger Funeral home, Santa Ana, at 10 a. m. Monday, under direction of First Church of Christ, Scientist.

Mrs. Crill had been ill about three months and news of her death came as a shock to scores of friends in Orange county, to whom she had endeared herself by her interest in public and family affairs.

She was a short story writer and had been successful in this line, for her articles appeared in many magazines. She also was a writer of plays, many of which have been produced in the Garden Grove district and at Lions club conventions. Mr. Crill for two years was president of the Lions club in Garden Grove and was president, last year, of the Orange County Council of Lions Clubs.

Mrs. Crill had been an active member of the Santa Ana Community Players as well as the Women's club of her home community. She was a member of Pi Beta Phi sorority.

The family has resided in Garden Grove for 19 years, coming from Los Angeles, where Mrs. Crill held membership in the Press club.

Mr. Crill is vice president of the Orange County Farm bureau and formerly was president of the Garden Grove Farm center.

### FOX CORPORATION DECLARES DIVIDEND

NEW YORK, May 2.—(UP)—Directors of the Fox Film corporation today declared the regular quarterly dividend of \$1 on the class A and B stocks, payable May 20 to stock of record May 12. The previous declarations were \$1, payable in script on January 15.

Directors also voted to call for redemption on May 15, the script which was issued to stockholders on January 15 instead of the cash dividend due at that time.

### Indians Gathering For 2-Day Meeting

YUBA CITY, Ariz., May 2.—(UP)—Silently riding across the desert sands of the enchanted Hopi Indian reservation, hundreds of Hopi braves today were gathering for the Katchini dance, the first of the summer prayers.

Gaily colored costumes, fashioned after the fantastic Katchini dolls, are ready for sunrise Saturday, when the two-day ceremony will begin. Throbbing of tom-toms and chant of heathen songs keep the dance going through the heathen prayer for rain.

At Moencop, high among the mystic mesas inhabited by this vanishing race of southwestern Indians, the Hopis gather each year.

### UNDER ARREST

William W. Ross, former Moreland truck dealer in Santa Ana who was arrested in Toronto, Canada, last night.

### LETTER AVERS HOOVER IS NOT DRY AT HEART

Lobbying of Dry Organizations Will Be Taken Up By Committee Next

WASHINGTON, May 2.—(UP)—Statements that President Hoover is not a dry at heart, but takes the dry side of the prohibition question for political reason, were made in a letter written by William H. Stayton and read before the senate lobby committee today.

The letter containing the reference to the president's prohibition views was one of a large number read by the committee as Stayton, chairman of the board of the Association Against the Prohibition Amendment, concluded his two-day testimony.

Senator Robinson, Republican, Indiana, member of the committee read the letter written by Stayton to Herbert L. Clark, of Philadelphia, on March 19, 1929. It said in part:

"From what I hear, Mr. Hoover has made up his mind the drier he is, the more he likes. He is a different temperament and he thinks he can get votes from the wets without espousing their cause, and that, therefore as a matter of vote-getting, he had better take the dry side."

"If he were sincerely a dry, one might hope to convince him by argument or statement of facts, but as I know he is not at heart a dry I fear I must approach the conclusion that he is a dry because of the prospective profits in votes, and nothing that has to do with right and wrong or with facts will make any impression upon him."

The committee announced it will begin next week its inquiry into lobbying by dry organizations. Officers of the Anti-Saloon league will be the first witnesses summoned.

### FORMER S. A. AUTO DEALER IS TRAPPED

Sheriff Jernigan and District Attorney West to Return Prisoner Here

**PLACES 'PHONE CALL**

Word From Toronto Says Ross Has Waived Extradition — Signs Papers

TRAPPED in the exclusive King Edward hotel, in Toronto, Ontario, Canada, late last night, while he was awaiting a telephone message from Santa Ana, in answer to a call which he had placed an hour earlier, William Wolf Ross, Santa Ana truck dealer, was today being held in the Toronto jail for Sheriff Sam Jernigan.

His arrest was effected through a telegram dispatched by Sheriff Jernigan last night to Toronto, informing officers there that the fugitive was in their city, going under the name of Louis Brown. Constables immediately picked up his trail at the King Edward hotel, and a short time later caught him in his room.

News of the arrest reached Sheriff Jernigan late last night, just an hour after he had sent the telegram to Toronto.

The arrest brings to a close one of the greatest man hunts instigated by the sheriff's office here in the past 19 years. The entire United States was flooded with circulars and letters giving Ross' description and asking co-operation from police departments in virtually every state in the union.

Sought on charges of forgery and issuing bank checks with intent to defraud, Ross was wanted more badly than any alleged law violator recently and nothing was left undone by the sheriff's office to effect his arrest. Several sheriff's officers have constantly been working on the case since Ross disappeared from Santa Ana on the night of April 19, after he is said to have defrauded the Federal Finance company, the Bank of Tufts, the Santa Ana Finance company, several Long Beach banks and other business houses of probably \$250,000. The exact figure of the losses has never been made known.

**Called Santa Ana**

Between the time Sheriff Jernigan received a tip that Ross had gone to Toronto and the time of his arrest, Ross actually placed a telephone call to Santa Ana. The call was destined for his wife, according to the sheriff's office, but Mrs. Ross is not here, having gone to Los Angeles soon after her husband disappeared and the call never went through.

Sheriff Jernigan denied this morning that the telephone call had anything to do with the tip received that Ross was in the Canadian city. He claimed that Ross was waiting for the call when constables at Toronto walked into his room and made the arrest on telegraphic information.

Ross will not fight his return to Santa Ana. This was made known in a telegram received this morning from D. C. Draper, the constable who made the arrest. Draper wired that Ross had signed extradition papers declaring his willingness to return here without a battle with the Canadian authorities.

With this information in hand, Sheriff Jernigan made ready to start for Toronto immediately to

(Continued on Page 2)

# PLEADS GUILTY TO HITTING BOY; ASKS LENIENCY

Eight cases came before Judge G. K. Seovel today on the criminal calendar in superior court. Informations were filed in four cases, a bench warrant for the arrest of an escaped prisoner was issued in the fifth, probation was granted in the sixth, continuance of the time for pronouncement of sentence was granted in the seventh and arraignment on an amended complaint constituted the eighth.

Maria and Henry Peralta were arraigned on an information charging petty theft with prior conviction. They admitted the previous conviction, which took place in San Diego, in 1928, on a similar charge, but entered pleas of not guilty to the theft charge which involved a dress valued at \$6.50, taken from Carl A. Romer on March 31.

Contributing to the delinquency of a minor was the charge placed against E. C. Posey. He is alleged to have whipped his stepson, 11 years old, with a razor strap, and to have drunk intoxicating liquor in the presence of the child. He pleaded guilty when arraigned and made oral application for probation. The hearing was set for May 18 and the prisoner was released on his own recognizance.

**Enters "Guilty" Plea**

"Guilty" was the plea entered by H. D. Wacker Jr., when he was arraigned on a charge of making and issuing fictitious checks. He is alleged to have written a check for \$27.50 and passed it to the Citrus Tire company on April 22. He made application for probation through his attorney, Raymond Ray, and the hearing was set for May 9.

An information charging operation of a motor vehicle while intoxicated was filed against Francisco Saguas but his arraignment was continued pending the arrival of his attorney.

The hearing on the application for probation which had been filed with the court by A. D. Frisby resulted in probation being granted by the court for a period of three years. He pleaded guilty to a charge of making and passing a fictitious check for \$20 to Mrs. W. D. Bailey, on April 7.

A bench warrant for the arrest of Perley Hiett was issued when Deputy District Attorney S. B. Kaufman informed the court that the prisoner had escaped from the Orange County hospital yesterday. Hiett was charged with issuing fictitious checks, the complaint alleging that he passed a check for \$6.25, with a fictitious signature, to John Muller last June.

**Crawford Found Guilty**

Arthur Crawford, who was found guilty of petty theft following his trial, this week, appeared for pronouncement of sentence, but the matter was continued for one week after a motion had been entered orally for a new trial. The motion will be heard on May 9.

The mistrial resulting when a jury was unable to reach a verdict

on the charge of burglary against Bob Williams, Negro, resulted in his appearance in court today for setting the time for a new trial. An amended complaint was filed by the district attorney's office, charging burglary with prior conviction under the name of Jim Champion. Williams admitted the prior conviction, which was secured in Jefferson county, Okla., in 1922. He entered a plea of not guilty to the amended complaint and the trial was set for May 20.

District Attorney Z. B. West and his deputies, S. B. Kaufman and Sam Collins, handled the cases in court today.

# FINAL DETAILS COMPLETED BY MUSIC GROUP

Holding their last conference before the opening of Santa Ana's annual Music week celebration, members of the Music week committee and their chairman, Harry L. Hanson, met at noon today in Ketter's cafe and completed the final details necessary to the successful presentation of the program.

One of the most important decisions reached by the committee, in its weekly sessions, has been to issue tickets for the Spanish program to be presented Thursday night of next week in the high school auditorium. Spanish night always attracts one of the largest crowds of the annual celebration and so many are turned away disappointed because of the limited seating capacity of the auditorium that it was considered fairer to all concerned to issue the tickets.

These will be entirely free and any adult applying for them in the Shafter Music store will be given two tickets. This applies only to the one night's program. Those taking the tickets are asked to be certain to use them and if, at the last minute, they find themselves unable to attend, they are asked to give their tickets to someone else who can go, or else send them to the box office in the high school to be given out to late comers.

Parents of small children have been asked to co-operate with the committee by leaving the children at home on all nights except for the two school night programs, Tuesday and Wednesday, and the opening program, Sunday afternoon, in Birch park, in order to release more seats for adult music lovers.

Doors to the auditorium will be opened at 7:30 nightly and from 8 to 8:15 o'clock the audience will join in community singing. The formal program will begin promptly at 8:15.

Young people of the high school will act as ushers and will have the assistance of men from the city police and fire departments at the nightly programs. The men from the police department will give their assistance at the opening program Sunday, when the Santa Ana Municipal band of 60 pieces, assisted by the Municipal chorus, both directed by D. C. Clanton; the Children's chorus, directed by Frances Hunt Beeson; Robert Brown, baritone soloist, and L. E. Behrmer, Los Angeles, Impresario, will be featured. This program will begin promptly at 8 o'clock.

Don't fail to attend the tournament of one act plays tonight.—Adv.

# LIFE OF INDIANS SUBJECT IN ORANGE 18 COMMUNISTS ARE ARRESTED

ORANGE, May 2.—Indian lore was discussed by Mrs. Herbert Ireland at the union revival service in the Methodist church Thursday evening. The Rev. Joseph G. Reece of the Friends church, El Modena, led in the singing. Pastors on the platform were the Rev. Herbert Ireland, the evangelist; the Rev. Robert McAulay, the Rev. Walter Cole, the Rev. Charles Maston, the Rev. Franklin Mink, the Rev. Joseph Reece, the Rev. S. M. Eldsath and the Rev. N. A. Nickel. The Rev. Mr. McAulay made the announcements.

Tonight will be high school and young people's night. The high school orchestra will give a number of selections. Sunday at 3 o'clock the evangelist will preach on "Will It Die." Young people will meet in the Christian church at 6:30 o'clock. Mrs. Ireland will bring the message to the young people. Monday night, the boys from Whittier college will play. Tuesday night will be family night. Wednesday fraternity night. Thursday civic organization night and Friday night the service will begin at 7 o'clock and close at 8 o'clock so the Valencia Court program may be attended.

The Rev. S. M. Eldsath led in prayer last night. The Rev. Joseph G. Reece gave a solo. Mrs. Ireland was dressed in Indian costume and surrounded with Indian rugs and baskets.

**SEAL BEACH, May 2.**—Lew Hallock, of Los Angeles, probably owes his life to the alertness of Police Officer Porter, who found him lying on the Pacific Electric track at East Seal Beach a few minutes before the arrival of the early north bound car.

Porter dragged Hallock from the tracks just as the car came into sight. Hallock was taken to the city jail, where he was charged with intoxication.

**LOS ANGELES, May 2.**—(UP)—The plaza, historic meeting place of Los Angeles, was quiet today but the May day oratory which merged into rioting had landed 18 asserted Communists in jail and sent a score of children to juvenile hall.

The principal charge against those held was criminal syndicalism. They were arrested when police, armed with night sticks and tear bombs, broke up a meeting of several thousand Communists and red sympathizers in the plaza.

Six women were among those arrested.

Several policemen were injured and scores of the celebrants, meeting in deference to the Communist international labor day, nursed minor cuts and bruises received in the fighting.

**VILMA BANKY TO RETIRE FROM FILMS**

HOLLYWOOD, May 2.—(UP)—Vilma Banky, Hungarian actress who attained stardom in the films, announced today that she is retiring from the screen in favor of a housewife role. She is the wife of Rod La Roque, actor.

The actress branded as absurd rumors that she and La Roque have come to a parting of the ways.

"These reports are utterly ridiculous," Miss Banky declared. "I have decided to quit pictures to become once and for all Mrs. Rod La Roque. We are so happy and we shall never part."

# WILLIAM ROSS NINETEEN DEAD ARRESTED AND IN TORNADOES IS BEING HELD IN MID WEST

(Continued from Page 1)

bring the much wanted truck dealer back to Santa Ana. Z. B. West, district attorney of Orange county and the sheriff, will leave here via train tomorrow at noon to return the prisoner.

"We do not know all the movements of Ross since he left Santa Ana. We only know that he has been arrested in Toronto, that there is no mistake about his identification and that we are going to bring him back here just as soon as possible," Sheriff Jernigan said this morning. "We have worked hard on this case and success in it has meant a great deal to me personally," he said.

That Ross would probably use the name of Louis Brown after he left Santa Ana was known by Sheriff Jernigan. Jernigan said this morning that he had learned of Brown while he was selling Mack trucks at Newark, N.J., several years ago, and that he felt the man would probably use the same name again.

On receipt of the information of Ross' arrest, the Federal Finance company, probably the heaviest losers in the Ross defrauding schemes, immediately started preparations to file other charges against the man. Through their attorney, Robert Mize, forgery complaints on a number of alleged forged automobile contracts were being prepared and will be filed by the district attorney this afternoon. It was said.

**C. OF C. AIDING CENSUS BUREAU IN WORK HERE**

(Continued from Page 1)

ley E. Goode, supervisor of the census for Orange and Riverside counties. Enumerators will call on the addresses given and the families will be counted.

At Goode's headquarters the records are being checked as rapidly as possible and schedules made out for forwarding to Washington. The enumerators' work is practically completed and their attention can be turned to the cleanup work.

On the first page of the Register today a blank form has been published, which can be filled out and sent to Goode's headquarters by those who have not been counted. The form was carried in the paper on Wednesday and a large number of people filled out and mailed it to Goode.

**AUSTIN DROPPED BY LAWN TENNIS BODY**

LONDON, May 2.—(UP)—Great Britain's prospect of reaching the interzone finals in Davis cup competition today were materially weakened by the unexplained action of the English Lawn Tennis association in dropping H. W. (Bunny) Austin from the international squad. Charles Kingsley, member of the 1924 Davis cup team, was named to fill the vacancy.

Austin has been on every Davis cup team since 1926 and has scored victories over the leading European and American players.

Although no explanation was made, it was generally believed Austin was dropped because of the lack of stamina he has displayed in recent matches.

# QUIET PREVAILS IN OHIO PENITENTIARY

COLUMBUS, O., May 2.—(UP)—Quiet prevailed at the state penitentiary today after considerable excitement had been caused by a fire in a tent outside the barbed wire stockade were 800 unruly prisoners were confined earlier this week.

Prison officials first believed a convict set the blaze but it was said later a cigarette, apparently carelessly dropped, caused the fire. National guardsmen patrolling the stockade quickly extinguished it.

No other disturbances were reported inside the prison, which has been quiet since more than 1300 convicts in the white city cell block were segregated Wednesday evening.

Here at the clubhouse Supervisor William Schumacher will talk on roads and later F. E. Merriam, of Long Beach, candidate for lieutenant-governor of California, will give the address of the evening. The Fullerton union high school band will furnish music at the clubhouse and lend the parade.

Women of the club will serve dinner at the clubhouse. An old-fashioned square dance will be given at the Masonic hall, to be followed by modern dancing. The entertainment committee of the Masonic lodge is in charge of this.

# Be Sure and See Our Style Display of STRAWS

—Our entire front is given to this display

Sennits like the one pictured will be popular for the man who likes a hat with a set brim. "Your" shape is here.

\$3.50 \$4 Stetsons \$5

Milans and Leghorns in this shape are just right. Most of them with pastel, pugaree bands. These soft straws are easy to wear and good to look at.

John E. Hartman, 23, Los Angeles; Mary Fae Hartman, 23, Los Angeles.

Paul J. Covey, 37, San Jose; Lillian A. Capps, 30, Culver City.

## DEATHS

### A WORD OF COMFORT

While you live in the flesh your physical life must be cared for and sustained. You should be just as interested in your mental health as in your bodily welfare. While there is relationship and interaction between them, you are quite conscious that they are in a measure independent of each other.

The spiritual life is as real an entity as are the physical and mental, and it develops capacities which seem to have small dependence upon body and mind.

Even if you are ill or crippled, even though you cannot think through all the mysteries of life, you may commune with God and live close to Him. It is this central part of your being which survives death. It is you yourself, who have used mind and body as your tools, who live on forever. You could not die, even if you wanted to.

Miguel Del Mercado, aged 16 years, son of Mr. and Mrs. Gabriel Mercado, of 1719 West 1st Street. Funeral services will be held from the Guadalupe Catholic church tomorrow morning at 10 o'clock under the direction of Winbiger's funeral home. Interment will be in Santa Ana cemetery.

CRILL—At her residence on Palm Avenue, Garden Grove, May 1, 1930, Mrs. Jessie Armstrong Crill, aged 46 years, wife of John W. Crill, and a daughter, Eleanor. She also survived by four sisters, Mrs. George H. Crill, of Upland; Mrs. W. C. Hunt of Ventura; Miss Armstrong of Santa Monica; and Mrs. William Sellards of Palo Alto and one brother, J. L. Armstrong of Redlands. Services are to be held from the Winbiger's funeral home, Monday, May 5, at 10 a. m.

## OFFICERS ARE MYSTIFIED BY HIETT GETAWAY

When the case of Pearly Hiett, charged with using a bank check with intent to defraud, was called in Judge G. K. Scovel's court this morning, his attorney was present but no one could find the prisoner.

It developed on investigation that Hiett had not waited for the trial. He escaped yesterday from the Orange County hospital.

Hiett, soon after his arrest, was sent to the Orange County hospital for treatment. He was on crutches, suffering from a bone disease, it was reported.

Yesterday afternoon he was taken to the hospital clinic for treatment and has not been seen since.

A. L. Steward, deputy sheriff, made an investigation, he reported today, and learned that Mrs. Hiett was in the hospital at about the time her husband disappeared.

She was brought to the sheriff's office for questioning but released when she claimed not to have seen her husband.

Hiett was arrested on a charge of issuing a bad check for \$625 to John Muller, of Santa Ana.

## FLIES IN FAR NORTH

Penetrating into what is believed to be the northernmost point ever reached by a woman flyer, Mrs. Jeanne Gilbert, Vancouver, B. C., aviatrix, has located at Fort McMurray, 330 miles north of Edmonton in the very shadow of the Arctic Circle. From Ft. McMurray she will assist her husband, Walter E. Gilbert, in a number of mineral exploration expeditions. Mrs. Gilbert was the first woman to be granted a full pilot's license in Vancouver.

NEA

## SURVEY PROVES EXCELLENCE OF NEW P. O. SITE

That the new federal building in Santa Ana will have one of the best foundations possible was indicated today by a survey of the strata under the site at Seventh and Bush streets, which is being completed by J. L. McBride, engineer appointed by the treasury department to supply information on the property.

McBride tonight will wire to W. R. Newman, district engineer for the treasury department, in San Francisco, the results of his study. It is expected that Newman or one of his deputies will be in Santa Ana in the near future to examine the results of McBride's work.

A hole four feet wide and over 11 feet deep has been dug in the backyard of the James Metzgar property, on North Bush street, revealing that the soil for a depth of eight feet is followed by a layer of Santiago creek sand and gravel. This gravel layer is said to be the best possible type of foundation for a large building, inasmuch as it packs solidly under pressure.

T. E. Stephenson, postmaster, examined the hole and the cross-section of the soil exposed today as preparations were being made for continuing down five feet more with a smaller hole. A casing about 14 inches in diameter was driven down as the smaller hole was made. It was anticipated that the same type of sand and gravel would continue for a depth of several feet more.

An interesting fact revealed by the digging was the depth to which a walnut tree root will travel. A young tree located eight feet from the hole had sent roots down which were cut off as the hole was dug. The workers thought they had gone

beyond the root depth, but when they came to the gravel layer they discovered that a root from one to two inches in diameter had followed almost straight down the edge of the hole. The root then turned through the gravel strata, branching out and continuing still further down. The end was not found at the 11-foot depth.

Additional signs of activity on the postoffice site will be seen in the near future with the moving of homes on the property. Mrs. Cora Williams, 607 Bush street, probably will have her home moved early next week to a lot on Olive street, near Third. Metzgar has purchased property on Durant street, near Twentieth, where he will move his home as soon as the Williams residence has vacated its site. The presence of trees prevents the removal of the Metzgar home before the Williams house has been taken away. The Williams Besser home, at the corner of Sixth and Bush streets, also will be moved in the near future.

A relic of the days before Santa Ana had a water system in all parts of the city was pointed out at the rear of the home occupied by the Rev. Perry E. Schrock, pastor of the First Congregational church. An old concrete cistern, no longer used, still remains beside the house, covered with a heavy wooden "hatch."

## Alleged Burglar Is Lodged In Jail

Refugio Sanchez, 18, of El Modena, charged with burglary, was arrested there last night by George Bartley, constable, and is being held in the county jail.

He is charged with entering the home of Nabor Luna, of El Modena, several days ago and stealing two wrist watches, \$5 in cash and a pistol. Part of the loot has been recovered.

Sanchez probably will be taken to Orange this afternoon for arraignment.

## PLAYLET GIVEN AT W. C. T. U. MEETING

TUSTIN, May 2.—Twenty-five members were present at the regular meeting of the Tustin W. C. T. U., held yesterday in the home of Mrs. J. O. Preble on East Main street.

A short playlet, "The Union Signal Wins by Merit," was presented by the following members: Mrs. C. A. Miller, Mrs. William Hazen, Mrs. Genevieve Whitney and Mrs. Curtis Greenwood.

Following the introduction of four new members, two piano duets were given by two of the members, including "No Surrender" and "Evening Song." Mrs. Emma Knapp gave a piano solo, "To a Wild Rose."

Due to the absence of the president and the first vice president, the meeting was presided over by Miss Stone, second vice president. The next meeting will be held June 5 in the home of Mrs. William Sattawhite, South Pacific avenue, Tustin.

## BANQUET PLANNED

TUSTIN, May 2.—Sixty-two members of the Pythian Sisters met in the K. of P. hall last evening for a pot luck supper. Announcement was made that the next regular meeting will close the membership contest, when the two losing sides will present the winning team with a banquet.

## LANDMARK OF EARLIEST DAYS HERE TO PASS WITH RAZING OF SOUTHERN PACIFIC DEPOT

Another relic of early Orange county history is passing—in fact a relic of the days before there was an Orange county. The old Southern Pacific depot, at West Orange, built in 1877, is being demolished. It will not be replaced. Orange county was formed in 1859.

For many years the station was the main shipping point for the city of Orange. Stages and wagons travelled back and forth between the town and the depot. Ed Honey, of Orange, was one of the early stage drivers.

Anaheim was the first town to be the terminus of the Southern Pacific in Orange county. Work of building the road from Los Angeles was

begun in the winter of 1873 and 1874. On Jan. 17, 1875, the city celebrated when the first train arrived, according to T. E. Stephenson, postmaster of Santa Ana and authority on Orange county history. The line then was extended to Santa Ana.

The bridge across the Santa Ana river was built at a cost of \$40,000. It included room for wagons on the seat of the tracks. The railroad company and the county divided the construction cost equally. The bridge was in use until about 1898.

J. A. Smiley, of West Orange, has purchased the old depot. The manner in which he will use the lumber from the pioneer structure has not been revealed.

## Arabian Horses Entered In Show By Kellogg Ranch

The finest Arabian horses in the United States will be on exhibition

at the American Legion Benefit Horse show, to be held at the Orange county fair grounds Saturday and Sunday.

The W. K. Kellogg ranch, at Pomona, an organization devoted to perpetuating and perfecting that breed, which has a number of entries in the show, has imported registered Arabian stallions and

mares from England and the desert itself, by which they hope to preserve the purest Arabian blood and contribute to the perfection of light saddle stock in the United States.

Nasik, imported Arabian stallion; Jadaan, the late Rudy Valentino; mount in "The Son of the Sheik;" Rossana, 4-year-old mare; Antez, Rifa, Rimal and several others, all

registered imported Arabians, will be included in the Kellogg entry at the Horse Show.

### IRVINE

IRVINE, May 2.—Mr. and Mrs. Bruce Stockton and children, Lois Mae and Kathryn, Betty Boosey,

and Mrs. Stockton's father, Mr. Rouse, and their friends, Mr. and Mrs. Ernest Walton, and two children of Lomita, enjoyed a picnic at Huntington Beach Sunday.

Mrs. Sam Draper and her little daughter have returned to Pasadena Sunday after spending a week with her parents, Mr. and Mrs. Eddie Sears, of the San Joaquin

fruit ranch. During the last week, rose bushes and shrubs have been planted along the sides of the overhead crossing.

Mr. and Mrs. William Kellams and children, Wilda, Beth and Billy, were Thursday evening dinner guests in the home of Mr. and Mrs. Ralph Stone.

## MANY VISITING OFFICERS ARE S.A. TELEPHONE NOMINATED BY OFFICES TODAY S.A. LIONS CLUB

Many persons are visiting the Pacific Telephone and Telegraph company's central office building today, at the open house demonstration being held from 10 a. m. to 5 p. m. A number of prominent Santa Ana citizens and many school children appeared during the day to witness the details of telephone operation. Manager E. S. Morrow expressed his appreciation of the interest shown in the telephone system.

The visitors are being received in the business office and from there taken through the central office by representatives of the telephone company. Countless questions are being asked and answered regarding the equipment. Guests are having

Telephones patented in 1878 and used for a number of years by the late D. Edison Smith on his ranch on West Washington avenue, here, were exhibited at the meeting of the Lions club, yesterday, by E. S. Morrow, district manager here for the Pacific Telephone and Telegraph company.

The phones formerly owned by Smith, Morrow said, were used for service between his residence and his barn on the ranch property, and when more modern equipment became available Smith discarded the out-of-date pieces and donated them to the museum of the telephone company.

Morrow pointed out many interesting sidelights on the developments of the company since the early inception of telephone service.

Musical numbers were presented by the Misses Beverly and Margaret Cogswell, known as the "Harmony Singers," and Mrs. Ruth Garrison, all employees in the Santa Ana office of the telephone company. Miss Lucille M. Huston, also a member of the staff, accompanied the singers.

Frank Miller presided as program chairman. Nominations were made yesterday for officers of the club, to be elected at the meeting two weeks hence, as follows:

President, Homer C. Chaney and Dr. G. C. Ross; first vice president, the Rev. Perry F. Schrock and W. H. Hilliard; second vice president, Carson Smith and George Platt; third vice president, Rodney Bacon and G. K. Rogers; secretary, E. M. Sundquist and D. H. Betten; treasurer, W. S. Spicer and Frank Miller; hon. tamer, Harold Yost and H. R. McVay; taltwister, Harry Hansen and Burr Shafer; directors, two to elect, C. S. Crookshank, Charles Marble, Frank West and Ray Adkinson.

### DOUBLE FLOUNCE

Molyneux makes a new evening wrap of white satin, with two circular ruffles giving a cape effect in the rear. It has a scarf collar that can be tied or left hanging loose.

ing the opportunity to see the operation of different units of equipment involved in the completion of a telephone call. Each step, commencing with the removal of the receiver from the telephone hook and continuing to the completion of the call, is traced.

The Santa Ana central office, in service since August, 1924, is now connected with more than 7111 telephones. Since the first of the year more than 140 telephones have been added to the Santa Ana exchange.

Eight cities will contest tonight and tomorrow night in the 4th annual tournament of one act plays—Temple theater, 3rd and Bush. See them act!—Adv.

## Just Went From One Pill to Another

J. S. SADLER

"I spent thousands of dollars in the past ten years trying to overcome chronic stomach trouble. My nights were misery on account of sleeplessness, and as far as constipation goes, my life the past few years has been 'just one pill after another.' I wouldn't take \$1,000 for the good Sargon did me. I haven't the least stomach trouble of any kind now."

"Sargon Soft Mass Pills put an end to my constipation." — J. S. Sadler, 1127 Ross St., St. Paul, Minn.

Sargon's aim is not mere temporary relief, but new and abundant health. Don't experiment—profit by the experience of others.

## CHEST DRIVES FAIL IN THREE FLORIDA CITIES

Three communities in Florida failed this spring to reach goals set in their Community Chest drives, it was revealed to R. R. Miller, manager of the Santa Ana Chest, in a report just received from national headquarters.

Efforts of Jacksonville to finance the Chest on a monthly pay basis has proven unsatisfactory, according to the headquarters report, with the result that leaders are pessimistic as to the future. The opinion is expressed that the failure has been due to business conditions, although conditions in Jacksonville are said to be more stable than in either Tampa or Miami.

In the Tampa campaign, with a goal of \$114,000, less than \$100,000 was raised in the first attempt. A second and third canvass brought the total to \$104,662. Attempt to reach the quota will be made through benefit programs, such as bridge parties, charity balls, and special memberships.

Miami has decided on a program

of supplementary financing, as three efforts failed to produce pledges to the required amount of \$169,505. The total subscribed was \$120,000.

"Failure of the Chests in the three cities doubtless can be laid chiefly to the disheartened mental attitude of the communities, following the long list of economic tragedies with which the cities have been visited, through boom, deflation and, in some cases, hurricane," says the report.

## NAB FIFTH MEMBER OF ASSERTED GANG

An Anaheim youth, wanted here as a member of an asserted burglary gang, was arrested yesterday in Calipatria and brought back to Santa Ana by Deputy Sheriffs Leach and Buckles.

Four other youths, charged with burglary, were arrested here several days ago and are being held in the county jail pending a hearing in Justice Kenneth Morrison's court at 9 a. m., May 6. The "gang" is accused of entering six Orange county homes in the last several weeks.

## TALK ON ETHICS MADE BEFORE UNDERWRITERS

Unanimously voted the best meeting of the Orange County Life Insurance Underwriters' association held in several months, the gathering of the organization last night in the Santa Ana cafe was made up of over 40 members and their wives, from all over the county.

After the business meeting, presided over by T. J. Hunter, of Santa Ana, Rolie Hays Jr., program chairman, took charge of the meeting. James Sewell, well known in Orange county musical circles, sang two solos, accompanied by Miss Helen Lutz.

Hays introduced A. B. Carter, secretary of the Los Angeles Life Underwriters' association, who told of the progress made in that organization since January 1.

A. B. Carter, vice president of the National Life Underwriters' association, who is considered an outstanding authority on principles and ethics of underwriters' work, spoke on the accomplishments of

the national association. Fred C. Hathaway, manager in Los Angeles for the Mutual Life Insurance company, of New York, was the principal speaker. His address was on the subject of ethics in the life insurance business. He is president of the Los Angeles Life Underwriters' association, which is considered the most progressive in the United States.

The Hays agency, Orange county representative for the Mutual company, was responsible for the program. The next meeting of the organization will be held in the Santa Ana cafe on June 1, when the program will be handled by the Northwestern Mutual Life Insurance agency here.

## TOURIST KILLED BY HIT, RUN MOTORIST

LAS CRUCES, N. M., May 2.—(UP)—A widow and two small children were stranded in Las Cruces today after death of L. B. Anderson, 55, a tourist on his way from Auburn, Calif., to Kansas City. Anderson was struck and killed by a hit and run motorist on the road near Las Cruces.

Authorities were attempting to locate relatives of Anderson's widow to secure financial aid for her.

## SCORES GATHER TO PAY TRIBUTE TO E. E. VINCENT

Scores of friends gathered this morning at the flower-strewn bier to pay their last respects to E. E. Vincent, prominent in business, financial and civic circles here for 23 years, who passed away Tuesday, April 29, at the age of 67 years. The impressive funeral service was held in the Smith and Tutill Funeral parlors at 10 o'clock this morning.

With the Rev. Walter Scott Buchanan, pastor of the First Christian church, and the Santa Ana lodge, No. 241, F. and A. M., of which the deceased was an active member, officiating. Mr. Vincent was a Shriner and a member of the Al Malaikah temple, of Los Angeles. Elmer S. Hinds, worshipful master of the Santa Ana lodge, read the Masonic ceremony after the funeral service in the parlors. Members of the Knights Templar, of which he also was a member, marched to the service in a uniformed body. The Rev. Mr. Buchanan paid tribute to the dead in a brief, sympathetic address. He interpreted the twenty-third Psalm, a favorite Biblical chapter of the deceased, over which Mr. Vincent had written, "When you are lonely and fearful, read the twenty-third Psalm," in the light of the resurrected Christ.

"This is a happy occasion," declared the minister. "Death is not here. We are not in the presence of Death, we are in the presence of Life. We call it Death; He has called it life. We call it sorrow; He has called it joy. Sixty-seven years has our friend walked on earth; 67 years has he listened to the voice of God; 67 years has he mingled with us here.

"For a period of 44 years he has been by the side of his wife and we say that now separation has come. It has come, but only for awhile. We all meet joys and sorrows and disappointments. For 23 years Mr. Vincent was here in Santa Ana and you men and women testify to his manliness, his fine companionship and his true trust as a citizen. I am not here to preach a sermon, he preached a sermon during his life. He was not prepared for death, but he was prepared for the new life that he has entered. His message today to you, his friends and his family, is this, I am not dead, I live."

Robert Brown furnished the vocal selections, singing "Rock of Ages" and "Nearer My God to Thee." He was accompanied at the piano by Miss Ruth Armstrong.

Interment was made in Fairhaven cemetery.

Mr. Vincent is survived by his widow and one son, Roy E. Vincent, former owner of the Vincent Manufacturing company here and now operator of a large ranch property at Springville.

Mr. Vincent came to Santa Ana in 1908 from Clay Center, Kansas, where he was engaged for many years with his two brothers in the hardware business. He started a hardware establishment here with J. H. Finley, later disposing of his interests to become one of the organizers of the Citizens' Commercial bank. He remained in official position in the bank until it became a branch of what now is known as the Security First National bank of Los Angeles. He then became active in organization of the Reliance Title company, of which he was president at the time of his death.

## TOM THUMB COURSE CHANGES OWNERS

W. G. Clark and Charles Blackburn have purchased J. S. Lewis' interest in the Tom Thumb miniature golf course, at South Main and McFadden streets, Santa Ana, and will become partners of W. H. Dixon in its management and operation. It had been announced today by Dixon, who built the course.

Clark, who will take over management of the miniature golf course, was manager for seven years of the M. O. D. packing house, in Tustin, which he established. Blackburn is manager of the Orange County Paint company.

Dixon also has Tom Thumb golf courses in operation now in Fullerton and Whittier and several others are in course of construction. Dr. W. H. Wickert is associated with Dixon in ownership and operation of the Fullerton course.

## HUSBAND ARRESTED FOR DEATH THREATS

LOS ANGELES, May 2.—(UP)—Thomas E. Fitzgerald, 26, machinist, was arrested by deputy sheriffs today after his wife, Loretta, flew here from Bakersfield for protection.

Mrs. Fitzgerald said she separated from her husband several months ago and started action for

## Bad Roads Force Postponement Of Forest Field Trip

The annual forestry field tour, under the auspices of the extension service of the University of California, the Orange County Farm bureau and the Orange County Forestry Protective association, which was scheduled for tomorrow, has been postponed until May 17, it was announced today by W. M. Cory, deputy farm advisor.

The trip, for which many reservations had been made and which had aroused great interest, will be made on the same schedule as originally planned when it is made on the new date.

Recent rains have made the trail over the top of the Santa Ana mountains too slippery for safe use of the long caravan which will make the trip. It was reported to Cory this morning by H. R. Valentine, U. S. forest ranger for the district.

## TO REORGANIZE WORK OF FARM BUREAU BODIES

Approval of a proposal to reorganize the work of the Farm bureau committees to secure more attention for definite projects, authorization of employment of an additional worker in the bureau office, election of directors to the Associated Chambers of Commerce and discussion of the possibility of organizing a women's department occupied the attention of directors of the Orange County Farm bureau in their monthly meeting yesterday.

The session was held in La Habra, on the invitation of F. D. Halm and John Knudson, directors, who live in that city. Major efforts of the bureau during the coming year will be along project work, it was decided, and more attention will be given to this important phase by committees and through the monthly publication. Co-operation of committees was furthered when a request of the membership and publicity committees was granted which will enable them to work together although maintaining their separate identities. Other important committees which will be included in the program are water conservation, tax relief, reforestation and fire control and ways and means. Employment of a secretary to assist in this work was authorized by the board. The new employee will assist R. D. Flaherty, executive secretary of the organization.

Earl Campbell, J. A. Smiley and Flaherty were elected as directors to the Orange County Associated Chambers of Commerce.

A plan to organize a women's department of the bureau was discussed and a committee composed of Campbell, Flaherty, J. W. Crill, W. M. Cory and E. E. Eastman was selected to confer with two delegates who had been sent by the bureau to the recent women's conference in Berkeley. This group will meet the delegates, Mrs. S. W. Stanley of Tustin, and Mrs. T. W. Clark of Cypress, in the Farm bureau office next Monday, for a report and survey of the work of home demonstration agents.

The board accepted a challenge to a baseball game from the San Bernardino Farm bureau, to be played at the annual picnic of the challengers in Chino, on June 7. H. J. Hinrichs and E. E. Eastman were named as a committee to make arrangements for the event.

Members of the board were guests of the La Habra Kiwanis club at luncheon and Campbell, president of the bureau, was the speaker of the day. In his address he told of the work being accomplished by the law and utilities department of the State Farm Bureau federation. He gave illustrations of instances where cases had been kept out of court and settlements made with public utilities concerns through the efforts of this department. He also mentioned the county reappraisal proposition and declared that the Farm bureau was not opposed to such an undertaking if it could be worked out on a practical basis. John Osterman reported to the board during its sessions yesterday that the estimated grain production this year would be cut to about 150,000 or 175,000 bags. He based his estimate on the fact that the recent rains were too late to benefit the crops. He reported that about half of the county hay crop was cut at the present time.

divorce. Several times, according to the wife, Fitzgerald attempted to effect a reconciliation and threatened to kill her when she refused.

On April 29, it was charged, Mrs. Fitzgerald left Bakersfield in an automobile and her estranged husband suddenly appeared as the car made a turn on the Ridge route. Mrs. Fitzgerald claimed he fired a shot from a revolver so close to her face that she suffered powder burns. Then, Mrs. Fitzgerald said, her husband forced her to drive back to Bakersfield, where she finally managed to escape from him.

## Court Notes

Petition for probate of the will of W. W. Halesworth was filed with County Clerk J. M. Backs yesterday afternoon by Martha Halesworth, his widow, who was named executrix of the estate in the will. The document, which consists of but 93 words, disposes of the entire estate, which the petition states is of a value "exceeding \$10,000," giving it to his wife. The will was made November 30, 1922.

Executors of the estate of Nannie R. Runyan yesterday filed in superior court a complaint against Kate Cornelius, et al, for foreclosure of a mortgage on property in Santa Ana. Judgment is asked in the amount of \$3900, principal of a promissory note for which the mortgage was given as security, interest from April 2, 1929, \$471.41 paid out in taxes on the property, attorney's fees and other minor items of cost.

Asking annulment of marriage, Jessie L. Pinching has filed a complaint in superior court against Russell M. Pinching. The complaint alleges that the ceremony was performed in Las Vegas, Nev., on March 6, 1929, while both parties were intoxicated. It is alleged that the plaintiff was mentally incompetent at the time to contract marriage and never has consented to marry the defendant. It also is alleged that persons purporting to be friends of the couple persuaded the plaintiff to enter the marriage contract and that they induced her to drink a large quantity of wine.

Petition for probate of the will of Hugh A. Scott, which was filed with County Clerk J. M. Backs, today, by the administratrix of the estate, Evelyn A. Scott, places the value of the estate to be disposed of as not in excess of \$4000.

A Sanchez and Frank Larkin appeared in superior court today before Judge G. K. Scovel upon completion of their terms of probation and, with the approval of the probation department, withdrew their previous pleas of guilty to charges placed against them and entered pleas of not guilty. The cases then were dismissed upon motions made by District Attorney Z. R. West, in furtherance of justice. It had been shown that all terms of probation had been complied with.

ADOPT TRAIN RADIOS  
Another country has fitted a few of its railway trains with radio receivers. It is Australia, which has so equipped trains running between Sydney and Melbourne and between Sydney and Perth. The latter is a run of 5767 miles.

## Americanization Classes Started

ATWOOD, May 2.—The regular schedule of Americanization classes

at Atwood began this morning with Mrs. Vern Adams as teacher, under the supervision of Miss Drucilla Mackey of the Fullerton Union high school.

Mrs. Adams has been working for some time organizing the

classes and preparing the building on La Paloma street. Classes include instruction in sewing, cooking, English, music, athletics, home making and gardening. The cottage contains a kitchen, dining room, sewing room and a large class room. Pupils of the school have done the decorating, painting the rooms and furniture. Classes will be held Monday, Tuesday, Wednesday and Thursday. Preparations are being made to organize a similar school at La Jolla.

### HUNTINGTON BEACH

HUNTINGTON BEACH, May 2.—Mrs. Genevieve Anderson leaves this week for Oakland to attend the state convention of P.E.O. Mrs. Anderson is president of the local chapter.

Mrs. May S. Jackson, Mrs. Helen Brock and Mr. and Mrs. A. W. Frost represented the Huntington Beach Chamber of Commerce at the meeting of the Associated Chambers of Commerce in Yorba Linda Tuesday evening.

Mrs. Margaret Colvin, retiring president of the P.-T. A., and Mrs. Mildred Ridenour, the president-elect, will leave Tuesday for Riverside to attend the state P.-T. A. convention.

Mrs. Agness Marshall of the United Realty Real Estate company office has been confined to her home for the past few days suffering from an attack of influenza.

Mrs. Roy Patrick returned this week from a two months visit with relatives in Texas and Oklahoma.

Mr. and Mrs. C. H. Howard, of Pomona, spent Tuesday and Wednesday visiting in the home of their daughter, Mrs. Roy K. Smith.

C. B. Baldwin, superintendent of the elementary school, has been confined to his home by illness for the past week.

Mrs. Patrick returned to her home in Los Angeles this week after spending the past several weeks in the home of her son, Roy F. Patrick, at the Huntington Beach ranch house. Mrs. Patrick came to the beach to recuperate from a recent serious operation.

Mr. and Mrs. A. H. Dixon had as their dinner guests Monday Mr. and Mrs. F. B. Owen of Los Angeles.

Miss Lella Everett, student at Fullerton junior college, spent the week end with her at the family home on Frankfort street.

Everett Ford, of Downey was in the city Monday looking after his east side property.

At the home of Mr. and Mrs. R. A. Nichols, 730 Main street, the W.C.T.U. gave a May morning breakfast Thursday morning honoring Mrs. E. T. Latimer who has been president of the organization for the past two years and who is moving to Laguna to make her home.

Mrs. S. Siracusa and daughter, Isabella, and son, Billy, have returned from a week's visit with Mrs. Siracusa's father and brother in San Francisco.

Mrs. Jack Frost has returned from the hospital at Santa Ana and is recuperating at the home of her parents, Mr. and Mrs. W. T. Newland. Mr. Frost, who was here on his vacation trip has re-

## ENGLAND LIKES GLIDERS

The thrilling sport of gliding is now sweeping England as it has America. Here you see Amy Johnson, young British aviatrix, just after she completed her first glider flight from Wendover. Note the "cockpit" of the tiny ship. Miss Johnson plans to start soon on an airplane flight from England to Australia.

turned to his work at Ventura. Clarence Williams, who has been working at Hemet, has returned for a vacation.

Mr. and Mrs. George King, of Santa Ana, came to Huntington Beach Tuesday night to enjoy the waffle supper at the Methodist church given by the Ladies Aid society of the church.

Mrs. Bertha Reynolds will be the guest of her mother on a trip to Honolulu. They will leave here May 31. The trip is a birthday gift to Mrs. Reynolds from her mother.

### WESTMINSTER

WESTMINSTER, May 2.—The Rev. Thomas Walker, pastor of the First Presbyterian church, Anaheim, occupied the pulpit at the local Presbyterian church Sunday Morning and the local pastor, the Rev. R. A. Weld, went to San Juan Capistrano for the same service in a county-wide exchange of pulpits. A vocal solo was presented by Mrs. Anna Campbell.

Announcement was made of the Happy Workers' regular monthly meeting Wednesday at the church hall with the public dinner in connection which is being given by Mrs. R. E. Larter's committee.

The congregational meeting of the local church to be held on next Sunday evening was announced. At this time a committee to see

about getting a minister to take the place of the present pastor, whose resignation takes effect soon, will be appointed.

Members of the Owls' club were entertained Saturday evening at a chop suey supper given by one of the members Mrs. A. G. Snow, 13 being present for the delightful social affair.

Members and their husbands present were Mr. and Mrs. Fred Basse, Mr. and Mrs. Charles Parr, Mr. and Mrs. Clyde Day, Mr. and Mrs. Chester Campbell, Mr. and Mrs. Orel Hare, Mr. and Mrs. D. D. Campbell, Mr. and Mrs. George Clough and visitors were Mr. and Mrs. Francis Penhall, and the hosts, Mr. and Mrs. Snow.

Rose Basse and Mary Eastwood were entertained by Phyllis and Vallery Snow the same evening their parents were giving their party.

George Bitts, of Inglewood, called on former local neighbors Sunday afternoon. Mr. and Mrs. Bitts were the first owners of the present Loomis property, moving from here three years ago.

Mr. and Mrs. Francis Penhall and sons, Marvin and Adelbert, and Mrs. Penhall's parents, Mr. and Mrs. Joe Walton, motored to the H. H. Cole home at Arlington as guests Sunday.

Mr. and Mrs. O. J. Day and family were entertained as guests Sunday at Villa Park by Mr. and

## Poultry Raisers Warned Of Frauds

BERKELEY, May 3.—Professor Emeritus M. E. Jaffa, director of the state bureau of foods and drugs, located on the University of California campus, today issued a warning to poultry raisers of the state against quick remedies for chicken diseases for which no adequate drug treatment is known.

The warning was issued following the receipt of a communication from the U. S. department of agriculture concerning the work of Dr. H. E. Moskey, veterinarian in the food, drug and insecticide administration. This communication calls attention to the fact that there are 10 diseases of poultry which, so far as is known, do not yield to treatment with drugs or mixtures of drugs, and all patent remedies claiming to be cures of these are illegal.

Mrs. Lloyd Edwards, Mr. and Mrs. Frank Von Uden, Mr. and Mrs. Robert Falcke and Mrs. May Spangler attended the L. O. O. F. celebration in Long Beach Saturday, marching in the parade this evening as representatives of the local lodges.

Many local Odd Fellows and Rebekahs plan on attending the annual lodge picnic, which is being held for the district in Turnbull canyon next Sunday.

## Look Beyond Our Size

This statement, published in accordance with our usual monthly practice, demonstrates a continuation of the consistent growth which has advanced Pacific States Savings to its position as second largest building and loan association in the Nation. But it carries a message of much more importance than mere size to those with prudent tendencies.

It shows the maintenance of the long conservatism and stability which, through 41 years, have been the motive power back of our growth.

Of greatest significance, it shows that Pacific States Savings is growing in strength more rapidly than in size—that our reserves are increasing in greater ratio than our resources.

On the basis of the statement, we solicit the use of our convenient 6% facilities for savings by individuals, firms and corporations; executors, trustees and guardians of minor children, and other legal custodians of funds, all of whom are empowered by law to place their funds here. We invite large and small funds.

## FULLERTON PERMITS FOR MONTH \$32,985

FULLERTON, May 2.—Building permits in Fullerton during April amounted to \$32,985. Five new residences and a super-service station composed the major portion of the building during the month. The total for the same month of 1929 amounted to \$100,912, according to Grover L. Walters, building inspector.

For the first four months of 1929 the total was \$455,257, as compared with \$181,550 for the present year. Prospects for May are bright with several new structures in view. It was pointed out that the large total for last year was due to several large projects which were begun at that time.

### LAGUNA BEACH

LAGUNA BEACH, May 2.—Mrs. J. W. Bishop, of San Bernardino, has moved into her summer home, which is located near the school. Mr. Bishop accompanied her but returned to San Bernardino.

Mr. and Mrs. W. W. Walker, of Duluth, Minn., and George Mance, of Pasadena, have taken the Elliott house for two weeks.

William E. Brown, who has a house on the ocean front, but who is now in Australia on a lecture tour, has written to friends here of his interest in the work of the Garden club in getting trees planted and the city beautified.

Mr. and Mrs. W. W. Robinson, parents of Irene Bowen Robinson, were week end visitors. They came from Riverside.

Mrs. Freda McArthur has as a visitor her mother, Mrs. Mabel McCoy, of Boulder, Colo. Mrs. McCoy is so well pleased with the city that she has taken an apartment and expects to remain for some time.

The Misses Edith, Anne and Anne Johnson, Los Angeles, had recent visitors at their home here. Mrs. Helen Peasley, vice principal of Manual Arts high school; Mrs. Matthew Trummer, head of the English department, and Mrs. Charles Field, and J. A. Strong, of Alhambra, is

building a summer home on Avenue 4 adjoining that of his friend, Dr. F. O. Koida, of Alhambra.

Harold T. Staley has returned from a visit of three weeks with friends at Hot Springs, N. M. Furniture for the newly completed home of Mr. and Mrs. George C. Sager, of Los Angeles was installed this week.

LAGUNA BEACH, May 2.—Mrs. Oscar Waring, Mrs. Nellie Hawley, Mrs. George Garbarino, Mrs. F. D. Pettes and Mrs. Ethel Burns, the latter past president, and Mrs. Abe Johnson, president, have returned from Riverside, where they have been attending the convention of posts of the Woman's Relief corps. All are members of J. W. McKenney post No. 139 of this city.

Contributions to the funds of the American Legion total \$484, according to a report made by Adjutant Ralph A. Frost.

Mrs. Elizabeth Brown writes from Santa Barbara, where she is spending a few days with her son, Merrill.

Mr. and Mrs. Harry Weaver entertained as house guests, Mr. and Mrs. William Pierce and Mr. and Mrs. George L. Stone, of San Bernardino.

Mrs. Grace Lucky and two daughters returned Sunday evening from a sojourn at Hemet.

Mr. and Mrs. Seltzer, of Long Beach, were guests Sunday of Mr. and Mrs. William B. Dyer, of Emerald bay.

Pasadena people are beginning building operations at the north end of the city, among them being Mr. and Mrs. Scoffin, Mr. and Mrs. Phelan and Mr. and Mrs. Lawrence Booth and Ted Cool.

Miss Virginia Woolley has returned from a visit to her brother's home in Hollywood.

Dr. R. J. Dobbs, who will be house guest of Dr. and Mrs. George L. Huntington over the week end, has been engaged as speaker for the Garden club when it meets May 9 in the home of Mrs. James A. Irons.

Miss Mary Riker entertained a dozen friends and neighbors at a dinner given in her home on Coast Boulevard North. Those who gathered as guests were Miss Anna A. Hills, Miss Nellie Hills, Mr. and Mrs. S. A. Hayward, Mr. and Mrs. George Walter, Mr. and Mrs. W. T. Lambert, Mrs. Agnes Grubb, Thomas Gilbert Nottage, Leon

## ON THE JOB FOR 75 YEARS

Seventy-five years service with one company. That's the record of "Soda Ash Johnny" Horan, 92, above, oldest active railroad man, who has been fireman, engineer, machinist, roundhouse foreman and now boiler inspector, since joining the Milwaukee line 75 years ago to load fuel on wood burning locomotives. Horan, who won his nickname by introducing soda ash in cleaning boilers, was the guest at a recent banquet attended by the president of the railroad. His son, William, 63, is an engineer.

Burford and Mrs. Fern Burford.

Mr. and Mrs. R. M. Piety had several house guests over the week end, among them relatives and old friends from Ontario.

where they lived before coming to Laguna Beach. These were Mr. and Mrs. L. L. Sturges and children and Mrs. Annie Hostetter, mother of Mrs. Piety.

Mrs. Hortense Rawn and her mother, Mrs. Victor H. Smith, had as dinner guests Tuesday evening, Miss Eleanor Mae Spencer, Thomas G. Nottage, Peter Rawn, Mrs. Fern Burford and Leon Burford.

Addison Day has returned from a cattle buying trip in Arizona. He has joined his wife and sons, A. P. Day and H. C. Day, who live just outside of the city to the south.

Mrs. Jasper Leck and daughter, Miss Zona, and Mrs. Elmer L. Crawford attended a luncheon given in Long Beach Wednesday by Mrs. Fred Welch.

Mrs. W. B. Palmer is leaving

Sloux City, Ia., May 17 for her home in Coast Royal. Mrs. Palmer will be accompanied by her granddaughter, Gale, who is to make a protracted stay.

Mrs. Theo Winkler, of Santa Ana, gave a bridge luncheon Thursday which was attended by Mrs. Elmer L. Crawford.

### BOLSA

BOLSA, May 2.—Mr. and Mrs. Philip McLain and baby, of Los Angeles, came Saturday as week end guests of Mrs. McLain's mother, Mrs. Edith McMillen, remaining until Monday evening.

Verne Ferguson is on vacation and he and Mrs. Ferguson are taking daily short trips fishing and to various points of interest. The boulevard frontage lot purchased by the Bolsa club for a clubhouse site, is being put in readiness this week for the moving of the clubhouse as soon as final papers are received. The clubhouse site is in the Head tract on Bolsa boulevard.

Mr. and Mrs. John Farnsworth and Mr. and Mrs. William Stennett attended the Odd Fellows' celebration in Long Beach Sunday.

Mr. and Mrs. E. A. Ashley, Mr. and Mrs. William Stennett and Mr. and Mrs. John Farnsworth motored to Arcadia Tuesday evening and were entertained in the home of friends, Mr. and Mrs. Lucas, who gave a dinner party in their honor.

Miss Lucille Radford and Mrs. Clara Sparks visited Sunday in Newport Beach, where they were guests of Miss Radford's brother-in-law and sister, Mr. and Mrs. Kenneth Johnson.

Of interest locally was the marriage of Mrs. Belle Addington, now of Garden Grove, to Charles Olds, of Newport Beach.

A cooked food and miscellaneous

household sale is being given by the Bolsa Parent-Teacher association at the I. D. Wallingford store in Bolsa. The sale is being put on as a P. T. A. benefit to secure needed funds for the treasury of the society.

Mr. and Mrs. Louis Bauer and sons went through the Ford plant at Long Beach Thursday evening.

William Blodgett, of Santa Ana, has rented the home of Ed Evans, south of the Bolsa store on Wright street, and he and Mrs. Blodgett are now located there. Mr. Evans, whose family is visiting in Grants Pass, Ore., has gone to Huntington Park to remain with a son during their absence.

J. D. Shutt spent Sunday visiting with friends at San Fernando. Miss Lucille Radford and Mrs. Clara Sparks spent Saturday in Whittier, where Mrs. Radford had accompanied pupils of her classes in the Garden Grove high school

who were holding contests with pupils of the Whittier high school that day.

Mrs. Dora Ward and Mr. and Mrs. J. C. Farnsworth attended the American Legion card party in Garden Grove from Bolsa on Monday evening.

Ralph Ross and Robert Hazard, who made a business trip to Los Molinas, have returned after an absence of a week.

Mrs. Frye, of Bakersfield, who for 10 days was a guest in the home of her son-in-law and daughter, Mr. and Mrs. Ralph Ross, has returned to her home. Mrs. Frye was ill the greater part of her stay here, but was improved the last few days.

### HANSEN

HANSEN, May 2.—G. H. Peters has received word of the death of his father, who died at the age of

32, at Athens, Ohio.

Many of the neighbors and friends of Mr. and Mrs. D. A. Jones attended the funeral of his father, B. Jones, of Long Beach Tuesday afternoon in Long Beach. Mrs. Jones' father, Mr. Freeman, of Artesia, has been very ill.

W. L. Burch has painted his house.

Mr. and Mrs. A. Piepenbrink, who moved recently on the ranch they purchased of J. Burch, have had as guest, Mrs. Mary Garver, of San Antonio, Texas. This week Mrs. Garver is visiting in Burbank.

When she returns they will make a trip south on a sightseeing trip, visiting places of interest in Southern California and the state of Sonora, Mexico. Last year the three toured Europe. Mrs. Piepenbrink and Mrs. Garver were schoolmates in their girlhood.

Mr. and Mrs. G. H. Treffern drove to Santa Ana Tuesday and were joined by Mr. and Mrs. F. Long Beach.

Treffern. They spent the day at Newport Beach.

Mr. and Mrs. H. H. Hammond entertained on Sunday his nephew and wife, Mr. and Mrs. Andy Hammond, of Pasadena, and their son, Robert Hammond, and family, of Fullerton.

Mrs. Elizabeth Bowman, who lives with her daughter and husband, Mr. and Mrs. W. H. Morgan, has been ill for several weeks. Mrs. Bowman one day recently.

Mr. and Mrs. A. Kelley, of Los Angeles, visited Mr. and Mrs. H. H. Hammond Saturday. The two families were friends in Kansas.

Mrs. Mark Nordstrom and daughter, Georgina, spent a couple of days recently with Mr. and Mrs. Tom Birt in Los Angeles.

Charles Bartlett, living on the Hansen road, has entered a hospital in Long Beach for treatment.

Mr. and Mrs. Bartlett both work in Long Beach.

GRASS CATCHERS

STEEL RAKES

75c

Your lawn benefits! You save time and work! Heavy white canvas. Galvanized iron bottom. Fits any mower.

75c

A well-balanced rake, with 14 straight steel teeth. Has a 5-foot handle. Will not injure tender young grass.

## They Grow in Popularity!

### ALLSTATE TIRES ARE MILES AHEAD!

#### —In Value, Service, Mileage and Popularity

30 x 4.50 BALLOON \$6.65

GUARANTEED!

More mileage, real savings and freedom from worry—just a few of the many reasons why ALLSTATE Tires have, in four years, jumped from 16th to 1st place in volume of sales direct to user. There's that famous tread too—its panther-like grip adds safety to high speeds, traction to hard pulls. Our unconditional guarantee is possible because of these points of superiority:

- 1—Greater Tread Strength
- 2—More Material in Tire
- 3—Super Elastic Cords
- 4—Easier Riding
- 5—Greater Thickness of Tire
- 6—Special Safety Tread

The SUPER ALLSTATE is preferred by those who would pay more if better tires could be bought.

## S. A. PLAYERS TO ENTERTAIN TOURNEY FOLK

In planning for a round table discussion of the various problems confronting Little Theater groups as a feature of the One-Act Play tournament, to open in this city tonight, Harriet Owens Enderle, of the Santa Ana Community Players' association, today stated that the round table will be held in The Barn on Saturday afternoon, beginning at 2 o'clock.

Havrah Hubbard, of San Diego, who again will serve as one of the judges in the tournament, will be the principal speaker, and many important things are promised for this interval, with members of each competitive group adding to the discussion.

At 2 o'clock the round table will yield in importance to a social affair as host players preside at a tea in compliment to the visiting actors. Gladys Simpson Shafer has charge of the tea plans and will make it a musical affair with Miss Allien Lair to plan and present the program. Members of the host association will assist Mrs. Shafer at the tea tables.

Both the round table and the tea will be open to anyone interested in the Players' activities and it is hoped to have a good crowd out to greet the visitors.

Tickets for the Friday and Saturday night one-act programs now

## Jury Unable To Reach Agreement In Burglary Case

The jury which heard the evidence Wednesday in the trial of Bob Williams, Negro, who was charged with burglary, was unable to reach a verdict, according to a report made to Judge James L. Allen, and was dismissed.

Williams, who was arrested by Newport Beach officers in the course of an investigation made concerning burglary in the home of R. H. Summers, offered as a defense against the circumstantial evidence that he was in possession of Mexican coins, that were alleged to have been stolen from trousers of Summers, as the result of a crap game. The case was submitted to the jury at 2:30 yesterday afternoon. It was reported that the vote stood at an even split, six for acquittal and six for conviction, when the jury was discharged.

Attorney Raymond Ray represented Williams in the trial. The prisoner was remanded to the custody of the sheriff following the close of the trial and the case was transferred to the master calendar for resetting.

For summer charm, with a chiffon of lace afternoon dress, an abnthe green straw hat is semi-pictorial in size and has a rippled brim.

are on sale in Santa Ana Book store. Each program will be given in the Temple theater, with Laguna Beach, Sierra Madre, Los Angeles and Santa Monica theater groups to give the opening night's plays.

## PRINCE GREET'S KING

It's just a royal way of saying "Hello, Dad!" For the trimly uniformed young officer pictured above at the head of his troops is Crown Prince Leopold of Belgium, and the sword salute is for his father, King Albert, who sat in a reviewing stand. The occasion was a military parade in Brussels in honor of the Belgian monarch's birthday anniversary.

## NEW BOOKS IN PUBLIC LIBRARY

BY VERA RAMSEY

The name of Ireland casts over us a magic spell. We see green fields blessed by faerie folk. Blue lakes and grim mountain sides are the habitat of magic. The sea is a grim personality that claims many people as its due. All this mystery and beauty is being expressed by Irishmen in their literature. The rhythm and lovely sounds of poetry make it an ideal expression for the soul of Ireland as found in its countryside. In "The Renaissance of Irish Poetry" by David Morton, we have the story of the Irish Movement as it expresses itself in poetry.

In the last half century, Irish literature has offered the interesting spectacle of a national and racial consciousness becoming articulate in a distinctive and beautiful speech. During this time many names have become known to us - William Butler Yeats, John M. Synge, John Stephens, Lady Gregory, A.E. Padraic Colum and many others.

This book deals with the poetry of that movement. It reveals its individual character as a distinctive body of literature with a clearly defined integrity, a peculiar genius of its own. Yet recognizable through its new Anglo-Irish raiment, as the same racial genius which has been at work for two thousand years in Gaelic literature.

When we read the poems included in this book, we are held by their strong emotional appeal as well as by their charm of wild beauty. Poignant sadness grips our hearts, delicate laughter trickles over the pages, and grim tragedy moves us to feelings of horror. The word pictures are vividly colored. Yet all of these colors fit into the artistic pattern of the whole. We are confronted by beauty in its many aspects.

Experiencing the emotions

aroused by such a reading makes our own lives fuller. Love and beauty and sorrow stir us to nobler efforts to bring out of life more of its inherent poetry. Time and again the crowd roared with vehement applause as the magnificent figure of Edward Marshall Hall was seen leaving the Old Bailey after one of his great triumphs as "counsel for the defense." This lawyer, who appeared in almost every famous murder trial in England during the last forty years, was the very man to catch the public eye. Six feet three inches in height, "the Apollo of the Bar," passionately eloquent, alert and daring, he was one of the most dynamic and irresistible of advocates who ever pleaded before a jury. It is of this fascinating man that we read in "For the Defense, The Life of Sir Edward Marshall Hall," by Edward Majorbanks, M. P.

This memoir is not only an unusually full picture of the life of a great lawyer; it is also a record of many famous criminal cases. Marshall's genius for cross-examination, his quickness in seizing on a flaw in the prosecutor's case, his histrionic power, his compassion, and the talent he had for suddenly producing, as if by a conjurer's trick, a new bit of evidence for which his opponents were totally unprepared, all these qualities come out in clear relief in the trial scenes reproduced here.

There is a place for this book in law literature and as the biography of an intensely vivid personality. Moreover, it contains a collection of true stories of crime which it would be difficult to match in fiction. Through the eyes of this great magistrate, we look past the courtroom scenes to the lives of these people involved. We feel their struggles, their victories and defeats, and above all we feel the strong steady, and wise sympathy of their great defender.

A quarter of a century ago, Colonel Frederick Palmer spent several years in the Orient as a foreign correspondent. Last fall, he retraced his earlier itinerary, visiting Japan, Korea, Manchuria, China (with special attention to Peking, Nanking, and Hongkong) and the Philippines. The contrast, as Colonel Palmer has seen it, is tremendous and far-

reaching. What it has meant up to the present and what it is likely to mean in the very near future, he sets down in the simplest human terms in his new book "Look to the East."

Colonel Palmer has written a far-sighted and provocative book on the Far Eastern situation. Basing his conclusions on evidence gathered at first hand last fall, he states frankly that if we do not willingly look to the East we may soon be forced to. No longer is the Orient the puzzle and mystery of old. It has recently simplified itself in very human and bold outlines. What these new appearances indicate, Colonel Palmer sets down with frankness. He writes of Japan's growth as a military and industrial power; of our precarious position in the Philippines; and of the definite wandering of the white man's dominance over the yellow. He has something very definite to say about the missionaries and raises the question is it not time for them to be withdrawn. He records what he has learned within the last few months from conversations with all sorts and conditions of men from the Manchurian border to Manila, putting down what is said but not ordinarily published.

The questions raised in this book stimulate our thought on these important issues. The East is becoming increasingly important in the world, and the time is coming when it can no longer be ignored.

## EL MODENA

EL MODENA, May 2.—Mr. and Mrs. Rambo and two sons, J. C. and Clayton, accompanied by Mrs. Rambo's brothers, Aldrich and Robert Albright, all of Delano, were week-end guests of the Lee Danner

family.

The pre-school examination for children who will enter school next fall was held Monday afternoon in the Roosevelt school building. Dr. Bates of the county health office and Miss Idabelle Durgan and Miss Birch were in charge, assisted by Mrs. Joseph

Bricke and Mrs. Roscoe Schaffert of the local P. T. A. There were 13 children examined. The Woman's Missionary society of the El Modena Friends church held its annual open meeting Friday evening in the dining room of the Roosevelt school building. A dinner was served at 6:30 o'clock

with 165 guests seated at the long tables spread with snowy white linens which were decorated with sweet peas in pastel shades and fern. After the dinner a short program which had been arranged by the program committee was given, as follows: Playlet, "Strictly Private," with Frances Barnett,

Phyllis and Thelma Danner, Katharine Conway, Clara, Martha, Wilma, and Juanita Stanfield taking part; community singing led by the Rev. Joseph Reece; Mrs. Taber of Whittier, a returned missionary, told of the missionary work being done in the Mexican settlement near Whittier; Mrs.

Dorothy Gammack and daughter, Miss Lenora who have recently returned from Central America; duet in Spanish. Mrs. Mary Moody, treasurer for the local society, gave the yearly report. Mrs. Gammack completed the program by relating a few of her experiences while in Central

America. Dr. C. L. Thomas, of Hollywood, and his brother-in-law, Mr. O'Brien of New York, were business visitors in this section Friday. Jacob Krueger, accompanied by his daughter and granddaughter, Mrs. Charles Tucker and Miss De-

lores Rogers, of Orange, spent Sunday at Newport. Mr. Krueger enjoyed fishing off the pier. A warm, soapy lather contains a generous amount of powder whitening is an excellent solvent for freshening paint that does require a fresh coat.

# NEWS OF LOCAL SCHOOLS

## Franklin School

Original Poem

"My kitty sleeps upon the mat.  
She is a pretty little cat.  
Her fur is nice and soft as silk,  
She likes to drink her nice warm  
milk."  
Celia Beaudette.

In Miss Froeschle's room the boys are going hunting for scraps for the wood shop down in the basement. Miss Froeschle goes in her car for scraps at the Whitson Lumber company and the Santa Ana Lumber company. We wish all the lumber companies would save lumber for us.

Hugh Bement.

Friday we are going to have a test on music so we all studied through the week to try and make a hundred. The teacher played the records yesterday to be sure that we would get them right and we all did very well.

Blanche Valenzuela.

We have a new tool box in our work shop. It is a very good tool box and everybody likes it. It holds all of our tools and nails and it has a lock on it. Mr. Paul made it for us.

Dale Heinly.

We were to have a game with Lincoln Wednesday but it rained and we had to cancel the game. We felt that we were going to win. We can hardly wait until next week comes so we can have the game.

J. C. Gaines.

In Mrs. McBay's room the classes are drawing birds. The birds are going to be put in a bird book when they are finished. There are all kinds of birds and Mrs. McBay said they would be very pretty when they are done with paints or crayons.

Erma Swarts.

In Miss Allen's room we had a hard spelling test of 50 words. They are names of the instruments in the orchestra. Mrs. McBay wants us to learn them. She has pictures of all the different instruments.

We are going to have to study especially hard.

Crespin Castello.

Wednesday, May 14, we are going to have company. The bank inspectors are coming to see how Franklin school does the banking. We have a bookkeeper, Jenivee; advisor, Esperanza; inspector, Jennie; cashier, Virginia; teller, Hilma, and doorkeeper, Darrel.

The Flag

The flag, the flag, red, white and blue.

Why not give to it what is due? The thirteen stripes you know what they represent.

The thirteen colonies whom our president made content.

The flag, the flag, red, white and blue.

Let me tell you it is popular, too. Look how the men have died and bled.

Just for the flag, white, blue and red.

J. C. Gaines.

Mrs. McBay chose some children to be in a chorus at the park Sunday. In the high sixth she chose Catherine Eklund, Naomi Sands, Hilma Abraham, Erma Swarts, Adele Pyott, Florence Seeber, Helen Price, Jenivee Bradley, Raymond Nordstrom, Louis Straub, Virginia Valenzuela. In the high five she chose Edith Soper, Blanche Valenzuela, Ellen Dee Blake, Ardell McCullum, Chrystella Boyd, Evelyn Harmon, Dale Heinly, Edward F. Gwendolyn Price and myself.

Irene Johnson.

## Lowell

The fifth grade Harmonica band is going to play at the high school Tuesday, May 6. They are going to play both afternoon and night.

Jack Conner.

Lowell school fair was held at the school Thursday, May 1. Some children brought cooked food, some embroidery, some pets, and others flowers and miscellaneous things. Each teacher had charge of one booth. The judges were at the school at 10 o'clock. All of the children were anxious to see if their things won a prize.

Nelle Harvey.

The school children enjoyed getting ready for the annual fair. All the livestock had to be in cages so they wouldn't run away. All the food and plants had to be cooked or grown by us. The prizes were made of paper, triangular in shape. Our parents and ourselves were allowed to look at the things until 5 o'clock, and from 7 until 9 in the evening.

Walter Swanberger.

In our geography room the sixth grade is studying about Holland. We find Holland is a very interesting country for many reasons.

Mildred McCullough.

All the schools in Santa Ana are having a Music Memory contest. Each school is trying to win the silver cup. Lowell school won the cup last year and we hope we will get it again.

Le Faye Morris.

## John C. Freemont

Monday, April 28, we had an eclipse. Everybody here was all excited over it. Our principal, Mrs. Ritter, even let us go on the roof of the building to see it. We went on the roof at 9:30 a. m. We saw it at its best when the sun was 85 per cent covered. We all saw the corona which looked like a rainbow, only it was round. We all enjoyed seeing it.

Henry Gonzales.

We had a flower show Tuesday, April 29 at Fremont school. One of the front halls was full of tables with flowers on them. The flowers were very pretty. At 10 o'clock the women from the Ebell came. They selected the 12 best vases of flowers and took them to the Ebell clubhouse. There they will select the 12 best vases from three schools. The schools are Logan, Delbi and Fremont. The school that has the best flowers will get a silver cup. We hope we get it.

Jennie Cavoles.

Next Monday the sixth grade is going to the high school for a test on records for music. We are trying to get a silver cup. Last year Spurgeon got the cup.

Benjamin Pimentell.

There are many boys and girls who have brought money for Miss Helen Kellar. We have been more interested in her since she wrote to us and we decided to send some money to help her. She is blind and she has many blind boys and girls that she takes care of.

Susie Jaramillo.

The twelve best vases of flowers in our school belonged to Maria Loya, Ruth Palaselo, Alice Cimceros, Augustine Diag, Daniel Friss, Rachel Benitas, Angelina Delgado, Stella Delgado, Vera Mendez, Lillian Mortasa and Mercedes Pimentell.

Esther Loya.

One of our good teachers had to go to Samoa for a vacation. Miss Horne is going to get the boat in San Francisco the 7th of May. We have a new teacher. Her name is Mrs. Drury. She is

## Roosevelt School

including Chinese Laborers from the U. S. Should Be Vigorously Enforced." On the affirmative were Vincent Spell, Richard McMurray and Jim Pegues. On the negative were Maurice Lyon, James Leo Jones and Thomas Hixon. Judges were in favor of the negative.

Those students who were chosen for the Lathrop Scholarship society are as follows:

Solma Allred, Lillian Brooks, Louise Crawford, Margaret Brugger, Roger Fuller, Enid Kenyon, Dora Lloyd, Esther Downing, Lenore McFarren, James Horton, Jean Mulbar, Raymond Anderson.

Marian Doty, Robert Fowler, Georgia Snyder, Gwendeth Abbott, Velma Brown, Clyde Flies, Tom Hudspeth, Donald Barnett, Mary Anna Baxter, Agnes Bock, Janet Deihl, Ruth Dohmer, Eric Eastman, Glen Gardner.

Richard Gilliland, Genevieve Hansen, Elmer Manning, Edward Wickersheim, Dorothy Garver, Francis Davis, Nadine Johnson, Betty Martin, Dorothy Proctor, Edna Wilson.

## LA HABRA

LA HABRA, May 2.—Councilman John Knudson left Sunday by boat for Oakland on a business trip.

Mr. and Mrs. M. Treasler and Mr. and Mrs. F. E. Proud have returned from a vacation spent in their cabin at Lake Arrowhead.

Mrs. M. Nooley, who is a guest in the Allen Parson home, is spending the remainder of the week with relatives in Garden Grove.

Mrs. Luther Lindauer is able to be out again after a few weeks illness.

Mrs. Harry Inns has purchased an avocado ranch in La Habra from H. Peterson and with her son, Stephen Inns, and wife will move onto the property next week. The ranch is located just north of the Lindauer sand pit.

Mr. and Mrs. O. A. Bellomy and Mr. and Mrs. Ed Gird, of Hollywood, were dinner guests in the Ben Bellomy home in Fullerton, Sunday. The occasion being the birthday of the host, Mr. and Mrs. Bellomy recently moved from La Habra to Fullerton.

Harry Stoutsenberger, of El Centro, is spending the week with his mother, Mrs. C. J. Stoutsenberger.

Mrs. Emma Sweeney returned Sunday evening after several days stay with her daughter, Mrs. U. S. Totten, in Riverside.

Mr. and Mrs. J. E. Brown have returned from a week's visit with their son, Pat Brown, and family in Ventura.

Mrs. Elizabeth Urschel and children attended a family reunion in Artesia Monday evening, celebrating the 83rd birthday of Mrs. Urschel's mother, Mrs. D. Potter, and the natal day of her niece, Miss Blanche Potter. Other guests, Mr. and Mrs. T. W. Potter of Bell, and Dr. and Mrs. B. S. Potter, of Artesia, at whose home the party was held.

In honor of Mr. and Mrs. Charles Foree, of Oregon, who are visiting relatives here, twenty-five relatives gathered at the Whittier city park Sunday for a picnic dinner. In the party were Mr. and Mrs. Nathan Heaton, Mr. and Mrs. N. H. Garretson, Mr. and Mrs. Josiah Jackson and son Howard, of La Habra; Mr. and Mrs. Richard Hawthorth, of Whittier; J. Hall, of Montebello; E. C. Heaton, of Anaheim; Mr. and Mrs. Luther Heaton, of San Gabriel; Albert Heaton, of children, of Los Angeles, and Robert Heaton, of San Gabriel.

Would you like to try  
this doctor's laxative  
free of charge?

Every family has occasional need of a laxative, but it should be a family laxative. One that can't form a habit, but can be taken as often as needed. When the breath is bad or tongue is coated. Or appetite fails. Only a doctor knows the right ingredients. Dr. Caldwell discovered the right mixture years ago. Dr. Caldwell's Syrup Pepsin combines harmless herbs and pure senna. It starts muscular action and soon corrects constipation. Gently, but surely, it relieves a bilious or sluggish condition. It is mild. Delicious. Effective. All druggists keep this famous prescription ready, in big bottles. Or write Dr. Caldwell's Syrup Pepsin, Monticello, Ill., for a free trial bottle postpaid.

# STARS BATTLE ORANGE HERE TONIGHT

## Jack Iman Outpointed In 'Comeback' Match

Ernie Johnson writes that the Seattle-Hollywood game of April 22 was "one of my greatest days in baseball."

All the fiery skipper of the Indians did that day was drive home six of the runs by which his team beat Hollywood, 7 to 6.

The occasion was the first game of the season played in Seattle and a sellout crowd of 12,000 saw the Laguna Beach fellow steal the play away from everybody else.

The Seattle Star printed an eight-column streamer as follows: "Moral: When Pitching to Ernie Johnson Be Sure to Give Him the Works."

The man who wrote the yarn described Johnson as baseball's gamest little hustler.

I don't pretend to know anything about track and I shouldn't try to give any pointers to a coach of "Tex" Oliver's intelligence. But—Kinter Hamilton is going to do the starting at the Southern California Interscholastic meet in Los Angeles tomorrow and that will mean a lot of funny things are likely to happen.

Hamilton lets the boys "jump the gun" on him. Those who don't "roll" are left at the post with no chance to win unless they outlast their field.

Norman Paul and Al Reboin are two Santa Ana hurdlers who will have to be wary of Hamilton's habits. Hurdlers can't be set back for false starting. My tip to Oliver is to whisper into the ears of the youthful "iron men" that to burn Roman candles in Rome is good headwork.

To me self-preservation is good sportsmanship.

Mr. Art Cohn, a prolific young man who writes pieces for a Long Beach newspaper, picks San Diego to win the All-Southwest.

He gives the Hilltoppers 21-1-2 points, Santa Ana 20-1-2, Manual Arts 15.

Cohn nominates Paul to first place in the low hurdles and broad jump, and fifth in the shot. He selects Reboin for first place in the high hurdles, third in the low hurdles and fourth in the pole vault. Doyle Gilbert is conceded third in the broad jump.

Cohn picks Alvin Koenig of Huntington Beach to win both sprints from Ortiz of San Diego, and for LuValle of Los Angeles Poly to take the 440.

I was recently taken to task for criticizing high school timing for its inaccuracy but just the same three high school sprinters who were given credit for negotiating 100 yards in 9.8 seconds during the past season failed dismally to even qualify in 10.2 heats for the Southern California meet. I have reference to Franklin of Long Beach, Burch of Jordan and Morales of Redondo Beach.

Larry Cannon of the Union Oil company, Los Angeles, thinks he is the man who can pull the Santa Ana Stars out of the rut.

He wants to pitch for the wavering nocturnal team, and all he expects for his services is transportation money.

Bring him on. The law of averages will find the Stars a pitcher yet.

**McDonald, Lamar Collide Tonight**

HOLLYWOOD, May 2.—Hector McDonald, of Vancouver, B. C., regarded as one of the leading lightweights in the northwest, is slated for a 10-round bout here tonight with Johnny Lamar, local Mexican favorite.

### VETERAN FAILS TO SHOW MUCH OF OLD SKILL

They don't come back. Jack Iman, warhorse of years gone by, knew it today. The veteran Santa Ana light heavyweight tried gamely to show his old following that he was the Iman of 1923 at the Orange County Athletic club last night, but his desperate efforts were wasted.

Iman was pretty thoroughly beaten by lanky Neal Treleven of Long Beach, little more than a good preliminary boy.

Treleven substituted for Jimmy Lyall for whom the old emergency operation excuse was made.

Iman didn't get any the better of the breaks when he had to meet Treleven. The tall Long Beach man is a tough monkey to fight. He is all arms and all legs, and the stand-off fellows worry the "hollow shells" who prefer to get in close and ride rough.

The match went the full distance—eight rounds—and showed that Iman's attempt to get himself in condition was sincere. The veteran held up surprisingly well and was really outscoring Treleven at the finish. But in midstream Treleven bashed him up considerably. Iman's punches were "roundhouses." His legs looked weak to say the least.

The first round was even. Jack was confident. No one was hurt. Treleven took the second, third, fourth and fifth in rapid succession.

The sixth was even. Jack's old fighting heart was coming to the front. The Santa Ana '49er actually chased the seventh and won the last round with Treleven tired.

The fight as a whole was nothing to write home about. There was none of the dash and pep that younger men throw into a fight. It was interesting all the way at that, because the gang which had come to see Jack stuck with him to the last and did its part to cheer him on.

**Dempsey Scores Kayo**  
Baby Jack Dempsey slipped a left hook to the jaw of one Sailor Pratt at the close of the first round of their slated six-round contest and the mockingbirds let forth such a volley of cheers that the tar's seconds hurriedly forward-passed a towel into the ring. When Baby Jack socks them early they stay socked and this is what he did. The sailor showed plenty of energy while it lasted, however.

Another old Santa Ana favorite looked more like a washout than Iman in his return to a local ring. Al Fredericks lost every round to Casey Risko, a new boy from San Bernardino. Risko is a plunger, not spectacular, but swings his mits in fair fashion at that. Fredericks "clowned" for several rounds and when he settled down found out he had nothing left. It was a miserable bout.

Mickey Thomas beat Al Cook of San Pedro in four good rounds in the second spot. Thomas, forced to fight in the open for a change looked better than ever. He had Cook on the floor for two nine counts in the second round.

Sears Roebuck lost three of the four rounds he fought as a current-raiser with Cruz Brino, lanky Mexican, but Referee Reggie Gilmore called it a draw for some reason or other. Roebuck had lots of ambition but tired quickly.

### Mrs. Shields Wins Lorenz Cup Again

Mrs. Hugh Shields today had her name engraved for the second time on the Santa Ana Country club's Lorenz cup.

Striking home in a net \$1 yesterday, Mrs. Shields won the competition that is held every month for the trophy. Her card read 99-18-31.

Mrs. Shields needs only one more victory to retain the cup permanently. Others who have two legs are Mrs. J. K. McDonald, Mrs. C. V. Doty and Miss Marguerite Way. Mrs. M. B. Wellington and Mrs. T. B. Waddell have scored single victories.

Today, Mrs. Shields won the completed second to Mrs. Shields. Other cards were Mrs. McDonald, Miss Mary Saulsbury, 93-10-52, Doty, 103-14-89, Mrs. J. L. Wheeler, 109-16-93; Mrs. E. B. Van Meter, 113-24-89.

Another assault on ancient records will lure the Santa Ana junior college track team to Ontario tomorrow to join 13 other junior colleges in the annual conference track meet on the smooth, sandy track of the Chaffey junior college.

Barring wet weather, preliminaries will be held in the morning starting at 9:30. Finals will begin at 1:30.

Donahue Best Bet  
Tom Donahue, Santa Ana's "iron" man, is probably the best bet for points, inasmuch as he has run the mile in 4:31, which equals the fastest time made this season and the two mile in 10:22, third best in the conference.

Melvin Beatty has a good chance to come through in the javelin and take "Cowboy" Joe Forbes of Long Beach to the showers. Forbes has the best mark but will have to put the shot and hurl the discus before the javelin and Beatty, with a toss of 175 feet, 4 inches, will be there to nose him out.

Art Jacques, lanky high jumper, may finish in the money if he can duplicate his recent hop of 6 feet. Hank Lassalle, defending champion from Citrus, is reported to be out of the meet to save his eligibility for further college competition and if so, Jacques is rated among the best. Moody of Glendale, Dukes of Los Angeles and Linn of Citrus will be his main enemies.

**Warner Handed Cap**  
Captain Joe Warner will be lucky to win the low hurdles because of an injured leg but may finish among the leaders. His best time of 25 seconds is next behind Richards of Compton, who has registered 24.7 on one occasion. Warner also will compete in the shot and discus but will do good to place.

Tommy Cone, game little distance man, will run the half-mile as well as the mile but will be hard pressed to place. Others who will compete are Jack Rimmel in the pole vault, Jack Sweetnam and "Truck" Lindsey in the high hurdles, Carl Schoenberger in the quarter and half miles, Ernie Stump and Carol Berthel in the weights, John Keeler "Keneth" Tanaka and Eric Reinan in the sprints, Sweetnam and Bartholomew in the high jump and Warren Schutz in the quarter mile.

As for the meet itself, Long Beach and Compton are favored with the Tartars having the best possibilities. Glendale, Fullerton and Los Angeles will fight it out for the minor places.

**NIGHT BASEBALL TO GET TEST IN EAST**  
DES MOINES, May 2.—(INS)—Minor league baseball tonight may be pulled from the rut it has been running in for several years because of poor attendance when the Des Moines and Wichita Western league clubs meet here in the first nocturnal baseball contest ever staged in an organized loop.

Salvation of the attendance records is indicated by the fact that advance ticket sales for the first night game here show that a crowd of nearly 11,000 will be on hand tonight. Former Des Moines opening games usually drew between five and six thousand fans. Players worked out under the lights for a few minutes before a thunder storm disrupted the practice session last night.

## SANTA ANA PREPS THREATEN SAN DIEGO IN BIG TITLE TRACK MEET TOMORROW

Santa Ana tomorrow makes its first serious bid in a decade for the Southern California interscholastic track and field championship. On the notoriously slow cinderpath at Los Angeles high school, Coach "Tex" Oliver's compact group of five—Norman Paul, Al Reboin, Doyle Gilbert, James Daneri and Lloyd Nuzum—will threaten the vaunted supremacy of one of the finest high school aggregations ever assembled—San Diego. With any share of the breaks, Santa Ana should finish one-two.

### JULIA LATHROP TAKES LEAD IN COUNTY LEAGUE

The Julia C. Lathrop junior high school baseball team defeated Garden Grove, 12-11, in the closest and hardest fought game of the year yesterday. This puts the South Main street nine ahead in the Orange County Second Team league. Until yesterday's game Julia Lathrop and Garden Grove were on even ground with no defeats.

Garden Grove started the fireworks by sending 11 men over the home plate in the second and third innings. During that time Lathrop had only three runs.

In the fourth inning the Spartans brought in six runs, making the score 11-3, and in the sixth brought in two more runs to tie the score. In the first of the seventh Harold Bowe, Spartan shortstop, brought in the winning run.

Garden Grove, having last bats, ended the game with three men on bases, two out and the fifth batter knocked a long fly deep into left field, which was caught by Russ Shafer after a long run.

Duncan Bingham and Conrad pitched for the Southsiders, while Wright and Devine tolled for Garden Grove.

The lineup:

Lathrop Pos. Garden Grove  
Conrad, Duncan, Wright  
Bingham, P. Devine  
Hixon, C. G. Crowe  
Floyd, J. B. Schanz  
Crawford, J. B. Phillip  
Bowe, S. Slout  
Southworth, R. F. V. Crowe  
Fowler, C. F. Schnitzer  
Shafer, L. F. Conway

The Hilltoppers have the edge according to current methods of measuring track and field ability. They figure to score approximately 25 points, which certainly should be enough to win first place. But the ancient All-Southwest frequently comes one of those things in which form and past performances mean nothing, and such is like as not to be the case Saturday with the meeting being conducted on an oval entirely inadequate.

San Diego Against Field  
It will be strictly a case of San Diego against the field, and in this case "the field" will consist very largely of Santa Ana. Los Angeles Polytechnic, Manual Arts, Inglewood and one or two other schools might win by getting all the breaks but their prospects are dubious to say the least. San Diego has the men, numerically, and Santa Ana has the class. They are combinations hard to beat.

San Diego may reasonably expect Ortiz to win either the 100 or 220 and be second in the other. They have every reason to pick Warburton to win the 440. Los Angeles critics don't think so because other men ran faster in the preliminaries last week but they forget Warburton won the state meet in 49.5 seconds last year and that he probably can do as well again.

Lawrence Favored in Mile  
Dowers is a fine competitor in the mile. He won that race for the Hilltop last season but it was an inspired performance on his part and is not likely to be repeated against Jimmy Lawrence of Manual Arts. Dowers, however, is a clinch for second.

The San Diego relay team appears to be the class of the nine clubs entered. That's five points more.

Larson in the high jump and Russell in the discus are not likely to place.

Thus, San Diego is conceded 21-1-2 points without taking into consideration some points which Captain Jimmie Wilson is likely to score in the 220. In shape Wilson could win both sprints. He is not in good condition, however, so what he will do is problematical. If he has one good race in his system he will clinch the championship for his team and that is just about what may be expected.

Santa Ana has no alternatives.

### WILLARD NINE CONQUERS H. B. BALL CLUB, 9-2

Coach Arnold Lund's Frances E. Willard junior high school baseball nine downed the Huntington Beach high school second team, 9 to 2, yesterday. Sprague held the Oilers to three hits while the Indians pounded out nine.

Willard rallied in the fifth, scoring four runs. Montgomery got a single and Nee followed with a triple, scoring Montgomery. Meeler, the next batter, got a home run, clearing the bases. Sprague hit a hot grounder to third and was thrown out and Sparks struck out but Layton reached first on an error Daley walked. Wimbush doubled, scoring Layton, before Cass grounded out to the pitcher.

The box score:  
Willard Huntington Beach  
ABRHH ABRHH  
Fiske, 2b, 1 1 0 Williams, ss, 1 0 0  
Montoy, 1b, 4 2 2 Shuman, lf, 3 0 1

### First Place At Stake In Tilt Tonight

**NATIONAL NIGHT LEAGUE**  
W. L. Pct.  
\*Whittier 4 6 1000  
Anaheim 4 1 800  
Long Beach 4 2 800  
Fullerton 3 2 600  
\*Huntington Beach 3 2 500  
Santa Ana 3 2 400  
Olive 3 2 400  
Garden Grove 3 2 400  
Orange 2 3 400  
La Habra 0 5 000  
\*Whittier and Huntington Beach have protested game to replay.

First place in the National league will be at issue tonight when Whittier and Anaheim mingle on the Anaheim city park diamond at 8 o'clock.

The meeting of the one-two clubs of Prexy George Peterkin's circuit easily overshadows the rest of the Friday schedule.

Whittier is undefeated and strictly the team to beat for the flag. "Rube" Ellis has assembled a hard-hitting, fast-fielding group that is getting stalwart pitching from Lloyd Johnson and "String" McDonnell, two of the best gunners in the lunar sport. Johnson is expected to work for the Quakers tonight.

Anaheim also is playing a heads-up game, making and getting the breaks as in other years, and enjoying fine pitching from Joe Ochoa and Al Bushman. Ochoa will tell for the Valencians.

Considerable interest will be centered on the Fullerton-Huntington Beach struggle at Huntington Beach. Fullerton has been coming along fast since its defeat by Santa Ana, its last three starts having been winning ones.

Long Beach invades Garden Grove and La Habra goes to Olive for other conference contests. Santa Ana entertains Orange.

**FATHER, SON, COACH**

PROVIDENCE, R. I., May 1.—J. D. E. Jones and Arnold Jones of this city, national father and son tennis champions, are co-coaches of the Brown university varsity and freshmen tennis teams.

(Continued on Page 25)

### JOE CORNELIUS SCHEDULED FOR HURLING

The ball team that Santa Ana gave away to save a National league franchise for Orange comes back home tonight to hound a club that is having enough troubles getting started without being retarded by its own brethren.

George Lackaye, a smart baseball head who piloted the Tienan Typewriter Kids through an undefeated season in the Santa Ana city league last summer, will bring into the Bowl a combination of Santa Ana and Orange athletes that is standing as high in the race now as the falling Stars.

Hoping to get away at last, Captain Bill Cole is expected to draw his last ace in the hole. In fact there is nothing else for him to do but call on Joe Cornelius, the Stars' new pitcher from Braley. If Cornelius gives an inspiring performance Santa Ana had a good enough club back of him to make a race of it yet, but if the newcomer does not come up to par the Stars are fated for a second division position for the first half of the split season, at least.

**Has Change of Pace**

Cornelius arrived here Tuesday and saw the Stars humbled by Huntington Beach, their third loss in five starts. He is a nicely constructed athlete of about 175 pounds and in workouts has appeared to have enough stuff to get by in this major league of night baseball. A smart change of pace seems to be his chief stock in trade. It is claimed that Cornelius has the slowest slow one in captivity.

The Stars today released Walt Jordan, husky right hander drafted from city league ball, to Lackaye's Orange team. The big boy

**THE BIG 3**  
**COMFORT STYLE PRICE!**

YOU'LL enjoy the "feel" of these suits in warm weather; you'll like the easy lightness of the skeleton-lined fabrics. But comfort means no sacrifice of style. Certainly these suits are eye-opening values at the prices we quote.

# NATS PLAYING OVER HEADS IN BUSH'S OPINION

BY DAVIS J. WALSH  
(I. N. S. Sports Editor)

NEW YORK, May 2. — Starting with the assertion that "Shires is the ideal type of ball player and I wish I had more like him," Donnie Bush, making his first trip over the wheel as manager of the Chicago White Sox, today set off a series of oral fire crackers right in front of the writer. If he realized that he was calling everything by its right name, he gave no sign. He simply was naming his shots and the following is the official score in runs, hits and errors, as the case may or may not be:

The Washington Senators may be sitting on top of the American league, but, little as he claims to know about the league at this time, he says he is willing to venture that he knows about the Senators. They simply haven't got it, says he.

**Pirates Better Than Cubs**  
If the Chicago Cubs win the National league pennant again, they will have to beat at least one club that is their superior, the Pittsburgh Pirates, and maybe another, the New York Giants.

The Athletics ought to win but they won't—unless they show more ability to beat the East. The West, he said, will be just a series of four tough stops for any Eastern invader, with Cleveland and St. Louis the toughest.

As for C. Arthur Shires, the open denoid, Mr. Bush finds him to be almost self-effacing.

"He's all right," said Mr. Bush with just that shade of emphasis that meant that C. Arthur Shires was, indeed, all right. A snappy little Irishman, Mr. Bush, he looks right along the barrel at you with a pair of steady eyes and defies you to stare him down. There's a lurking suggestion of chill in those eyes. They aren't cold—but they can be. He gets a lot of satisfaction out of speaking his mind and so the writer decided to let him enjoy himself.

**Will Be Lucky To Repeat**  
The Cubs? They'll be lucky to repeat. What with the way they were going last year from September on into and through the world series.

"The Pirates are a better club," he added. "With those young players coming through for them, they will be hard to lick when L. Waner and Traynor get back. The trading of Grimes seemed to settle their pennant chances, too, but the young pitchers have come forward in his place. They are up there now. They'll stay up there and maybe they will go even higher when they get set with their real lineup."

"If the Giants get pitching, they will be able to beat the Cubs, too. They might even win. McGraw has a good ball club. In fact, if either the Giants and Pirates had kept on top of the Cubs last year they would have beaten Chicago in the stretch."

So much for that. How about the Senators? Just as one man guessing with another, Mr. Bush was willing to guess that the Senators were over their heads like the parlor ceiling.

**Senators Over Heads**  
"I haven't seen them in years," he conceded, "but I ought to have an idea of what they have. I had a lot of them down there in Washington seven years ago and some of those boys weren't so juvenile then. This isn't the year to win with a club like that. Of course they'll be hard for us to beat because they all will be hard for us to beat this year. We're just getting started together and I'm still uncertain at short-stop. Jolley hasn't begun to hit but I figure him to do at least .330."

"They have a couple of real clubs in St. Louis and Cleveland, a fact that the Athletics will discover when they try to repeat some of their Western trips of last year. This is no bus ride. This race is going to be a race. Another thing about the Athletics: They aren't going to keep on beating the Yankees forever. No club is going to do that. The Athletics may win the pennant but, before they do, somebody is going to chase them through the door and right on upstairs."

With which Mr. Bush, having spoken his piece, bowed himself to the nearest exit. It was a relief to hear a baseball man talk strictly from the book. Most of them spend their time approving of Ruth's hitting or Connie Mack's managing or Grove's pitching. They also have been known to speak well of McGraw's generalship.

## ARRESTED IN L. A.

W. W. Fink, 40, of Los Angeles, wanted in San Juan Capistrano on a charge of violation of the state labor laws, was arrested in Los Angeles yesterday by F. L. Humiston, deputy sheriff, and brought to the county jail last night.

## To Hold Swim Exhibition At H. B.

HUNTINGTON BEACH, May 2. —The first annual swimming meet and exhibition under auspices of the Huntington Beach Swimming club will be held at the plunge here tonight, beginning at 8:15. The meet is sanctioned by the A.

A. U. Southern Pacific association, and medals and trophies will be awarded after the meet in the Huntington Beach dance pavilion.

## HELD ON CHECK CHARGE

D. H. Wacker, 32, of 206 Almond street, Orange, was arrested in Anaheim yesterday on a check charge. He was lodged in the county jail here.

## GARDEN GROVE

GARDEN GROVE, May 2.—Mr. and Mrs. E. M. Dozier entertained Mr. and Mrs. Hare and son and daughter, of Westminster, at dinner Thursday evening.

May day party at the Virginia Country club, Long Beach, Thursday afternoon.

Mr. and Mrs. H. B. McLeod attended a bridge dinner club in the home of Mr. and Mrs. Fred Swartz in Long Beach Thursday evening.

R. Flitz was chairman of the committee. Bowls of Cecil Brunner roses and ferns graced the tables. Covers were placed for 42 persons. During the dinner hour the different groups sang old time songs. After dinner all adjourned to the home of Mr. and Mrs. E. M. Dozier, where interesting games were played. Mrs. L. W. Schauer and Mrs. Arthur Schnitzer were in charge of the entertainment.

# ONLY A FEW DAYS LEFT! Big Price-Slashing Sale ENDS SATURDAY, May 10th

**PABCO BUDGET PAYMENT PLAN**

In case you want to spread your paint outlay over several months, ask us about the Pabco Budget Payment Plan. This easy plan plus these tremendous reductions in prices makes even the biggest painting job inexpensive.

**EVERY CAN GUARANTEED**

The manufacturers stand behind every can with their ironclad guarantee of satisfaction or your money back.

**DON'T DELAY!** Buy now to cover all your paint needs and effect a big saving on every job you do, while using the finest paint made. Enormous purchasing power enabled us to buy direct from the manufacturers of Pabco Paints, Varnishes and Enamels at extremely low prices, and we want you to reap the benefits NOW while the paint season is on. Come in and talk over your painting and decorating problems with us and we'll gladly help you work out all details. No obligation.

## PABCO Multi-Service PAINT

The paint that has revolutionized painting! One paint for everything—for outside and inside jobs—for wood, metal, stone, brick, stucco, and concrete—and does a better job than much more expensive paint.

For the next few days you can buy this remarkable Pabco Multi-Service Paint at

ONLY

**\$2.98**

A GALLON

Offered in 12 Beautiful Shades

## PABCO Multi-Service ENAMEL

Color, life, charm! You can modernize any piece of furniture and beautify your home with these newest shades of Pabco Multi-Service Enamel. Easily applied, quick drying, with a decorative glass-like finish. For any and all kinds of surfaces.

Take advantage of this extremely low price.

During this sale

ONLY

**71c**

A PINT

Your Choice of 18 Modern Colors

## PABCO Multi-Service VARNISH

Is your furniture shabby, your floors marred? You can make any polished surface look like new with Pabco Multi-Service Varnish—the all-purpose, all-surface varnish. And at extremely small cost during this big reduction sale.

For furniture, woodwork, floors, linoleum—anywhere there is need for a good varnish. Dries quickly, with high, durable gloss.

During this sale

ONLY

# Radio News

Now that the census taker has visited your home and you have given him your life history, you perhaps are wondering why he asked you if you possessed a radio—Perhaps the census taker himself didn't know, but nevertheless the answer is quite simple—The question was included so that the Government might use the resulting statistics in its important task of administering the radio problems of the country—No need to worry, for the question, we are assured by Robert P. Lamont, Secretary of Commerce, had absolutely no connection with possible taxation of receivers—Exact information

## LITTLE READER ON KIDDIES' PROGRAM

Ruth Rimel, pupil of Estelle Card Beeman, tomorrow, will entertain the "big audience of little children" which listens in daily to KREG's Children's Hour, from 4 to 5 p. m., it was announced today by Inez Moore, who is in charge of the kiddies' entertainment.

Little Miss Rimel needs no assistance in putting on her programs, having had a lot of experience despite her tender age. She was the winner, last year, in the junior expression group, of the Orange County Eisteddfod.

Concerning the number of radios in the Nation, and their Location, will go far, Officials believe, in promotion of a program to improve reception conditions—At present the Radio commission has no authentic information as to the number of radio sets in operation or as to their density in certain areas—With this information, the commission asserts, it will be able to distribute broadcasting facilities and apportion power so as to serve the best public interest—

## RADIO PROGRAMS

## ORCHESTRAS TO PLAY TONIGHT FOR KREG FANS

### BY THE RADIO EDITOR

Two orchestras will help listeners to KREG make merry tonight. Bob Thompson's dance band to put an entire hour of snappy tunes on the ether waves via the "Voice of the Orange Empire" and the Moose orchestra scheduled for a half hour program of popular and old-time dance selections later in the evening.

Another KREG favorite will appear before the mike tonight in the person of Harry Jensen, tenor, while Alan Revill has prepared a half hour organ program for presentation by remote control from the First Congregational church.

The John Muir Kindergarten band, numbering 20 tiny musicians, will broadcast during the Children's Hour with Inez Moore, from 4 to 5 o'clock this afternoon. The 5 to 6 o'clock period, presenting the daily Shoppers' Guide program, this afternoon will feature, in the interspersing musical numbers, vocal expression and instrumental pupils of Holly Lash Vise, while Alan Revill's organ recital will be presented from 6 to 6:30.

The Cogswell Sisters, vocal duo, will entertain their vast KREG following between 6:30 and 7 o'clock, at which time the late news dispatches will be put on the air. Bob Thompson's dance orchestra will offer an hour of dance music between 7:15 and 8:15, playing during the first half hour through the courtesy of Snyder's Sorority shop and the second half hour through the courtesy of Nadine's. Cleo Bowers Helm, soprano, will sing from 8:15 to 8:45 and then the next half hour will bring the Moose orchestra, playing for the Karl Shoe store and offering a program of both old and new music.

Harry Jensen, he of the crooning tenor voice, returns to KREG tonight between 9:15 and 9:30 and then, from 9:30 to 10 o'clock, J. C. Huson, old-time fiddler, will offer a group of numbers for the Beverly Pants shop and the Diamond booteries.

## A SUCCESS --- BY PUBLIC ENDORSEMENT

THE new model Bosch Screen Grid Radio—setting new standards of radio value, has been an instant success. Recognized for years as the leader in the field of quality radio, Bosch has brought the same flawless and quiet performance within the reach of everyone with this new model. Once again Bosch demonstrates that you can't buy more than Bosch. Engineered to the New Screen Grid Tube, and that less is unsatisfactory at any price. The new model, like all other Bosch sets, has three screen grid tubes. Less would mean a sacrifice, and more are undesirable. There is no substitute for screen grid engineering and performance. More tubes won't do. Trick hook-ups can't bring the faithful reproduction, selectivity, balance and perfection of reception which only screen grid radio possesses. Have you heard Bosch screen grid performance, or are you still missing something in radio reception? By all means, see and hear the new Bosch Screen Grid Radio. Priced at \$149.50, including tubes and ready to play.

## CLERK REVEALS JURY LIST FOR NEXT QUARTER

Jurors drawn for service in the county superior courts for the next three months were announced today by County Clerk J. M. Backs. Forty names appear on the list. The jurors will appear for court service at 9:30 a. m. next Wednesday.

Those who will be selected to try jury cases in superior court here for the next three months are:

J. B. Anthony, J. L. Cardwell, May Curtis, F. A. Farrar, Mrs. Ora Lambert, J. L. Lockhart, John McDowell and Mrs. Maude Swarthout, of Santa Ana.

Minnie Boget, Mrs. Nell Burbridge, Ed M. Dierker, T. H. Elljah, Mrs. Margaret Faerber, W. E. Girton, T. S. McCollum and Neta A. Vail, of Orange; A. B. Adair, E. Modena; L. J. Bushard and J. H. Pope, Talbert; George B. Crane and William Slater, Wintersburg; Grace Crosier and Frank L. Rinehart, Balboa; Mrs. Madge De Lapp, D. T. Hallacy and S. P. Wilson, Huntington Beach; Lottie Dyckman, Yorba Linda; Leon Faylen, Mrs. Oral L. Hollowell and H. M. Turley, Brea; Ed Gage and Mrs. Minnie Reed, Costa Mesa; A. Zigler and August Stams, Garden Grove; Esther A. La Point and Mrs. Estelle Webb, Fullerton; H. M. Peterson, Katella, and John Lehard, Mrs. Ruth Newkirk and Anna Friscolla, Risher.

## NOTED WARBIRD WILL ADDRESS JUNIOR PILOTS

That Lt. John Vandevere Deuel, celebrated combat pilot with the Army Reserve corps, and author of "Speed Wings," a popular book just published, will address the Vandermost Junior Pilots at their meeting, tomorrow morning, was the interesting news revealed today by Raymond Fisher, general director of the Pilots.

Members of the organization will meet in their clubroom in the basement of the Vandermost store, early tomorrow morning and at 9 o'clock will go in a body to the Walker State theater, at West Fourth and Birch streets, where Lieutenant Deuel will talk on his flying experiences. It is expected that many adults will join the Pilots for the talk, as Lieutenant Deuel and his exploits are well known and there is much interest in his book, "Speed Wings."

Boys who own copies of the book may have them autographed by the author if they bring them tomorrow morning, according to Fisher. The Junior Pilots meet every day after school and all day on Saturday in their basement clubroom which is fitted with work tables and designs for building their miniature aircraft. Raymond Fisher, their advisor, is a member of the Vandermost store force.

**NEWCOMB'S GOOD SHOES**

## LAST 'MUSKETEER' CHEATS DEATH

Thrown from a speeding pursuit plane while traveling 200 miles an hour, Lieut. I. A. Woodring, last of the army's "Three Musketeers," cheated death recently at Mather Field, Sacramento, jerked the ripcord of his chute and floated safely to the ground. The tiny pursuit plane was totally wrecked. Lieut. Woodring flew over Santa Ana in a formation including Col. Charles Lindbergh when Lt. A. Williams, one of the famous "Three Musketeers," was buried here. Lt. Williams was killed in a crash at Los Angeles.

## CENSUS TOTALS HAVE GREATER VALUE IN 1930

By W. M. STEUART  
Director of the Census

Both the timeliness and usefulness of population figures for the 1930 census are being increased by the new plan of allowing the various supervisors to announce preliminary totals for each governmental subdivision upon completion of the enumeration without waiting for the figures to be checked by the bureau of the census. In previous censuses no figures were made public until the reports were counted by the bureau, which necessarily caused much delay in announcing population figures.

Since the early announcements this year are based on the supervisors' count, they are preliminary and subject to revision after the figures have been checked in Washington. Census bureau officials, however, believe that the figures are substantially correct, and that final results will differ very little from the first announcements. The supervisors' counts are being used to establish a basis for the payment of the enumerators, and are therefore very carefully checked before being sent to the bureau.

In a further effort to make the 1930 figures timely and useful, the census bureau is issuing from Washington daily announcements for localities in each state, summarizing the supervisors' preliminary reports made available for that day.

As a result of the new announcement plan, the supervisors have been publishing figures for various governmental subdivisions daily since the enumeration started. The population of Centertown, Mo., was announced by the supervisor for that district a few hours after the enumeration began on April 2. The follow-up announcements by the bureau were started April 12, 11 days after the census taking began and have been issued each day since that time. More than 1500 localities have been announced in the bureau summaries, including cities of more than 50,000 population.

In previous censuses, several weeks elapsed before the figures were made public. In 1920, the first population figures were announced seven weeks after the enumeration began, while in 1910 nine weeks were required to prepare the earliest release, and six weeks were needed in 1900. Despite the heavy questionnaire made

## CHURCH TO HONOR ALAN A. REVILL

At the First Congregational church, of which Alan A. Revill is organist and choir director, his many friends will celebrate the twentieth anniversary of his coming to the church, Sunday morning. Santa Ana friends have been looking forward with interest to the service, for the musician has presided at the organ during all these years except during the war, when he served in the army. During most of the time, Revill also has served as choir director.

A special musical service has been prepared for the anniversary program. The church choir will be assisted by the combined men's glee clubs of the Santa Ana junior college and high school. This male chorus of 50 voices will sing "The Builder," by Cadman. Mrs. Nada Hill, contralto soloist, also will appear.

The Rev. Perry Frederick Schrock, pastor, today extended an invitation to all friends of the musician and his church, to attend the anniversary observance program.

## WRAPPING COAT

A new Vionnet coat, of beige wool, has a most fascinating cut and wraps across the front to fasten, diagonally across the side. Its narrow belt is attached across the back and ties shut.

## GREEN-YELLOW-BLACK

A stunning country club suit has a black and green checkered skirt, a black belted coat, lined with yellow and a green and yellow blouse.

Necessary for the 1930 census, the work of taking the enumeration is progressing rapidly and nearing completion.

## LOAN CONCERN REPORTS HUGE BUSINESS GAIN

Resources of Pacific States Savings and Loan company, the west's largest building and loan association, crossed the \$63,000,000 mark during April by reason of a gain of \$2,869,249.78, according to that institution's statement of condition as of April 30, which was released today.

Resources as shown in the statement now total \$63,298,438.45, the largest ever attained by a building and loan association in the west. Of the April gain, over \$1,500,000 was due to normal development, and the remaining \$1,000,000 to the consolidation of the Mutual Building and Loan association of Fresno with the Pacific States organization. This was the first merger of an association with Pacific States concern, since last July.

April proved the record month in the institution's history for new loan setup. These exceeded \$3,200,000 for the month, for an average of approximately \$5000 per loan. The net increase in loans for the month, according to the statement, was \$4,054,911.

In savings the institution showed an increase in April of \$2,537,099, of which \$980,000 was due to the consolidation of the Mutual. The normal increase for the month totaled \$1,607,000.

"We are particularly pleased," said Robert S. Odell, president, "over the loan business transacted during April. Our seven per cent rate brought to us \$14,000,000 in loan applications, represented by the highest type of collateral in our experience. Indications are that May will exceed even this figure."

## THREE GROUPS TO FROLIC IN SAN CLEMENTE

Employees of the First National Bank of Santa Ana, members of the De Molay of this city, and a dentists' organization from Los Angeles will be entertained in San Clemente over the week end.

Tonight 40 couples from the De Molay order will stage a swimming and dance party at the San Clemente Beach club, followed by a midnight supper at Riley's Waffle shop.

On Saturday the bank employees will hold a picnic. Arrangements will be in charge of Harry L. Hanson, vice president, and J. L. Bascom, assistant cashier. More than 100 will take part in the picnic. A baseball game is scheduled for the afternoon. There will be surf and fresh water pool bathing, tennis, riding and other sports. In the evening a banquet will be held at A. Travaglini's cafe, to be followed with a dance at the Social club.

Under the leadership of Willoughby Wright 50 or more dentists of Los Angeles plan a week end visit to the city. Many will arrive tomorrow and will be guests of the San Clemente hotel. Swimming, fishing and like recreation is planned by the dentists for Sunday.

## SCHOOL CHIEF IN TALK BEFORE MASONIC CLUB

GARDEN GROVE, May 2.—The monthly meeting of the Masonic club of Orange county was held in the Woman's Civic clubhouse Wednesday evening. Dinner was served at 6:30 o'clock to 40 members.

William Feldner, of Orange, president, presided. Arthur J. Woodworth, vice president, was chairman of the entertainment.

G. C. Sherwood, principal of the Orange high school, was the speaker of the evening and spoke on Masonic work.

The next meeting will be held at Buena Park, May 29. Violin and piano numbers were furnished by Miss Anetta Ames and Miss Brown. Miss Elizabeth Snider, of Seal Beach, teacher in the Orange County School of Fine Arts, gave a pianologue and dance numbers and Miss Hazel Piler, of Anaheim, entertained with readings.

## RARE MUSICAL INSTRUMENT TO BE SEEN HERE

A rare viola d'amour that came unscathed through the French revolution will be the instrument featured in a recital to be given in Santa Ana next Tuesday night, at the Spurgeon Memorial Methodist church, South, by Prof. Robert E. Neighbour Jr. The instrument is expected to pour forth the same vibrant notes that it did 200 years ago and people of Santa Ana have been invited to attend the performance at 7:30 p. m. No admission will be charged but a free-will offering will be taken.

The instrument is the "grand-daddy" of the violin and is much more difficult to play, according to its owner, as the viola d'amour has 14 strings. Because the strings are so arranged as to produce "sympathetic" vibration, the musician has 28 notes at his command before he even uses his fingers on the finger-board.

A long legend of revolutionary days in France lies in the instrument, of which there are only about six in this country, according to its owner. It is said to have been found several years ago in a French monastery, where it doubtless had lain since the Reign of Terror.

Its young master obtained it from Henry Ford, who had brought it to this country to add to his famous collection of rare musical instruments. Prof. Neighbour has been a student of Prof. Leopold Auer, Albert Koesler, Leon Sametini, Jose Antonegus and other great masters. He is referred to as an outstanding interpreter and arranger of religious music. His program to be given in Santa Ana will include many selections of his own composition. He is the son of the famous Dr. Robert E. Neighbour.

## KITCHEN GARDEN

Your kitchen window should have flowers. If you don't want a whole window box, by all means have a little parsley and mint growing in pots, and perhaps a blooming flower or two.

## PRETTY GARNISH

Grilled tomatoes make a lovely garnish for fried chicken, chops or fish. From now on they are so inexpensive that they are a practical garnish, too.

## GIVES CAMERAS

He has made the 12-year-old boys and girls of the country smile. For George Eastman, below, pioneer camera manufacturer, has announced that he will give a camera to each of the approximately 500,000 children in the United States whose twelfth birthday anniversary falls in 1930. It's to commemorate the fiftieth anniversary of the first photographic patent granted to Eastman.

## CLEAN PILLOWS

Before re-covering your sofa pillows this spring, clean them thoroughly with the vacuum and then hang them on the line on a windy day when the sun does not shine. The sun's heat draws oil out of the feathers.

## PLAN FESTIVAL OF FUN AFTER SCOUT PARADE

### BULLETIN

Because of inclement weather, the committee in charge of the Boy Scout Jamboree decided at noon today to postpone the big annual event, which was to have been held tonight at the Orange county fair grounds, to Friday, May 9, it was announced by Ted Craig, of Brea, chairman of the committee.

Tonight is the night the Boy Scouts of Orange county will cut loose at the Orange County Fair grounds with all the enthusiasm of youth—and the greatest jamboree in the history of the annual event here is expected to result, according to Ted Craig, general chairman, representing Orange County Vulture 527, La Soledad 40 Hommes at 8 Chevaux, which is sponsoring the gathering.

Following the program of the "Parade of Nations," patrons of the affair will adjourn to the "pique," where they will find all kinds of concessions in operation. Prominent men of Orange county will direct the concessions and they will attempt to compete with veteran "spielers" in attracting business for their respective specialties in the line of entertainment.

It was pointed out by Craig that those who patronize the jamboree will be contributing to a good cause, for the funds derived will be devoted to construction of a quartermaster's building at Camp R-K-L-L in the San Bernardino mountains.

**Pre-Opening Announcement**  
of the  
**SUPERIOR SCHOOL of BEAUTY**  
At 410 1/2 North Main Street

## Bridge Party and Crystal Shower for Miss Sexton

Miss Mae Sexton, who is to marry William Eugene Hayes early this summer, was the incentive for a bridge party and crystal shower last night, the charmingly arranged affair being given in the home of Mr. and Mrs. F. C. Rowland, 812 McClay street, with Mr. and Mrs. Russell Wilson, the Rowlands' daughter, and Miss Ethel Staurt as hostesses.

Guests were Miss Sexton's associates at the courthouse. At the bridge game prizes for high scores went to Miss Marion Smith and Miss Lula Ott. Roses of many lovely varieties were used about the rooms and vases of the beautiful blossoms centered the tables when the refreshment course was served at the close of the evening.

Miss Sexton was presented with a set of rock crystal sherbet glasses to add to the other pieces of this attractive work which have been given to her on the occasion of numerous other pre-nuptial events given in her honor.

Those sharing the pleasant occasion with the hostesses were the Misses Marion Smith, Lula Ott, Margaret Patterson, Helen Sawley, Laura Jones, Doris Stuart, and Mesdames Elva Elliott, Ward Betts, Frank Betts, Robert Stewart, Dee Kirk, Arthur Durbey and Roy Shipp.

## Bridge Luncheon in Beverly Hills Is Lovely Event

Honoring Mrs. James Irvine and Mrs. Henry Dart, a Southern California visitor, Mrs. James Irvine Jr. entertained delightfully yesterday with luncheon followed by bridge at the Beverly Wilshire hotel. Mrs. Irvine was assisted in receiving her guests by her mother, Mrs. George H. Richardson.

For luncheon the guests were seated at one long table which was beautiful with baskets of flowers, scattered blossoms, candles and resplendent nut baskets carrying the place cards. A fashion parade interested the guests during the luncheon hour.

When scores were added two of the attractive prizes were awarded to Mrs. Howard Timmons and Mrs. C. E. Utt of Tustin. Among those present from Santa Ana were Mrs. George Briggs, Mrs. Howard Timmons, Mrs. Z. B. West, Mrs. Charles Swanner, Mrs. C. E. Utt, Mrs. J. B. Jouvenot, Miss Rosa Boyd, Mrs. John Wehrly, Mrs. A. J. Crookshank, Mrs. J. Frank Burke, Mrs. Loyal K. King and Mrs. L. G. Swales.

## May Flower Festival Closes With Gay Card Party

Emphatically successful despite the fact that its dates were those chosen by Jupiter Pluvius to stage a little farrowed tour of Southern California, the May Flower festival of Ebel's Garden section yesterday closed with an enjoyable card party presented by the Fifth Household Economics section as its contribution to the annual event.

Mrs. Edward Walker, Mrs. Floyd Spencer and Mrs. M. D. Borgmeyer served as hostesses at the party, which was staged in the lounge amidst the attractive decorations and exhibits placed there for the festival. These exhibits included the portraits and garden photographs of the Lorna Thompson studio, the blankets of the Santa Ana Woolen mills, and the formal dinner table newly arranged with dainty china and deep red glass by the H. T. Smith China store.

Eleven tables were necessary to accommodate the bridge players of whom Mrs. E. H. Guthrie took first prize, a pair of charming pottery jars; Mrs. Herbert Krahling took second, a set of delicate pink crystal dessert plates in this design, and Mrs. James L. Allen took third, a small rose glass olive dish.

Every department of the flower show received the same admiring attention yesterday as on the two previous days, and the booths where various articles on sale ranged from rare bulbs and rooted garden plants, to home-cooked foods, did a rushing business. In every respect, the event was profitable as well as enjoyable, and reflected credit not only to Mrs. W. L. Salisbury and her Garden section members, but to the society as a whole, since every section and every member co-operated to the fullest extent.

## Dona and Don Are Selected for Fiesta Day

Miss Mary McHenry and Abbott Mason were selected yesterday by their classmates to be Dona and Don for the annual Spanish Fiesta Day at the Santa Ana junior college on May 16.

The election was held to pick the rulers of the traditional event and Mason and Miss McHenry won by several votes. Other aspirants for the positions were Joe Warner, Gene Olsen, Jack Brown, Miss Clara Kate Owen, Miss Frances Vieira and Miss Isabella Siracusa.

The Don and Dona will be brought on the campus on Fiesta Day in an old car dressed in typical Spanish costume. They will be crowned by Father St. John O'Sullivan of San Juan Capistrano and will rule over all events of the day.

## ANNOUNCEMENTS

The Tustin Literature section of Ebel's will meet at 2:30 p. m. Tuesday, in the home of Mrs. E. A. Noe, 414 Mabury street, Santa Ana.

Brotherhood of American Yeomen members and their friends are anticipating a picnic to be held Sunday in Trabuco canyon at the summer home of Mr. and Mrs. L. C. Underwood, "Trabuco Oaks." Everyone is asked to meet at the Underwood home, 725 Oak street, in time to leave in a group at 11 o'clock. Those attending are expected to take their own baskets of picnic fare and needs in table service.

Members of Hermosa chapter, O. E. S., are reminded that all members of the organization are extended an invitation to the 8:30 o'clock dinner for past matrons and patrons of the chapter to be given May 5 at the Masonic temple.

The Modern Poetry section of Ebel's will meet Tuesday at 3 p. m. in the home of Mrs. E. M. Nealey, Tustin. Mrs. Robert Northcross will be in charge of the program.

Members of the Mayflower club will hold a pot luck dinner and picnic at Irvine park, Tuesday, May 6, at 12 o'clock noon. Women are asked to bring their own table service. Those interested in procuring transportation are requested to call the president, Mrs. Ellen Smith. Because of poor roads at this time, the previous plan of the club to picnic in Trabuco canyon were changed.

The First Travel section of the Ebel's will hold its monthly luncheon at 1 o'clock, Monday, at St. Ann's Inn. Mrs. Stephen Ross and Mrs. M. F. Heathman are in charge. Those unable to attend are asked to notify Mrs. Ross.

The Santa Ana chapter, Daughters of the American Revolution, will meet Saturday afternoon at 2:30 o'clock with Mrs. James E. Paul in Tustin. An election of officers will be held. The program will be centered about the subject of Washington, the national capital. Miss Doris Robbins will review a book by Charles Moore, chairman of the Fine Arts commission in the District of Columbia. The book discusses the past, present and future of the capital city.

## MAY BREAKFAST GIVEN FOR 220 NEW W.C.T.U. MEMBERS

Members of the Santa Ana W.C.T.U. welcomed 220 new members into the ranks of the organization at a delightfully arranged May Day breakfast given in the Spurgeon Memorial church yesterday. It had been planned to hold the affair in Birch park but the stormy weather made the change in plans necessary.

The breakfast was planned to honor those who have joined the Santa Ana union since the beginning of a recent drive. The quota for this city was 160 and as the local union went over the top with 20 more new members than its quota, members were receiving congratulations for their feat.

Tables were most attractive when the group of women were seated about them, the many lovely baskets and bouquets of flowers compensating in a measure for the fact of the indoor surroundings when it had been hoped that the breakfast would be enjoyed out of doors.

The program which was given in the afternoon was presented in the church auditorium and was in charge of Mrs. Amy Evans, president of the Santa Ana union. Women of the church were extended a vote of thanks for their hospitality.

The devotional service was conducted by Mrs. Fannie Lash and Mrs. Evans introduced the teams of workers and those who had secured enough new members to win a place in the "Upper Tens." These teams and "Upper Tens" were introduced by Mrs. Evans. The Upper Tens will be honored at the coming state convention which is to be held here October 7-11, by having seats on the platform during the convention.

It was announced that it is expected that the state will soon have 7000 new members and that Santa Ana has over 500 new members.

Many more new members can be secured in this city, it was said.

When the program was presented by Mrs. Blanch Roope, singing the "Crusade Glory Song," Mrs. Pearl Kendall Hess spoke on the "Benefits of the Membership Drive." A solo was sung by Mrs. Rosalie Harding, "Some Glad Day." "The Past, Present and Future of the W.C.T.U." was given as follows:

Past: "From the Crusade to the Eighteenth Amendment," by Mrs. A. A. Jones. Mrs. Jones spoke on the recent book written by the national president, Dr. Ella Boile, and urged that this book be placed in all libraries. Mrs. Jones also spoke of the seven saloons here in Santa Ana that were voted out in 1903. The W.C.T.U. had a big part in closing the saloons at that time, she said.

Present: "Ten Years of Prohibition," was given by Mrs. Estelle Harper, president of the Orange county union. Mrs. Harper spoke of the great prosperity that is enjoyed now as compared with the debauchery of saloon days. "Now children are neatly clothed, able to get an education, and know nothing of the suffering that the children endured in saloon days. But the enemy is still at work and is doing everything that is possible to get liquor back and women have more fighting to do now than ever before. The Eighteenth Amendment is at stake," said Mrs. Harper.

The future: A prophecy was given by Mrs. Margaret McClelland. Mrs. McClelland said that prohibition will be on the statute books as long as the laws that were given us by God, when this world began. Organized womanhood is for prohibition and is organized in 52 nations of the world, said the speaker.

## Mother's Day Program Is Entertainment at Legion Auxiliary

An unusually large attendance of Legion Auxiliary members was attracted to the meeting last night in Legion hall, where a Mother's day program was given.

In the business session with which the evening opened, the president, Mrs. Struble, asked for an equally large attendance at the next meeting on May 15, when a covered dish dinner will be served at 6:30 o'clock as a preliminary to the business and program. Reports were given of the Easter card shower held for the non-compensated veterans at San Fernando hospital, when each was sent an attractive card with a dollar bill attached.

The program which followed the business interval, opened with a Spanish dance by two clever little maids, the Misses Barbara Cain and Marjorie Kenyon, dressed in pretty costumes and carrying tambourines. Master Tommy Sutton, in cowboy garb, gave a clever monologue, likening himself to Tom Mix, to the latter's discredit. A second monologue related adventures of a scolding Indian, with a later reference to the shelter of his mother's arms, and as a third feature, he gave an Apache dance in appropriate costume.

Elizabeth Reeves Hubbard, with Miss Carrie Seaton as her accompanist, sang two delightful numbers, "Mother O' Mine," by Tours, and "A Brown Bird Singing" by Brown, thrilling passages in the latter song, to the pleasure of her audience.

Little Miss Jeanne Louise Robinson, 4 years old, greeted the mothers present, with the pleasantest of remarks.

"I have a greeting for each mother here. A long life of happiness, love and cheer," she said, giving a dainty "poxy" to each mother from the basket of pansies which she carried. At the conclusion of the program, Mrs. Margaret Hill and her committee served ice cream and cake.

## St. Ann's Altar Society to Give Barbecue

An event which is being pleasantly anticipated is the steak barbecue which is to be given by members of the second section of the Altar society of the St. Ann's Catholic church, Sunday at Anton Borchard's ranch, four miles west of Santa Ana on the Edinger road.

The regular, well known Borchard barbecue dinner is to be served from noon until 3 o'clock in the afternoon. After dinner those who care to do so, may play games which will be provided for their entertainment. The menu will include Spanish beans, salad, ice cream and cake.

The funds from the affair and from similar benefits which have been given and which are to be given, are to be placed in the building fund of the church. A new building for St. Ann's has become necessary as the number of parishioners has been growing steadily, making the present structure inadequate for the church needs.

## "Moav" Is Chosen As Name for New College Club

"Moav," an Egyptian word of mystic meaning, has been chosen as the appropriately unusual name for one of the several recently organized women's clubs on the Santa Ana junior college campus, and was approved at a meeting held yesterday.

Miss Grace Haskell, organizer of the club, was elected president. Other officers are Miss Margaret Westover, vice president; Miss Louise Ward, secretary; Miss Virginia Thomas, treasurer; Miss Frances Harper, publicity, and Miss Alice McChesney, social chairman. The next meeting of the Moav club will be held Wednesday night in the college "Y" hut, and pins will be decided on soon, it was learned.

## Bridge Party Is Farewell Event

Miss Elizabeth Hewitt, daughter of Mr. and Mrs. R. G. Hewitt, 524 South Ross street, was the home guest at a lovely bridge party given in the home of Mr. and Mrs. W. R. Waldren, 824 Hickory street, when Miss Lois Waldren and Miss Mary Stratton were co-hostesses. Miss Hewitt leaves Sunday for a visit in New York City and the affair was a farewell event.

Spring flowers of many lovely varieties were used about the home at the close of the bridge game. First prize was awarded to Miss Dorothy Carey and second to Miss Velma Forester, while the guest prize, a beautiful vanity case, was presented to Miss Hewitt.

Mrs. Waldren was assisted by Miss Myrtle Hynes in serving the dainty refreshment course. Those present were C. E. Misses Virginia Sawley, Dorothy Carey, Jessie McClain, Velma Forester, Winifred Triplett, Erma Borland, Monteen Casey, Doris Rohrbacher, Alberta Hewitt, the hostesses, Miss Mary Stratton and Miss Lois Waldren, and the honor guest, Miss Hewitt.

## White Shrine Plans Public Card Party

A representative membership of the White Shrine lodge met at the Knights of Pythias hall at the regular hour last night. Due to absence of Mrs. Elizabeth Lewis, worthy high priestess, who is attending the national convention at Columbus, O., Mrs. Marie Belsel, noble prophetess, presided during the short business meeting.

A card tournament followed the formal session and it was announced that at the next meeting of the lodge those who celebrate their birthday anniversaries in the month of May, will be the honor guests at the monthly birthday party. Plans were also made for a public card party to be given under the auspices of the lodge Thursday, May 29.

## Bridge Players Are Dinner Guests

Mr. and Mrs. Fred Newcomb, Mr. and Mrs. Orlin Robertson, Mr. and Mrs. L. Allen Wallace, Mr. and Mrs. Clarence Nisson met for dinner and bridge in the home of Mr. and Mrs. Loyal K. King on Panorama Heights last night. Mr. and Mrs. J. Frank Burke were guests. At the close of the bridge game Mr. and Mrs. Fred Newcomb were presented with the prize.

## Altruistic Tea Is Given in Tustin

Mrs. Jean Thorman and Mrs. Vera Hawkins were hostesses in the former's home in Tustin, to members of the Altruistic circle of the Pythian Sisters, at an Altruistic tea, recently. The affair took the form of a lovely handkerchief shower for Mrs. Emma Christenson, a war mother, who plans to leave shortly for France. In addition to the dainty handkerchiefs, many other appropriate gifts to be used while traveling, were presented the honored guest.

At the close to the afternoon, tea was served, with delicious strawberry shortcake.

Members present included Mrs. Gladys Peruzzi, and daughter, Beverly; Mrs. Grace Leinberger, and children, Mary Louise, and Billy; Mrs. Henry, Mrs. Mollie Smith, Mrs. Stella Riehl, Mrs. Mabel Hannaford, and son, Homer; Mrs. Ida King, Mrs. Mary Hardcastle, Mrs. Edith Mathews, Mrs. Sarah Mathews, Mrs. Bertha Trickey, Mrs. Gladys Kidd, Mrs. Inez Ariz, Mrs. Alice Gaylord, Mrs. Emma Christenson, and the hostesses, Mrs. Jean Thorman, and Mrs. Vera Hawkins, and the latter's son, Donald.

Interesting Ideas For the Living Room

Yesterday I told you about the clever dining room grill in the lovely Belgian farm house I recently visited. Today, I am going to tell you about the way the fireplace was made the outstanding feature of the living room.

Built against an outside wall in which there were no windows, it took up much of the wall space, springing from a generous ceiling. Book cases on either side brought the walls flush with the fireplace, space being left above them for pictures and various objects. A radio was built into one of the book cases.

The bricks in the fireplace were whitewashed, the walls tinted a deep cream, the wood work, floor and beamed ceiling stained a warm brown. Simple draw curtains of terracotta colored cloth were hung at the long windows, comfortable chairs, and divan hob-nobbed with some pieces of old walnut furniture, altogether, a room in which to sit and invite one's soul.

But it was the fire screen which took my eye! Fire screens are a necessity, but such sprawling, ungraceful, shin-catchers! The difficulty was cleverly handled in this house. The opening to the fireplace proper was probably four feet high and a little wider. Wrought iron gates which exactly fitted the hearth opening had been made and filled with iron screening.

These gates were securely hung on either side of the opening, and each gate in turn was hinged so that part of the gate could be turned back or all of it turned to screen a crackling fire. It was always there, but never in the way, and quite the cleverest thing I have ever seen.

## The Mary Louise KREG Program

SATURDAY  
10:45 a. m.—Your Sunday Dinner.

### ANN'S PANTRY SHELF

The current weekly leaflet on Cheese Dishes is free if you send a self-addressed envelope.

BACK NUMBERS can only be supplied for two cents each, to cover the expense in handling.

Just address Anna Meredith care of The Register and check any of the following you want, enclosing two cents each. AND a self-addressed stamped envelope (a long envelope if you have it).

- ....Calorie Total for 330
- ....Kinds of Food
- ....Satin Sheen Shampoo
- ....Exercises That Cure Constipation
- ....Croquettes and Fritters
- ....Children's Party Sandwiches
- ....Sandwich Butters and Spreads
- ....Cookies From Germany
- ....My Favorite Chocolate Cake
- ....Two Courses with Coffee

way, and quite the cleverest thing I have ever seen.

### TODAY'S RECIPE

- Mansion House Johnny Cake
- 1 cup yellow corn meal
- 1 cup white flour
- 4 teaspoons baking powder
- 1/2 teaspoon salt
- 3 teaspoons sugar
- 2 eggs beaten light
- 1 cup sweet milk
- 3 tablespoons shortening

Sift the dry ingredients all together, once is good, but twice is better. Beat the eggs foamy-light mix with the milk and use to make a smooth batter with the dry mixture.

Four hungry people can eat a rather large Johnny cake. Melt the shortening in the pan, tipping it so that the shortening will run over the sides well. Pour the batter into the pan and bake in a moderate oven for 20 to 25 minutes.

utes. The shortening left loose in the pan bakes into the corn bread and gives it a crisp delicious flavor unusual in corn bread.

Four hungry people can eat a pan of corn bread without much trouble, especially this kind. The calories total 1520 with energy calories in the majority. Watch out for this if weight is getting to be a serious question with you. . . . hot corn bread . . . butter . . . jam, certainly do run the scales up fast!

Cheese dishes, the subject discussed in the current leaflet, offers delicious ways of making things to serve in place of meat. Send a stamped, self-addressed envelope for a free copy this week.

Tomorrow we will have a good old stand-by recipe for dessert! Pineapple Tapioca Cream.

ANN MEREDITH

### WESTMINSTER

WESTMINSTER, May 2.—Mrs. Ned Clinton went Tuesday to Long Beach, where she spent two days with relatives. Mrs. Clinton is convalescing from a month's illness.

Mrs. Virginia Patterson spent Thursday and Friday in Long Beach, where she was the guest of her cousin.

Mr. and Mrs. Lem Hay entertained at dinner Tuesday evening. Their guests including a group of relatives composed of Mrs. Hay's two sisters and their husbands, Mr. and Mrs. Raymond Penhall and son, of this place; Mr. and Mrs. Otto Hoffman and family, of Costa Mesa, and her mother, Mrs. Alice Chandler.

Mrs. Ruth Penhall and Mrs. J. H. Walton visited Tuesday in Long Beach with Mrs. Walton's mother, Mrs. Ann Pope, who on Thursday came to the home of Mrs. Walton to remain for several days.

Mrs. Winifred Morris was a guest at a bridge luncheon in the home of Mrs. H. L. Rivers in Long Beach.

Bloomer Crane has been ill since his recent return from a motor trip to Idaho, where he went on business.

Mr. and Mrs. Douglas Fairbanks, of Los Angeles, spent Tuesday in the Blakey home.

Mrs. W. M. Schmidt, local Parent-Teacher association president, attended the art luncheon at Laguna Beach. Mrs. Fred Basse will substitute for Mrs. Clinton, vice president of the local organization, at the P-T. A. convention next week at Riverside, accompanying Mrs. Schmidt.

Mr. and Mrs. Raymond Burns visited in Santa Ana with Mr. Burns' parents, and at Talbert with Mrs. Burns' parents, recently.

Mrs. Caroline Nankervis, who has been with her daughter, Mrs. Caroline Olson, in Santa Ana, is now at her home here.

Mr. and Mrs. E. G. Emmerson, of Costa Mesa, were entertained at dinner one evening by Mr. and Mrs. A. A. Baker.

Charles A. Baker, of Jacumba, spent the week and visiting friends and relatives here.

Mr. and Mrs. Al Stennett, of Seventeenth street, were entertained at dinner Wednesday evening in the home of Mr. and Mrs. J. L. Edvard.

Mr. and Mrs. D. L. Gallagher and family motored to Newhall, where they spent the day in a nearby canyon where Mr. Gallagher spent a month's vacation in boyhood days and had not since seen. Returning, the Gallaghers stopped in Los Angeles to see an uncle, W. D. Gallagher, and family, and had the unexpected pleasure of being joined there by another uncle, Mr. Culver, and wife, who drove in from Bakersfield.

In spite of the inclemency of the weather Wednesday, the Happy Workers' dinner netted the sum of \$17.85, a fair crowd braving the rain to be present. The dinner was served by Mrs. R. E. Larter's committee.

A business meeting of the society was held in the afternoon and plans for raising funds for the treasury discussed. Mrs. Virginia Patterson was appointed to investigate one idea advanced as to its possibilities. Esther Weld rendered as a solo "Wonderful Words of Life" and an encore, accompanying herself at the piano.

May 9 has been set as the date for the next meeting of the P-T. A. of Westminster and this is to be an evening meeting held at the school. Parents are urged to be present.

The regular monthly meeting of the Westminster Chamber of Commerce is scheduled for next Monday evening at the library. The day for the meeting has been changed from Tuesday to Monday on account of it conflicting with the regular ball games played by the Westminster Night league team.

Over 1100 books went out from the Westminster library during the month of April, and 75 magazines.

### FOOT-SCRAPER

For spring weather, do not forget the lowly foot scraper. It saves the housekeeper the work of sweeping out the mud and gravel tracked in.

Eight Southern California cities contesting in Community Players tournament—pick the winner. Tonight and tomorrow, Temple theater.—Adv.

## WHITEMAN REVUE TO CLOSE TODAY

Playing for the last times today, Paul Whiteman and his orchestra are seen in "The King of Jazz," Universal's great all-color musical revue at the Fox-West Coast theater.

The picture opened here last Monday and has had five days of unusually large attendances.

A revue in every sense of the word, there is no plot, but more real entertainment is seen in the hour and a half of the show than in any picture that has been seen here in the past several months.

Almost a score of musical numbers are heard, together with a half dozen of the newest songs. John Boles, who was seen and heard here in "Rio Rita" and who sang in "The Desert Song," sings two numbers, "It Happened in Old Monterey" and "Song of the Dawn." Both are among the best in the show.

Other song hits heard are: "A Bench in the Park," one of the best in the show, and "Happy Feet," "Ragamuffin Romeo" and "I Like To Do Things For You." Jeanette Loff, Laura LaPlante, Myrna Kennedy and Glenn Tryon have leading parts in the performance.

"The Golden Pagoda," a sound picture and a Fox Movietone news-reel also are shown.

### GELATINE SALAD

There is always a "company air" about a gelatine salad. Also there is no better way to utilize a few left-over peas, beans, carrots, bits of meat and a hard-boiled egg or two.

## BEBE DANIELS IS WEST COAST STAR

Bebe Daniels, whose singing voice was the sensation of the 1929 film season and who will be remembered here in "Rio Rita," returns to Santa Ana today in her second appearance in an audible film, "Love Comes Along." The picture is to play for three days at the Fox-Broadway theater.

Miss Daniels sings four song numbers in the production, including "Love Comes Along" and "Night Winds" and is said to be given an even better chance to display her voice than in "Rio Rita."

Lloyd Hughes has the chief male part, while Montagu Love, Ned Sparks, Alma Tell and Lionel Belmore play prominent roles in the film.

The story is set on a mythical island where love and intrigue abound and where vengeance is meted out with startling swiftness. Hughes arrives there one day with his crew. He falls in love with Bebe who, as a stranded American actress, he finds singing in the garden. Montagu Love, boss of the island, objects to their love making and plans to kill Hughes. The lovers have a misunderstanding and Hughes believes that Bebe has been playing with him. He returns to his boat and then the climax of the story comes with startling action.

"When the Wind Blows," an "Our Gang" comedy, a Paramount song cartoon, a Pathe audio review and a Fox Movietone news-reel complete the program.

## NEW BATH HOUSE RATES

## CORONA DEL MAR

NEWPORT BEACH

IMPORTANT:

One does *not* have to dress in one's car—now—at the Corona Del Mar Beaches—then too, *that is against the law*

To Enjoy Low Rate

Bring your bathing suit and towel—use beautiful bath house, including "modern rest rooms," showers, large rotunda and deck porch, all day. Spacious, clean and light dressing rooms. Leave valuables with bath house attendant.

Law, order and refinement is demanded. The management caters to those who appreciate such environment.

NEW RATES

WEEK DAYS (Excepting Holidays) ALL DAY

Bath House Privileges (low rate) . . . . . 20 cents  
Privileges, Suit and Towel Furnished . . . . . 35 cents

SUNDAYS AND HOLIDAYS, ALL DAY

Bath House Privileges (low rate) . . . . . 35 cents  
Privileges, Suit and Towel Furnished . . . . . 50 cents

Privilege charge (low rate) includes use of rest rooms at any time during the day.

## Special Parties

BATH HOUSE FOR RENT—Private parties, wishing to bring their "ests," which they may serve in Pavilion dining room, with dance hall privileges, are offered attractive rates.

FOSTER KING, Manager

# Christian Science Lecture

By PAUL A. HARSCH, C. S. B. OF TOLEDO, OHIO

Member of the Board of Lectureship of The Mother Church, The First Church of Christ Scientist, in Boston, Mass.

Mr. Paul A. Harsch, C. S. B., of Toledo, Ohio, a member of the Board of Lectureship of The Mother Church, The First Church of Christ Scientist, in Boston, Mass., delivered a Christian Science lecture, "The Summons of Divine Love," last evening, in the church building, under the auspices of First Church of Christ Scientist, Santa Ana.

Mr. Harsch spoke substantially as follows: "In 1859, in the full vigor of her rapidly, though sometimes quite splendid mentality and when a large measure of well-merited success had rewarded her faithful labors, Mrs. Eddy in a public address said: 'Christianity is the summons of divine Love for man to be Christlike—to emulate the words and the works of our great Master' (The First Church of Christ Scientist, and Miscellany, p. 143). The summons of divine Love, again, one may be summoned by due process of law to appear before some tribunal of justice, and sometimes a high sense of duty, human responsibility, may act as a very imperative and arbitrary summons to undertake some grave task. Important as such a summons may be, it cannot compare with that which forms the subject of this lecture, the gentle but insistent call of divine Love to place the Christ-life in every human experience 'to emulate the words and the works' of Jesus."

Throughout her whole life and from the beginning to the end of her writings Mrs. Eddy testifies to the fact that Jesus' surpassing and sublime love for God and man so transcended that of others that no other influence in the history of mankind has more than approached it. Christian Science accepts the comparatively brief Biblical record of Jesus' life and work as direct truth, and classifies his demonstration as altogether Godlike. The words uttered by the "voice from heaven," as recorded in the Gospel according to St. Matthew, "This is my beloved Son, in whom I am well pleased," fully express the Christian Science thought concerning Jesus, the Christ.

**THE SUMMONS REPEATED**  
To repeat the story of Jesus to this audience, already familiar with every detail of it, is of course unnecessary. But to point out that there was a very striking similarity in the mental attitude of the world then, and when there came to it nearly nineteen centuries later, another summons from divine Love, may not be amiss. The decade 1850 to 1870 was a stirring one in the United States, the "promised land," as the Pilgrim Fathers were pleased to term it. Looking back to that older "land of promise," the Canaan of Israel and the experiences of its children, many felt that the trials of these later days were also preparatory for some great and uplifting impulse that would mean the speedy redemption of the world. A hymn then on the tongue of many Americans expressed this hope in the words, "Mine eyes have seen the glory of the coming of the Lord." Many were the hearts who eagerly sought for some sign that would give vitality to the hope kindling within them.

It was at this time of awakened and expectant consciousness, that is, in 1856, that there came to Mary Baker Eddy, since distinguished throughout the world as "The Discoverer and Founder of Christian Science," the experience which resulted in her giving again to mankind the always new, always old message of salvation, the message of divine Love, the message so magnificently brought before by Jesus, but seemingly lost through the murky mists of materiality. This message, during the nine years that followed, was translated by Mrs. Eddy into a clear, definite, simple, and scientific form, and as "Science and Health" was offered to the world in 1875. In the edition of this book now used in our church services and by all students of Christian Science, God is defined as "Incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love" (p. 465). It is of major importance to keep these synonyms of alternative names for deity fixed in thought if one desires to grasp the teaching of Mrs. Eddy. The close relation of Christian Science to the teachings of Jesus will also be the more readily observed.

**GOD DEFINED**  
God had long been defined as Spirit and Mrs. Eddy insisted upon the very obvious and logical deduction that His creation must therefore be wholly spiritual. Mrs. Eddy's second deduction, equally as logical as the first, but more disturbing to the human or mortal consciousness, was that the revealing light of a veritable universe with a scientific exactness and perfection that the so-called human or mortal mind could but faintly conceive; divine Mind ever present and revealing itself to its children, its ideas, at all times. In addition, God is now presented for the first time as Life—divine Life—indestructible and eternal. The human or mortal sense of life, temporal and transitory, is explained as a phase of belief, something to be discarded in the life-giving reality of this correct concept of Life as God. It may be added, there is no room for sin, sickness, poverty, failure, or even death itself.

The Call of Christian Science to the summons of divine Love to accept this good God as the all and only God; to accept divine Mind as the only intelligence; to accept divine Truth as that which only declares the reality and perfection of God; to accept divine Principle as the source of all supply, ever present and always available.

**ORIGINALITY OF MRS. EDDY'S POSITION**  
This was Mrs. Eddy's original position and she never deviated from it in the slightest respect. And now, it must be admitted, each day adds its evidence to the correctness of Mrs. Eddy's premise. The world of material science, for example, is

which for years have comforted the hearts of many Christian people that "Prayer is the heart's sincere desire, uttered or unexpressed," and while this desire may be small and may first appear as the result of some sore human need it must be present in some degree at least. Then the hungry heart is forming its first halting prayer, and this step taken, there is every reason to proceed confidently. The summons to abandon every tendency toward evil and away from good, always rings out clearly and firmly just so long as the desire for it is present; that is, so long as a humble and earnest prayer continues; and what a boon to mankind is this new understanding of prayer gained in Christian Science! So important did Mrs. Eddy consider the subject of prayer that she dealt with it first in the Christian Science textbook. It constitutes the opening chapter. In this chapter she describes prayer as implicit and complete faith, an understanding of God used from all materiality; a desire divorced from merely human or selfish will, and seeking only to have the divine will expressed. She also points out that gratitude itself is a most efficient and helpful form of prayer, and fits one who thus frames his petition to receive an abundant outpouring of divine good.

What does this prayer for divine guidance profit, however, if when the call is heard, there is no willing and ready response? Prompt and joyous obedience is the companion of honest desire. It implies confidence in God, without which little progress can be made in any direction. Given such confidence with unquestioning and whole-hearted obedience, and success is in a large measure assured. "Keep my commandments, and live" is the divine command and the divine promise. To obey the voice of God when in His goodness, He speaks to His children, is an earnest prayer for humility and wisdom, a prayer that all self and selfish purposes may be subordinated, is essential. It places the feet of such a one on a firm and solid ground. The treacherous and shifting sands of materiality yield no such permanent foothold. No solid super-structure was ever built on such foundation.

Christian Science makes this clear at the outset and leads to the spiritual rock, the Christ, Truth. Grounded on this firm foundation, the work may proceed. The builder whose consciousness is open only to the call of the divine voice will faithfully insist upon the fact that God's creation, which included, is perfect and complete now, as always. He will then, from that standpoint of correct thinking, proceed to prove his perfection as a child of God. Nor will he yield to discouragement if faithful, patient, and persistent effort is required, for while Christian Science makes it very clear that perfection here and now is man's inalienable birthright, it also recognizes the fact that the sanctuary of consciousness must be cleansed before this can be fully realized.

**SUSTAINED EFFORT ESSENTIAL**  
Today this "summons of divine Love" is louder and clearer than before, and those who are heeding its call are legion. Each life may prove itself a masterpiece, each act a blessing! But the need for patient persistence in all things good is as great today as yesterday. "For present must be upon present, present upon present; line upon line, and precept upon precept, and a little and a little," and this is the un-failing rule now as when it was first laid down by the prophet. Let the beginner in Christian Science, that one whose first somewhat faltering steps are just being taken, remember that one least grain of Truth, clung to faithfully, will bring him unfailingly into a larger understanding.

Through small beginnings and constant, faithful practice truly magnificent results are attained. It is the experience of one, the simple and earnest declarations of the power and presence of divine Truth which comprise his knowledge of divine Science have seemed to accomplish little, let that one rejoice over his present knowledge, even though small, and recall the forty long and patient years of preparation in the desert, which enabled Moses finally to speak with God face to face at the burning bush. Let him recall, too, the patient performance of the humble heart, that marked so large a part of the life of Lincoln. Let him recall as well the trying years of seemingly fruitless effort that preceded Mrs. Eddy's discovery of Christian Science. Then let him still reflect upon the infinite patience and faithful perseverance she continued to express as day by day, in all things great and small, she strove to live the Christ-life so completely that "the summons of divine Love" which had come to her might be passed on to others in all its distinctness and beauty. Thus was her masterpiece achieved, and thus, and thus alone, may the seeker for divine good achieve to any degree of excellence. Because he quickly learns that this is true, the beginner should not weary in well-doing, but each day rejoice anew that he has made some progress in the direction of this higher hope and continue to push on.

**"OBEDIENCE TO LAW IS LIBERTY"**  
Consider also at this point, if you please, how truly the whole long and active career of Mrs. Eddy proved the truth of the ancient axiom, "Obedience to law is liberty," always bearing in mind that the divine law which includes and covers all law is intended. When "the summons of divine Love" came to her she never failed to obey implicitly and wholly. No sacrifice, no personal comfort was too great. No thought of self or individual opinion delayed her decision. The mandate of Love, of divine law, was joyously accepted and faithfully executed. She quickly demonstrated to her satisfaction that compliance with each such demand insured a spiritual advance with its corresponding reward. The student of Christian Science who

strives to follow her example is doing well. He too is learning the need of exact obedience, if he would escape the pitfalls of material sense, and discovers that following the pathway of obedience does lead to liberty in its fullest sense.

**DIVINE VERSUS HUMAN LAW**

Law, literally, is that which lies evenly or in a fixed or established position, as in the Scriptural statement, "In the beginning was the Word, and the Word was with God, and the Word was God;" that is, law is the fixed and established and eternal truth laid down by God "in the beginning." Law, correctly speaking, then, is not a result of human knowledge or experience. It is rather that which is human knowledge or experience. It is rather that which is based on God, eternal Principle, alone, and therefore unchangeable and everlasting. It is not law which confines the prisoner to his cell; disobedience alone does that, and a return to obedience, discipline, order, righteousness—right thinking—frequently gains him speedy freedom.

Much that is called law has, however, by our own consent, often-times confined us to prison cells of sickness, unhappiness, even misery, and sometimes actual want. Christian Science breaks the mesmerism of these mortal mind laws by pointing out the infallibility of divine law and the inconsistency of everything opposed thereto. Consider, for example, but one of these so-called laws made by the human or mortal mind concerning its own creation, namely, mortal man. This man it is, to be sure, made up of blood, flesh, bones, nerves, heart, lungs, and many other things. The action and reaction, each upon the other, of these various component parts and the abnormally or sub-normally of such action can be accurately determined, it says, by the use of certain instruments. Probably no mechanical aid employed in medical practice more fully satisfies this belief than the familiar stethoscope. For many years it has been used upon the tales told the listening ear have been put forth with a strong sense of authority.

A recent press dispatch from New York bearing on this subject is of more than passing interest. According to this dispatch, a group of insurance officials gave very earnest consideration to the large number of incorrect physical diagnoses resulting from inaccuracies recorded by this instrument. Dissatisfaction was expressed because the stethoscope had proved, by its own operation, an inaccurate spiritual law, has been recognized. When this recognition dawns in human consciousness, healing results as certainly as darkness responding to an invariable physical law disappears with the introduction of light. Furthermore, it is quite as idle to speculate as to what has become of the disease and where it has gone as it would be to seek to locate and segregate the darkness from the light. It is this operation of an immutable spiritual law which operates when divine Love destroys hatred, malice, revenge, and jealousy, and when divine Mind destroys ignorance in its varied phases. To grasp even in a degree the positiveness of this law of God and the certainty with which it operates in human consciousness is at least to begin to understand why Mrs. Eddy linked the words Science and Christian and called her discovery Christian Science. It is to understand in some measure why she said these two words are among the most important in all the category of words known to mankind.

**PHYSICAL HEALING EMPHASIZED**  
The healing of disease in Christian Science has been likened by Mrs. Eddy in a rather stirring way to the ringing blast of the bugle that awakens and arouses. While she warns that the healing of disease is by no means all of Christian Science, yet again and again she emphasizes its importance. Physical suffering often seems to be the means through or by which mortals are awakened to their real need. It not infrequently shows to their gaze, when uncovered, a mental state quite as unlovely to them as it has been to their friends or family. Once uncovered and destroyed, it leaves them free to progress more rapidly. A patient was quickly healed, for example, when with Moses in the tent, which God had entrusted entirely to the latter, he was enabled to relinquish his hard and clutching hold on the material wealth he had accumulated during a busy life. The joy of giving brought into his experience a new and richer sense than he had ever before understood. A desperate physical condition was corrected in another patient when he relinquished his fear, long-entertained of poverty, lack, and want, and accepted the glad fact that he was a son and with all that meant. "Thou shalt love thy neighbor as thyself," These are equivalent to the statement that love for God and for man is fundamental. The student of Christian Science, accepting this premise, strives to gain a clearer sense of God as Jesus presented Him, and also a better sense of man as brother, as true idea.

Crosses men and women in the past have sought to gain this understanding, but few have felt satisfied with the progress they made. One of the earliest recorded instances of a successful effort to reach the goal of better understanding is that of Jacob. He had left his home when there was a cloud of serious disagreement between him and his brother, but he had found a new home in a foreign land and had prospered there. Now at a mature age and with a large family, he finds it expedient to make another recent danger, that is, the fear of confiscation of his material wealth by his father-in-law, he finds himself about to face the brother whom he still believes he had wronged long years before. Between the upper and nether millstones of his love of material possessions and fear of their loss, he now finds himself in a human extremity from which he at first sees little hope of escape. Being delivered. Yet in this extremity, as his habit, he turned wholly and reservedly to God, to that divine intelligence that had before so often guided him. His human sense of right and justice had no doubt previously suggested to him that he should make some restitution to the brother whom he had so long ago

deprived of his birthright. He now proceeded to act upon this sense of what was his right to do. This decision made, he no longer persecuted, but, dividing his substance in a most generous way, quickly dispatched that portion to Esau which he felt would correct the mistake of long ago. This step seemed to clear the way for a closer communion with Spirit. For, that very night there ensued the wrestling with the angel, as it has been called. In this experience the light of brotherly love flooded his consciousness that when he met Esau on the morrow he was able to say, "I have seen thy face, as though I had seen the face of God, and thou wast pleased with me." Jacob's false sense of his brother as a revengeful mortal expressing hate and malice had been replaced by a right sense of man as loving, merciful, kind, and helpful. Consequently, when he met his brother, he saw nothing else, and the reign of heaven's divine harmony prevailed.

**ILLUMINATION OF SPIRIT**  
A quick and complete realization of this true state of brotherhood once provided a Christian Scientist with an unusually rich experience. The healing of a patient, located in a hospital, but not there through his own volition, at first rapid, had been apparently checked by the practitioner's annoyance at the presence of a physician who seemed constantly to interfere with his work. When, upon recalling the experience of Jacob, he was able to see the face of his brother as he saw man as a spiritual idea, he was compassionate, and equally anxious to serve his fellow-man, peace flooded the Christian Science practitioner's consciousness, for he then realized that love for God and man was the only power that could animate himself, his patient, or anyone. All were alike, in reality, the spiritual "sons of God," made in the image and likeness of the one divine Spirit. Seeing this, no false sense about the person or any thing connected with the case remained, and the sick man was promptly healed, all unnecessary medical supervision instantly removed, and the mental tone of the whole ward so elevated that in a week it was vacant. This healing, it should be remarked, occurred in a military hospital where Christian Science aid was acceptable to those in authority.

Spiritual Illumination of this character heals, not sometimes, but always; for it must heal; and, the operation of an immutable spiritual law, has been recognized. When this recognition dawns in human consciousness, healing results as certainly as darkness responding to an invariable physical law disappears with the introduction of light. Furthermore, it is quite as idle to speculate as to what has become of the disease and where it has gone as it would be to seek to locate and segregate the darkness from the light. It is this operation of an immutable spiritual law which operates when divine Love destroys hatred, malice, revenge, and jealousy, and when divine Mind destroys ignorance in its varied phases. To grasp even in a degree the positiveness of this law of God and the certainty with which it operates in human consciousness is at least to begin to understand why Mrs. Eddy linked the words Science and Christian and called her discovery Christian Science. It is to understand in some measure why she said these two words are among the most important in all the category of words known to mankind.

**FOUNDATION OF HEBRAIC LAW**

Concerning two of the basic stones in the foundation of Israelitish law Jesus said, "On these hang all the law and the prophets." Of these, the first is, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." The second is, "Thou shalt love thy neighbor as thyself." These are equivalent to the statement that love for God and for man is fundamental. The student of Christian Science, accepting this premise, strives to gain a clearer sense of God as Jesus presented Him, and also a better sense of man as brother, as true idea.

Crosses men and women in the past have sought to gain this understanding, but few have felt satisfied with the progress they made. One of the earliest recorded instances of a successful effort to reach the goal of better understanding is that of Jacob. He had left his home when there was a cloud of serious disagreement between him and his brother, but he had found a new home in a foreign land and had prospered there. Now at a mature age and with a large family, he finds it expedient to make another recent danger, that is, the fear of confiscation of his material wealth by his father-in-law, he finds himself about to face the brother whom he still believes he had wronged long years before. Between the upper and nether millstones of his love of material possessions and fear of their loss, he now finds himself in a human extremity from which he at first sees little hope of escape. Being delivered. Yet in this extremity, as his habit, he turned wholly and reservedly to God, to that divine intelligence that had before so often guided him. His human sense of right and justice had no doubt previously suggested to him that he should make some restitution to the brother whom he had so long ago

deprived of his birthright. He now proceeded to act upon this sense of what was his right to do. This decision made, he no longer persecuted, but, dividing his substance in a most generous way, quickly dispatched that portion to Esau which he felt would correct the mistake of long ago. This step seemed to clear the way for a closer communion with Spirit. For, that very night there ensued the wrestling with the angel, as it has been called. In this experience the light of brotherly love flooded his consciousness that when he met Esau on the morrow he was able to say, "I have seen thy face, as though I had seen the face of God, and thou wast pleased with me." Jacob's false sense of his brother as a revengeful mortal expressing hate and malice had been replaced by a right sense of man as loving, merciful, kind, and helpful. Consequently, when he met his brother, he saw nothing else, and the reign of heaven's divine harmony prevailed.

**DISCOURAGEMENT OVERCOME**  
When discouragement knocks loudly at the door of human sense and the student of Christian Science seems almost overwhelmed by a rush of tormenting arguments, such as uncertainty, doubt, failure, and hopelessness, he realizes it to be an especially opportune time for him to listen with more than ordinary care for the gentle summons of that ever-present Love he is seeking to obey. This summons often comes in unexpected ways and as a result of unusual experiences. One whose work had carried him to a distant land, where he seemed quite alone and compelled to work out his problem unaided, and indeed with some seeming disagreement among his associates, finally found himself confronted with apparent failure. Weeks of earnest work seemed to have been wasted, and results that appeared to be highly desirable of attainment were becoming less probable each hour.

Standing in a rather hopeless mood before a window of his room, he gazed out upon a scene equally depressing. Clouds were low, gutters dripped from a recent storm,

and general gloom seemed to prevail. All inside corresponded with the outward prospect. Human planning and self-will had all unconsciously gained a foothold in his thought, and this had obscured the sunshine of Truth and closed his ear to the "still small voice." But at last the fullness of all human ways and means became apparent, and forced to abandon all reliance on persons or personal plans, he was ready to listen to the voice of God, good.

Instantly the light began to break—"soft and clear,"—and then came the call of Love, like the ringing of vesper bells—came in the words of a familiar hymn (Christian Science Hymnal, p. 259),

"The clouds ye so much dread  
Are big with mercy, and will break  
In blessings on your head."

"His purposes will ripen fast,  
Unfolding every hour."

And God's purposes did "ripen fast" and in a very definite way. Three days later the Scientist's work was well and successfully established. Harmony marked every step of the way, and the results were even finer than had been anticipated. Thus he learned not only the folly of yielding to a sense of discouragement, but the equally important lesson of being willing to let the divine plan mature and unfold in its own way, unaided by human means. His work, he learned, was to take those steps only that divine Mind indicated as his to take, leaving all else to the direction of that one perfect intelligence.

**PRIDE AND ARROGANCE DESTROYED**

Sometimes the harsh and strident voices of pride, self-love, and self-pity seem to drown the richer, deeper notes of the ever-constant voice of Love, and the latter appears to pass unheeded. It is then, as students of Christian Science, quickly learn to know, if the flame of honest, earnest desire has not burned through the ego, the experience, possibly not always a pleasant one, but always a needed one, will awaken them to their danger. Numerous incidents of this sort might be cited, but one will suffice. Recall the experience of Joseph, the younger son of a rich and possibly over-indulgent parent. Dreaming of power and authority over his family, he could not refrain from telling his brothers about it. They contrived to sell him into slavery, and through years of bitter experience, which he learned to love and value, he came to realize the value of his splendid character, that had tempted him to be so proud, so self-love, so self-pity. When all desire for place and power had disappeared, when pride had been silenced, and even self-pity forgotten in the busy round of his prison duties, there came to Joseph an opportunity, almost unparalleled in history, to serve the superabundant multitudes of Pharaoh's kingdom, and to rescue his own family through the pressing years he had learned to love and value. He was able to do this because he had learned to love and listen for the voice of his ever-present God, and the record bears testimony to the added fact that through many future years of useful activity he never lost contact with that guiding voice nor did his ears ever become deaf to its call. He had learned, in the language of Scripture, that "by humility and the fear of the Lord are riches, and honour, and life."

**DIVINE MIND THE ONLY EGO**  
Two very common causes of discord and disease are self-righteousness and self-depreciation. They are a pair of earth-born, earth-bound twins which are so common that few need a special introduction to them. They may easily and must certainly be cast out. Consider for a moment the first of these, self-righteousness. How it deceives and deludes! Its insidious arguments urge to mistaken steps and acts that frequently lead to disaster and disease—sometimes death. Recall one more Bible incident, Miriam, the impetuous sister of Moses, led the rejoicing after Israel's deliverance from great danger. Here she was expressing her real selfhood, joyous, buoyant, grateful. But apparently she had not yet gained a clear concept of the power behind the works performed by Moses. She had faith, but little understanding. Yet she had no hesitation in demanding, almost immediately after, for herself and Aaron, an equivalent with Moses in the fact which God had entrusted entirely to the latter. Instantly she was stricken with the most dreaded malady known to her people, and was saved only by the intervention of Moses, who was able to pray to God for her healing, as well as for the forgiveness of the foolish ambition and self-righteousness that had seemed to control her. She had responded not to the call of divine Love, but to the call of selfish ambition, the call of ignorance, the call of egotism, which said to her, "I am someone great one." Her ears heard not the summons of the meek and understanding voice until she began to glimpse the fact that God alone reigns—or, as Mrs. Eddy has stated it in this age on page 468 of Science and Health, "all is infinite Mind and its infinite manifestation." "There is no life, truth, intelligence, nor substance in matter." Through this lesson, however, Miriam became a sound and strong link in the chain of those who created ones who finally won their way to freedom and a large knowledge of God as the great I AM.

The lesson of Miriam is one that all must learn; the tremendous lesson that Mind is all and matter nothing; that Love and its substance is powerful to save; that ignorance of God and His idea, man, must be replaced by divine intelligence, the truth of being. This is the magnificent platform on which Christian Science rests, and where it differs from all other teachings save that of Jesus alone. But with this platform as the basis for his work, anyone who will learn to apply the teaching of Christian Science may attain to some degree of skill in the healing of disease and sin. Realizing this, each earnest student of Christian Science today will concern himself solely with his own activities; that is, his own thinking and living. He may feel confident that if this thinking be in accord with the divine Father, Mother Mind, his every step will be forward, an inspiration and help to his fellow-man. Furthermore, even such step will be in support of the activities inspired by divine Love. Thus impelled, he is truly and most helpfully forwarding the cause of

the Christ and participates in sending out the glorious summons to "emulate the words and the works of our great Master" (Miscellany, p. 148). And, whether it be in the market-place, alone in the field, or about domestic duties, the mental call will go out ringing sweetly, cheerfully, buoyantly, perpetually. He may be assured of receptivity to the summons thus broadcast, and that it will not be forgotten. It will fasten itself in consciousness with the tenacity that Love alone comprehends, and at some future time the halls of memory will resound with its welcome appeal.

**A GLORIOUS TASK**

What a glorious task this is and how joyfully all may respond to the opportunity so constantly presented to cast out every quality unlike the divine! To be sure, it is a constant mental warfare in which everyone is required to engage; but only through struggles and victories are lasting honors gained. Thus Mrs. Eddy contended with and prevailed over the so-called powers of mental evil which for centuries had maintained a pall of spiritual darkness throughout the world. Her success has been the inspiration of countless thousands during the past sixty years, and now we in turn, living in the sunshine of this new era of mental freedom, blessed by the presence of its effulgence, encouraged by the association of thousands of others whose hopes and aims are similar, have the indescribably glorious privilege of establishing here and now our own emancipation.

**RIGHTEOUS EXALTATION**

We are told that "righteousness exalteth a nation," and assuredly it is right thinking, spiritualized thinking, which is righteousness, that exalteth every man. Oh, the joy, the happiness, the health, the honor, the wealth, that is ours when our gaze contemplates only that which God, the Love, summons us to consider. The mean, the unwholesome, and the unclean; the selfish, the base, and the common; the shallow and unworthy, all fade away. "Joy cometh in the morning" of this spiritual awakening. Listen, then, in conclusion, to the words of the great lawgiver: "Hear, O Israel: The Lord our God is one Lord; and thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might. And these words, which I command thee, say, shall be in thine heart; and thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up. And thou

shalt bind them for a sign upon thine hand, and they shall be as frontlets between thine eyes; and finally to those of the beloved disciple: "And this commandment have we from him, That he who loveth God love his brother also." This is the summons of Christian Science—"The summons of divine Love."

**SMOOTH WALL PAPER**  
If your rooms have been papered twice or even once before, you will get a much neater job with new paper by removing all previous paper.

**Right Ideal**

This six year old athlete is the daughter of Mrs. L. Aguerrebe, 4532 E. First St., Los Angeles, Cal. She says: "Lucille's wonderful condition shows my idea is right."

"Whenever she's the least cross or upset, or has a cold, I give her a little California Fig Syrup. It always brightens her up; regulates her stomach and bowels; gives her a hearty appetite. I have used it with Lucille since she was a baby, and it has never failed to help her promptly."

All children love the rich, fruity flavor of California Fig Syrup, pure vegetable product. It doesn't gripe or sicken. It always acts gently but thoroughly to cleanse the system of biliousness, headachy, constipated children. Doctors say it tones and strengthens weak bowels. Try it with your child. See how had breath, coated tongue or feverishness disappear!

The name California marks the genuine, famous for 50 years. So look for it when buying.—Adv.

the Christ and participates in sending out the glorious summons to "emulate the words and the works of our great Master" (Miscellany, p. 148). And, whether it be in the market-place, alone in the field, or about domestic duties, the mental call will go out ringing sweetly, cheerfully, buoyantly, perpetually. He may be assured of receptivity to the summons thus broadcast, and that it will not be forgotten. It will fasten itself in consciousness with the tenacity that Love alone comprehends, and at some future time the halls of memory will resound with its welcome appeal.

**A GLORIOUS TASK**  
What a glorious task this is and how joyfully all may respond to the opportunity so constantly presented to cast out every quality unlike the divine! To be sure, it is a constant mental warfare in which everyone is required to engage; but only through struggles and victories are lasting honors gained. Thus Mrs. Eddy contended with and prevailed over the so-called powers of mental evil which for centuries had maintained a pall of spiritual darkness throughout the world. Her success has been the inspiration of countless thousands during the past sixty years, and now we in turn, living in the sunshine of this new era of mental freedom, blessed by the presence of its effulgence, encouraged by the association of thousands of others whose hopes and aims are similar, have the indescribably glorious privilege of establishing here and now our own emancipation.

**RIGHTEOUS EXALTATION**

We are told that "righteousness exalteth a nation," and assuredly it is right thinking, spiritualized thinking, which is righteousness, that exalteth every man. Oh, the joy, the happiness, the health, the honor, the wealth, that is ours when our gaze contemplates only that which God, the Love, summons us to consider. The mean, the unwholesome, and the unclean; the selfish, the base, and the common; the shallow and unworthy, all fade away. "Joy cometh in the morning" of this spiritual awakening. Listen, then, in conclusion, to the words of the great lawgiver: "Hear, O Israel: The Lord our God is one Lord; and thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might. And these words, which I command thee, say, shall be in thine heart; and thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up. And thou

shalt bind them for a sign upon thine hand, and they shall be as frontlets between thine eyes; and finally to those of the beloved disciple: "And this commandment have we from him, That he who loveth God love his brother also." This is the summons of Christian Science—"The summons of divine Love."

# THE WEEKLY PANTRY SHELF

## Nutrition Advice Given Housewives

BERKELEY, May 3.—Spend as much money for fruits and vegetables as for meats, poultry and fish; spend for fruits and vegetables one-fifth the total amount spent for food. This is the advice given farm housewives by Miss Hilda Daust, nutrition specialist of the University of California Agricultural Extension Service, in Nutrition Program, a circular intended for project leader training in home demonstration work.

Other advice given is: provide at least two servings of vegetables each day, beside potato, for each member of the family, one a green leafy vegetable; have a raw fruit or vegetable each day; provide two servings of fruit each day.

The circular deals principally with salads, salad materials and salad dressings. Recipes for preparation of salads and dressings are given; directions for the selection of materials are outlined.

### OLIVE

OLIVE, May 2.—The Walther league of St. Paul's Lutheran church enjoyed a progressive dinner given by the girls of the society. The members met at the school, where they were directed to go to the home of Mr. and Mrs. Robert Paulus, where the first course, a

fruit cocktail, was served. From there the party drove to the home of Mr. and Mrs. Carl Gollin, where they were served with a chicken dinner by Mrs. Gollin, assisted by her daughter, Mrs. Edward Guntner. Moving on to the home of Mr. and Mrs. C. O. Heim, dessert of pie a la mode and coffee was served by Mrs. Heim.

Members of the party were Harold Paulus, Arnold Otto, Henry Ruesch, Edwin Lemke, Elmer Heim, Arthur Lemke, Robert Paulus Jr., Irwin Krage, Erwin Paulus, A. W. Schmid, E. H. Krelt, and the Misses Esther Heim, Florence Heim, Marie Breije, Josephine Luchau, Rosa Brott, Sarah Gollin and Meta Paulus.

Mr. and Mrs. William Passich, of Santa Barbara, were week-end guests of Mr. and Mrs. Robert Paulus.

Mr. and Mrs. Walther Krage were given a surprise Monday evening, in observance of their 20th wedding anniversary, when the following relatives and friends gathered at their beautiful new home on North Glassell: Mr. and Mrs. Albert Heim, Mr. and Mrs. A. W. Schmid and children, Mr. and Mrs. Fred Kamrath and children, Mr. and Mrs. Paul Struck, of Orange; Mr. and Mrs. William Schlueter, of Fullerton; Mrs. A. Mensenkamp and Albert Mensenkamp, of Orange.

Friends of the Walther league of St. Paul's Lutheran church, together with the Walther leagues of Immanuel Lutheran church in Orange and Trinity Lutheran church

in Santa Ana, were guests of the Junior Walther league of Zion Lutheran church in Anaheim Wednesday night. The evening was spent with singing songs, a brief dialogue by the Anaheim juniors, stunts by the different societies, and the game of hearts. At a late hour a luncheon of ice cream, chocolate and wafers was served.

The Olive leagues present were the Misses Meta Paulus, Sarah Gollin, Rosa Brott, Josephine Luchau, Marie Breije, Esther Heim and Florence Heim and Erwin Paulus, E. H. Krelt, Irwin Krage, Robert Paulus Jr., Arthur Lemke, Henry Ruesch, Edwin Lemke, Arnold Otto and Harold Paulus.

### LOS ALAMITOS

LOS ALAMITOS, May 2.—A co-tee party sponsored by the Willing Workers' club was held Wednesday in the home of Mrs. C. A. Wachter. Four tables of players were present in spite of the rain. High score was made by Mrs. William Armfield, with consolation going to Mrs. O. S. Taylor.

Steve Green has purchased a half interest in the Bob Murphy chop house at 1904 Robinson boulevard, Culver City. Mr. Green assumed the management May 1.

Mrs. Ed. Hollenbach, formerly of Los Alamitos, was a guest of Mrs. Florence Mix Tuesday.

Mr. and Mrs. August Labourdette of Balboa, were guests Sunday in the home of Mr. and Mrs. I. W. Green.

Mrs. Charles Alden of Howard street is visiting her daughter, Mrs. Robert Reid, in Long Beach. The next regular meeting of the

## LAGUNA BEACH

LAGUNA BEACH, May 2.—A board of examiners on appeal from provisions of the building ordinance was appointed by the city council in special meeting Wednesday evening, the city engineer was instructed to proceed with the work to improvement district comprising Glenneyre and other streets and an alley and in the district taking in 17 streets on the Cliffs, and the report of City Attorney Leslie F. Kimmell regarding the claim of Percy Wise Clarkson was heard. It being a special meeting, no other matters came before the council.

A letter from William R. Cochran, written for the Laguna Hotel company, stated that plans for its projected building at Laguna avenue and Coast boulevard, site of the Laguna hotel torn down about a year ago, complied with requirements of the state housing act and of the ordinance of the city of Los Angeles but not that of Laguna. It asked for the appointment of a board of examiners in an appeal from the provisions.

After considerable discussion and the answering of questions, frequent references being made to the provisions of the law, it was agreed by the councilmen present that the only course was to appoint the board asked, and which is provided for in the ordinance itself. The point at issue is the elimination of a firewall, required for each 4000 square feet of floor surface. The law sets forth qualifications of those to serve on the board. Appointments made on motion of Councilman William W. Riddell were John L. Brinkels and Charles J. Coll as construction engineers, Aubrey St. Clair as architect, Roy M. Ropp as builder, Leslie F. Kim-

well as attorney. It was the expressed opinion that these are to serve only in the appeal made and not for future appeals.

Mayor James E. Bishop brought before the council the matter of engineering for the city with the statement that "we want to get out of the engineering problem with as little hostility and with as little friction as possible." He thought a compromise possible and said it had been suggested that the present city engineer, Arthur J. Stead, get full compensation for work performed. Setting it forth as a theory, he thought that the Glenneyre and associated work and the Cliffs streets should be continued under the present engineer in order that he receive compensation. He thought that the Arch Beach sewer job should be handled separately and speedily under arrangements to be made later. In the latter job, he thought that whoever takes it up should advance money to Mr. Stead for expense incurred.

In answer to the question by Councilman Frank E. Champion as to why make change before the job is completed, the mayor replied that they were obligated to do something of that order, that the carrying on of work be under some other inspector.

Mr. Stead said that he had a great deal at stake, both in money and reputation, and would like a very complete investigation in every detail. Commenting on the general plan, he said that he could not say just what could be done prior to the legal proceedings being fully understood. He could see the need of an investigation, he said, in order that the members of the council be fully informed.

The city attorney reported on the claim of Percy Wise Clarkson adversely, recommending that no payment be made. Decision was deferred to the next regular meeting.

## STANTON

STANTON, May 2.—Mrs. Joe Bernal, of Bellflower, visited Mr. and Mrs. B. F. Wright and Mrs. Nellie Straw Tuesday. Mrs. Straw spent last week with her sister, Mrs. A. M. Pierce, of Los Angeles. Monday evening Mrs. Pierce and Mr. Cassaday brought Mrs. Straw home and spent the evening with the family.

Arthur Lindley has added three rooms to his home and pointed it. Sunday, Mr. and Mrs. Lindley and children drove to Los Angeles, where they were joined by Mrs. C. Elrod. They had luncheon in Griffith park.

Mr. and Mrs. E. E. Miles visited Mr. and Mrs. J. Quarant in Los Angeles Sunday. Mr. and Mrs. B. DeWitt and two daughters, Lavone and Gene, of Anaheim, spent one day with Mr. and Mrs. Miles.

Mr. and Mrs. F. L. Rinehart have moved onto the ranch on the Ball road they purchased a year ago. Since buying the place they have enlarged and rebuilt the home and thoroughly renovated the whole ranch. They intend to make it a model country residence and a permanent home. Mr. Rinehart owned real estate at Newport and Balboa but has sold most of it. He was connected with the Newport Boat Builders and formerly was street superintendent at Newport Beach.

# THE WEEKLY PANTRY SHELF

## SAN JUAN CAPISTRANO

SAN JUAN CAPISTRANO, May 2.—The natal anniversary of Mrs. Carl Romer was observed with a surprise dinner at a Dana Point cafe Sunday. Mr. and Mrs. Arley Leck, Mr. and Mrs. C. Echenique, of Capistrano, and Mr. and Mrs. Romer were present.

En route to their home in New Brunswick, Can., Mrs. Hugh O'Neill and sons have left here after a visit with her parents. Mr. and Mrs. Henry Vandervort, Mrs. O'Neill will visit a sister in Detroit.

Mr. and Mrs. E. M. Nise had as house guests last week end their nieces, the Misses Marion and Natalie Trowbridge, of Los Angeles, and the Misses Margaret Payne and Mary Shane, of Redondo Beach.

Harold Case, leader of the April

4-H club, conducted his Capistrano party on a tour Saturday, visiting among other places, the county health camp, Charles Ross, William McGee, Robert Cook and Pancha Forster were among those who attended.

Mr. and Mrs. Kenneth Haas have arrived from Downs, Kas., and will make their permanent home in Capistrano. Mrs. Oscar Guilbert of this city is the aunt of Mr. Haas.

Mrs. W. J. McHenry and Stanley Gould carried off the honors at bridge in a pleasant public affair sponsored by the Woman's club April 25, when the garden section of the club had charge. Mrs. McHenry and Mrs. H. H. Halliday were hostesses.

Edmond Murphy, scoutmaster of Boy Scout troop No. 12, visited his friend, Leonard E. Baker, in Santa Ana last week and also his mother, Mrs. Bertha Murphy, in Orange.

Mr. and Mrs. John Daneri, of McKinley avenue, were visited over the week end by Mrs. E. Shrewsbury and daughters, the Misses Bernice and Helen, of Los Angeles.

Miss Helen Nelson accompanied 18 members of the Girls' league to the high school, of which group she is advisor, on a beach supper party at Dana Point strand.

The physics class of Capistrano high school visited the Ford plant in Long Beach, April 25, conducted by Professor Hubbard.

Mrs. Mildred Pickard of the grammar school faculty, gave a bridge tea Saturday afternoon in compliment to Mrs. T. Burke, mother of Mrs. Frank Hauser. A dozen friends were invited.

Marie and Henry Peralta, summoned for a final hearing before Judge John Landell April 26, on the charge of petty theft with a

prior conviction, were held to answer to the superior court.

Twenty-five boxes of oranges were stolen from the highway adjoining the Oscar Rosenbaum orchards April 25. The fruit was in readiness to be shipped to the orange packing houses in Orange by the Red Fox orchards, whose men were at work in the orchard. The theft occurred in broad daylight.

Dr. and Mrs. Paul Esslinger entertained with an evening at bridge April 23 when their guests included Messrs. and Mesdames Oscar Guilbert, H. H. Halliday, J. Roy Smith, Russell Cook, Carl Hankey, John Malcolm, C. C. Crumrine, W. S. Barnes, Frank Hauser, W. J. McHenry, R. E. Messer, Donald Leyden and Mrs. T. Burke. Notable scores went to Mr. and Mrs. Hankey, Mr. and Mrs. Cook and Mr. and Mrs. Messer.

## PIGGY WIGGLY All Over the World

### FLY FREE

IN AMERICA'S FINEST all metal AIR LINERS

#### Here's How

Beginning today, Piggly Wiggly makes you one of the most unique and attractive offers you have ever had—to fly—in world-famous cabin planes—free of charge! For \$10 in trade at any Piggly Wiggly Store in Los Angeles, Orange, Riverside and San Bernardino Counties (except Needles, Cal.) you can receive a regular \$2 flight ticket good any Saturday or Sunday in exchange for one fare when accompanied by any person paying the regular fare of \$5 to the Curtis-Wright Flying Service, Los Angeles Airport, Mines Field.

Ask For Details  
At your local Piggly Wiggly Store.  
(Offer for limited time only)

Thrilling  
Comfortable  
Safe

You will fly with one of the most expert pilots in the service—in safe comfortable, luxurious cabin planes—all government licensed—operated by the Curtis Wright Flying Service. Secure your tickets without delay. See the ocean, miles of beach, and the beautiful city of Los Angeles from the air—a sight you will never forget!

Ask for Details  
At your local Piggly Wiggly Store.  
(Offer for limited time only)

#### Outstanding Values

Again Piggly Wiggly scores a triumph, in striking the note of popular interest in aviation with this wonderful offer! And again this week Piggly Wiggly leads in offering such outstanding values as shown here. Certainly it pays to follow Piggly Wiggly advertising every week for profitable up-to-the-minute opportunities!

## ORANGE

ORANGE, May 2.—Mrs. Malcolm Kilgore, of 405 North Lemon street, was given a house warming Tuesday by a group of relatives. A pot luck dinner was served to J. A. Kilgore, Mr. and Mrs. Bruce Richards, Mrs. Julia Warner, of Tustin, Mrs. G. A. Gates, Mrs. Grace Cleveland, Mrs. Ted Seacy and daughter, Louise; Mrs. Pearl Ess and children, Billy Jo and Gene, Mrs. M. E. Bivens, Mrs. Gena Morgan, Mrs. Angeline Courtney and the hosts and son, Junior. A shadow was cast over the gathering in the afternoon, when little Gene was injured in a fall which necessitated some stitches being taken, although the injury was not of a serious nature.

Mrs. B. Ross, 611 East Jefferson street, entertained a class from the Latter Day Saints church of Santa Ana, honoring Miss Valdo Ross upon her birthday, bringing flowers and a string of beads and bracelet to match as gifts. Bunko was enjoyed. Miss Arville Ross, a sister, won the first prize in

bunko and Miss Erma Ross, another sister, was consoled. Volley ball leaguers played Monday night. The National Barber shop team and the Concordia Blue team made a score of 3 out of 5 in favor of the Concordia Blue. The Concordia Gold team and the Y. M. C. A. team made the same score in favor of the Concordia Gold.

A chalk talk was given by Mrs. Herbert Ireland to a group of grammar school children in the Presbyterian church Tuesday afternoon. Mrs. Ireland, the wife of the evangelist, Herbert Ireland, is taking care of the children's programs of the revival. Chalk pictures of men who are sad and those who are happy were drawn by the artist, showing that our thoughts make our expressions. The children sang songs in preparation for the children's night of the revival service. The story of the Snow King was told by Mrs. Ireland.

The Easter Sunday school attendance in the Christian Sunday school broke all records except when an evangelist was here 12 years ago. The attendance was 342. Street decorations are up for

the Valencia Queen celebration May 9. Elaborate preparations are being made by the committees.

Mr. and Mrs. Bruce Richards went to Huntington Beach Monday and were guests of Mr. and Mrs. Jess McDaniel. They were accompanied by Mrs. Isabelle Garland and son, Jack.

Mrs. Mary Parvance, who has been with her mother, Mrs. G. A. Gates, for several weeks, has returned to the city.

Mrs. Jeff Morgan entertained Mrs. A. G. Ingle and Mrs. F. B. Watts Monday.

Mr. and Mrs. Malcolm Kilgore spent Sunday with Mr. and Mrs. R. Kendrick at Sawtelle.

Mr. and Mrs. M. E. Bivens, of 904 West Chapman, entertained Sunday. The guests were Mr. and Mrs. Ed Windolph, Iola and Bob, Mrs. Maude Warren and Kenneth and Lorain.

Miss Valda Ross, of 611 East Jefferson street, accompanied by several friends from Santa Ana, spent Sunday at Catalina Island.

## MIDWAY CITY

MIDWAY CITY, May 2.—Mrs. A. C. Whittier went Tuesday to Alhambra, where at the home of a friend she entertained her Alhambra bridge club.

Mr. and Mrs. Sterling Price and family attended the air meet in Los Angeles Saturday afternoon. Mr. and Mrs. John Willingham and daughter and Mr. and Mrs. Salvadore Padias motored to Sausalito Sunday and attended the rodeo.

Kenneth Hazard has been ill in his home since Sunday and out of school as a result.

A letter from Mr. and Mrs. W. W. Bennett telling of their safe arrival in Seattle last Friday has been received by Mr. and Mrs. Sterling Price whose houseguests the Bennetts were prior to leaving for the north. Business may call the Bennetts on to Alaska, their home for the past five years, they wrote. Mr. Bennett is an airplane pilot.

## GET THE HABIT

Drive out to the beautiful New Mission Market on Bristol and Washington, where the air is pure, where everything is clean and sanitary. A large, complete Market in every respect. You'll be surprised. And last — you will find the prices are attractive. Get the habit. TOMORROW WILL BE A GOOD DAY TO START.

## A SIMPLE STEP TOWARDS HEALTH

Kellogg's ALL-BRAN is a Daily Essential and Millions Know Its Effectiveness in Relief of Constipation

Perhaps the one simple thing you are not doing to guarantee permanent health is having sufficient roughage in your food. Absence of this roughage is the direct cause of constipation which results in so many other ills—headaches, listlessness, general depression, indigestion and, sometimes, serious disease.

Kellogg's ALL-BRAN is roughage. It is positively guaranteed to relieve both temporary and recurring constipation or the purchase price will be refunded. Two tablespoons daily (in serious cases, with each meal) is the proper amount.

Kellogg's ALL-BRAN also helps you to health in other ways. It is rich in iron, practically all of which goes into the blood, bringing

red, healthy color to the complexion. It helps prevent anemia. Be sure to include it in reducing diets.

Many eat Kellogg's ALL-BRAN with cream or milk added. It is a delicious addition to cereals, fruits and soups. In cooked foods, such as bran muffins, it is just as effective in the relief of constipation. Recommended by doctors. Ask your grocer for Kellogg's ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

**Kellogg's**  
ALL-BRAN

What This Famous Folger Test Proves

Central American Mountain coffees — used for Folger-Flavor — possess a rare taste quality that makes coffee take on new enjoyment for you!

THE TEST IS SO FAIR

Get Folger's Coffee from your grocer today. Drink it tomorrow morning. The next morning drink the coffee you have been using. The third morning drink Folger's again. Then decide which you like best. If for any reason you do not choose Folger's, your grocer will gladly refund the full purchase price. We will pay him. That's fair, isn't it?

# THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

The Tinymites soon settled down in the plane and looked around. There were small windows and they all grouped right near the door. "Soon we'll rise up," said Scouty. "I'm sure this trip will bring us some good news. The plane will be taking off in a few minutes." And that was what was bound to happen. They heard the big propeller spin and then the plane began to move. "We're off!" one Tiny cried. "Just how long will this great trip last? I hope it lasts a long time. I like this sort of ride." All of a sudden, up they sailed, as the Tinymites all looked out and hailed a plane that was landing on the ground. "Good-bye," was their last word. "course these happy little boys, not because of all the noise, but was foolish yelling. Not a soul could hear a word. Real shortly came a lovely treat.

The Travel Man said, "Well, let's eat. They serve meals on this monstrous plane. Each Tiny find a place. Then pick the food that you like best and tell me. I will do the rest." Each Tiny started picking, with a smile upon his face. They ate and rode and rode and ate and all agreed that it was great. Then when the meal was over, they all took a welcome snooze. The Travel Man just let them sleep. Said he, "Good watch on them I'll keep. We soon will be in Germany. No time does this plane lose."

"Twas some time later when he said, "Hey! Wake up now, each sleepy-head. We're just about to land upon the spot where we were bound." The Tinymites woke up with a jump and then they felt a sudden thump. The plane had landed safely and was rolling on the ground.

(The Tinymites have a balloon ride in the next story.)

## Missing Letter Links

**RULES**  
1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which may be changed.  
2. Change but one letter at a time and be sure the word you use is one in good usage.  
3. The order of the letters cannot be changed.  
4. HALF TO BACK—with the aid of a little shifty maneuvering by his HALFBACK you should shoot a par four hole.  
Tomorrow: Solution of Today's puzzle.

**HALF**

## Seek Permit For Sewer Project At Capistrano Beach

CAPISTRANO BEACH, May 2.—Application has been made to the war department by the Petroleum Securities company, owner of Capistrano Beach, for a permit to construct an outfall sewer line 3000 feet from the mean high tide line.

Maps of the project are on display in the office of the U. S. engineer's office in the Central building, Los Angeles. Objections, based on navigation interests, will be received until 11 a. m., May 6.

**EVENING SALUTATION**  
"A man can learn nothing if he already  
thinks he knows it all."  
—Rev. Charles R. Brown, D. D.

### MRS McCORMICK'S ISSUE

Mrs. Ruth Hanna McCormick spent, according to her statement to the Senate committee at Washington, \$257,572 in her campaign to gain the nomination for the United States Senate. Senator Deneen spent a little less than one-tenth of that sum. Mrs. McCormick spent approximately \$10.50 to each dollar that Mr. Deneen spent. There was more than a quarter of a million dollars spent in a campaign where almost exhaustless columns of publicity were given free as news to the campaign.

Mrs. McCormick likes to emphasize that she learned politics from her father, the late Marcus A. Hanna. By this expenditure of funds we should judge that she did, and she learned it well. It was in the campaign when Mr. Hanna was chairman of the committee that money became such a tremendous factor in politics. Mr. Hanna looked upon votes in much the same manner that people generally look upon hay, potatoes or pig iron. So much money "wisely" expended will get a certain quantity of any one of these things.

Mrs. McCormick has a long pocketbook. It evidently was wide open. She followed the strategy of Mark Hanna and she got the nomination. We are not saying this to complain of it as a method of getting nominated, though we don't approve of it; we are rather emphasizing it here to call attention to the fact that it wasn't the World Court that was the issue, but it was the Almighty Dollar. If Mrs. McCormick, in her interview with Mr. Hoover, had said:

"Mr. President, one thing is settled in my mind in the campaign which I have conducted in Illinois, and that is that money talks! You can absolutely count on it that the person with the roll has the advantage. Senator Deneen didn't have the money and, I just rode right over him. It pays to be rich if you want political preferment. I had to have issues of course, but the issue that I had to issue the most of was the greenbacks. And that is the issue that was settled—don't let them fool you on this World Court and entangling alliances stuff."

Now we are confident that Mrs. McCormick didn't say this to Mr. Hoover, but she might have. We can well imagine that the real friends of the World Court and the real friends for establishing peaceful methods of settling disputes will not consider, in the light of the investigation of expenses in that campaign, that the World Court issue was the deciding one.

The amazing part of this campaign expenditure is the open and frank, not to say brazen, way in which Mrs. McCormick presented her figures to the committee, as though it was not only perfectly excusable, but actually laudatory. Here again we believe that she takes the position that her father, Marcus A. Hanna would have taken. He believed that way; she believes that way. It has had an awful effect upon the body politic, and upon political leaders, but whatever effect it had, that's it.

College men are now wanted for work in prisons. And some colleagues, after listening to certain professors for four years, will think nothing of it.

### PHILHARMONIC TOURS EUROPE

The news that the New York Philharmonic Orchestra is visiting Europe this spring and summer will be greeted with considerable interest, amounting to enthusiasm in some people, who will rejoice that music other than jazz is to be exported from the United States. There are those who maintain that the antipathy felt by tourists in European countries was owing to the jazz which the Europeans, especially the French, abhorred, and the abhorrence was expressed by contempt for traveling Americans. The theory is probably exaggerated, but in any case a tour by the Philharmonic Orchestra will be very good evidence that in America taste is not for jazz.

Incidentally, when the orchestra sailed on the De Grasse, April 23, accompanying the orchestra were thirty-six wives and nine children, four staff members and two dogs. Eight of the children belong to Jimmie Carroll, the orchestra's baggagemaster. Twenty-three concerts will be given in fifteen different cities in nine different countries of Europe, all in five weeks.

It is a man-sized job to look after the baggage of even a small group of tourists. But eight children and the baggage of the orchestra members and the thirty-six wives and two dogs and all should furnish material for a book which should make any cares we may have seem as nothing in comparison.

### HARMONY

Harmony is a good word and a fine quality. In musical sounds, it is a pleasing agreement. In public and private affairs of life it is something desirable.

It is accord in feeling, manner and action. It has a score of meanings and definitions, such as union, agreement, peace, amity and conformity.

It is the opposite of inconsistency, hostility, dissension, discord, disagreement and bickering. Harmony means working together; co-operation.

But harmony is not attainable by mere concension or graciousness, nor by timidity or submission; it must be attained often by bitter struggle, by a hard fight, and by the exercise of prejudice, power and personality.

Harmony is a dangerous quality when it is bought or bargained for by the use of undue persuasion or by methods of domination.

Harmony is bad for government, for com-

munity and for private councils when attained at the expense of right and justice.

Harmony is not real when it is brought about by kissing one another, when kicking one another is more to be desired.

Real harmony can not endure by chance; nor by premature acquiescence but comes after toil and study and research and conference, often after heated controversy.

Harmony is understanding one another, not by beating around the bush; the determination by more than one person to carry out that which has been found best.

When this kind of harmony prevails Things Happen, communities grow and prosper; men, women, and children are made happier; schools advance; churches accomplish; stores are patronized; good roads are built; cities and towns take on a cleaner aspect; health is in the air; neighbors get along; homes stay together; and the multitudes of processes of civilization go forward.

But do not mistake the seeming harmony that comes without effort for the reality that springs from the intelligent judgment of all who work for the common welfare.

Co-operation is born of harmony, and harmony is born of understanding.

### CENSUS SURPRISES

While we are hoping for a 100 per cent increase, at least, in Santa Ana's population over 1920, we are rejoicing that in our former home of Elyria, Ohio, there was an increase of 25 per cent over 1920.

We live in a wonderful community, with a fine background and a great future, but we submit that even at that, we were citizens before arriving here of "no mean city."

Incidentally, there are disappointments in population. Many cities are not having as much population as they expected, and some of us can say in reality we never thought we had.

It should be borne in mind, however, in such a city as Santa Ana, we have many residents staying here for a few weeks during all times of the year, who will be counted in Iowa, Ohio, Kansas and other places, for their homes are there. These, with transients, add to our legal population probably two or three thousand. We are not saying this because of fear of what the census enumeration will tell us, but simply as a fact, whether the census shows 25,000, 30,000 or 35,000.

The truth is that some of these cities in the Middle West, by the census, have more than the actual population that live there. Many of them are out visiting us in the West, as well as traveling elsewhere, while our California towns have all our legal residents plus.

### Sowers of Seed

It was the Institute of Politics at Williams-town, Mass., which furnished the idea for the Institute of Pacific Relations. What one does in the East the other accomplishes in the West; while one is mainly concerned with the problems of the Atlantic area the other gives most of its time to the discussion of that which interests the Pacific.

This year the Williams-town Institute announces a timely program and list of speakers of outstanding ability with the general theme: "The way of peace in the world—where is it to be found?" Round table meetings will consider the many points of issue.

Nations face rivalries for markets, for outlet of surplus population, and are urged by one consideration or another away from the peace ideals. President Harry A. Garfield, summing up some of the special dilemmas, says that America has the Caribbean; Britain has the independence movements in India and Egypt; Germany has the reparations burden; Russia watches the attitude of other governments toward communism; Italy seeks a "reasonable ultimate destiny"; and France is worried over "security." Across the Pacific, China is protesting foreign exploitation.

Council table meetings in which nothing official can be done and at which the representatives of various nations may speak freely have proved their effectiveness in solving problems and adding to international understanding. The two foremost gatherings of the kind, one in the East and one in the West, have been called the "sowers of seed from which the world can hope to reap the fruit of universal peace."

### Cities Growing Fast In California

The merry race for the honor of being "the fastest growing city in America" is on in earnest. California has a number of enthusiastic unofficial entries for this distinction. There is good reason to believe that this state again will capture this championship, as it did in the census of 1920.

One of the smaller cities of this state which may figure in the championship race, is Ventura, county seat of the county of the same name. This little city has shown a rate of growth in the last decade that is truly remarkable, running to more than 258 per cent of increase. The population of Ventura by the 1930 census is 11,432, as compared with 4,342 in 1920. The figures for this year do not include populous area immediately adjacent to Ventura—including the Ventura avenue and Pierpont Bay districts. The census supervisor for that district has agreed to segregate the names in those adjacent areas so that Ventura unofficially may add them to its population figures to show the number of persons living in the Ventura community.

Several California cities are known to have grown with remarkable rapidity within the last ten years. It will be of intense interest to watch the announcement of census returns covering these cities, and to compare them with figures for the fast-growing municipalities in other states. Californians, with loyal pride in their state, hope and believe that some municipality within the state's boundaries will achieve the distinction of showing the highest percentage of increase in population since 1920.

## Whaddya Mean "LAME" Duck?

## More Truth Than Poetry

By James J. Montague

### IN DEFENSE OF THE SCREEN

In the nineties, an urchin of thirteen years old Extracted a comforting thrill From paper-bound volumes which vastly extolled The deeds of a certain Wild Bill. But such books, on detection, were snatched from his hand By his highly respectable Dad Who said that the curse of such works in the land Was driving the kids to the bad. But the lads on the sly read the wild western tales And few of 'em got into jails.

When burglars and gunmen were put on the stage, Which they were in the fullness of time, It was said that all boys of a formative age Would see them, and turn straight to crime. But thousands of youngsters saw heroes shot down Or sandbagged by criminals fell, And if you go back to the little old town You will find they turned out fairly well. A few may perhaps have been not worth their salt, But it wasn't the theatre's fault.

I freely admit that some "speakers" are bad. But that is a matter of choice. I have yet to see one which would lead a young lad To pilfer a banker's Rolls-Royce. They may fill a young person with actorish airs, And put snappy cuts in the clothes that he wears, But they never will make him a crook. And if he's too wild, or maybe too tame, You can't hold the "speakers" to blame.

### DEFINITION

A man who for one reason or other avoids the census enumerator might be called a counter jumper.

The people of New York City demanded cheaper taxes and all they got was cheaper taxis. (Copyright, 1930, by The Bell Syndicate, Inc.)

## Incomes Up Fifty-five Per Cent

By WILLIAM TRUFANT FOSTER and WADDILL CATCHINGS

Man does not live by bread alone. Neither does he live by bread and cake alone; or even by bread, cake, gasoline, radios, and all the other things which he buys with his wages.

With his wages, the average worker in our industries can now buy about 35% more than he could buy before the War. But that is not the whole story. A part of his material gains has not come to him in pay envelopes. A part of his INCOME has not been WAGES.

Every worker enjoys FREE INCOMES through various forms of public service. He receives, for example, free fire, police, and health protection, as well as free facilities for education and recreation. Of late, state and local governmental expenditures for such purposes have increased greatly. In 1890, they were only \$8.44 per capita; in 1913, \$22.07; in 1924, \$62.35. Today, such expenditures are still higher.

The Federal government also has increased its appropriations for welfare purposes, principally for highway. And these are used by everybody.

Account should be taken as well of the greatly increased contributions to charitable and educational agencies.

Even that is not all. Wage-earners have made further gains through industrial benefit systems, accident compensations, and payments of various sorts to veterans of the late War.

Still further gains in real income per family have resulted from a decrease in the average number of persons dependent on each wage-earner, and, in 1928 and 1929, a decrease in the volume of unemployment.

All these gains in real income, Professor Paul H. Douglas has estimated in his book, called "Real Wages," which has just been published by the Pollak Foundation for Economic Research, Newton, Massachusetts.

Professor Douglas concludes that, since the decade, 1890-99, the average real income of the working class has increased 55%. This includes:

gain in real wages ..... 35%  
gain in free incomes ..... 7%  
gain through decreased unemployment ..... 8%  
gain through fewer dependents ..... 5%

All these figures are necessarily estimates. They may be a little too large, or too small. The chances are that the errors in either direction are less than 5%.

Me and pop was taking a wawk and pop stopped in front of a shirt and collar store and started to look at the neckties in the window, wick he genrally does, saying, Some of those ties are pritty bad, this must be a new kind of a store that keeps its best stuff hidden under the counters, Im going in and see.

And we went in, pop saying to the man, Would you mind showing me some ties that are not in the window?

Certeny sir, the man sed.

Meening he wouldnt. And he took out 3 draws full of folded up ties from underneath the counter, pop winking to me to prove he was rite, and he started to pick up other ones and tie them on his fingers to show how they would look on somebody elses neck.

Being a long thin man with a short thin mustash, saying, Now heres a classy necktie, these little red dots are all the rage.

No case of moozles is complete without them, pop sed. I prefer to make my own selection, he sed. And he kepp on looking and the man tied another one on his fingers, saying, Heres a nobby number, its in grate demand.

Not with me, pop sed. And he kepp on looking for himself, and the man sed, Now this black and white one, I can recommend this frankly, we've sold a lot of these.

Then lets give some other kind a chance, pop sed. And he picked up a partly green one and looked at it with one eye shut, the man saying, That one you have there in your hand is a real bewty, its got class, that one has.

I was just getting to be fond of this one, but are you sure you like it? pop sed, and the man sed, Yes indeed, indeed I do, and pop sed, Then why dont you buy it yourself?

And he quick wawked out of the store with me following him, and I looked back to see what the man was doing, and he was just opening his mouth without any words coming out of it.

### In the Long Ago

From the Register Files  
14 Years Ago Today

MAY 2, 1916

Mr. and Mrs. Asa Vandermaer were hosts to the people of the Methodist Episcopal church. The Southern Counties Gas Company was laying a new pipe line system from Anaheim to Santa Ana.

Mrs. Glendora E. Terry of Balboa captured a three-foot barracuda with her hands. The monthly report of Dr. Harry Zaiser of the county hospital was given.

E. M. Huffman purchased property on North Broadway from S. C. Cherry, and announced his intention of building a large home. The First Travel section of the Santa Ana Ebell society met with Mrs. W. L. Tubbs on Bush street for a May Day party.

Yellowstone park was the subject of the meeting.

## Thoughts On Modern Life

By Glenn Frank

### THE INTELLIGENT AMATEUR

Japan has faced the machine age without an engineering and technical tradition.

And yet, Elmer A. Sperry in "Toward Civilization" records the fact that out of Japan has come the invention of a machine that Dr. F.B. Jewett considers one of the greatest research tools ever produced.

This machine has increased the speed of taking pictures to the point where it is possible to take 60,000 clear pictures per second. With this machine the flow of atmospheric air becomes actually visible and susceptible of study.

It is interesting that this invention should come from a people who lacked a long tradition that might have convinced its scientists that it was Quixotic to think of trying to utilize speeds so much higher than even the speeds utilized in gyroscopic machinery.

The expert who knows why a thing cannot be done is civilization's heaviest liability.

Mr. Sperry quotes the President of the General Motors research corporation, Mr. Kettering, as stating the case for what I have called the intelligent amateur as against the tradition bound expert.

"This is a place where we are supposed to do things."

"Experts are people who are paid to tell you what you cannot do."

"Occasionally the experts are called in here. We want to do something that has never been done before. So we have a conference with the experts, if you please. The experts sit around and we tell them what we want to do. Then they all look at one another and at us and smile and tell us that, of course, the thing cannot possibly be done."

"That breaks up the conference, which is a good thing. Then we go ahead and do the thing that cannot be done."

"And yet we have been told to look to the older ones for our advice. If we do so, we are listening to a few survivors who, in turn, are listening to a still smaller number who have actually passed on and never heard of the problems which we are grappling with today. These old fellows know more than the young ones. That's the trouble with them—because one of the peculiarities about the things that we know is that so much of it isn't so."

We bow before the altars of tradition with our eyes to the floor instead of peering into the future! Copyright, 1930, McClure Newspaper Syn.

## OUR CHILDREN

By ANGELO PATRI

### CHILDREN SHOULD NOT BE FANS

Let's try to discourage "fans" among the school children. I mean those children who stand on the sidewalks and watch others play. They need the play themselves. Play is one of the most important factors of child growth. It is the way children grow their bodies and feed their intelligence. Play them must.

There is a tendency to develop school teams. The best players are picked for the team, the others stand by and watch and cheer, or hoot, as their inclination may inspire. Teams are fine, but there ought to be many, many teams rather than one, especially in the elementary and high school.

Boys and girls, and I want to stress the girls here, need outdoor play. Ball games of every kind, baseball, tennis, basketball, golf, football, hand ball, all the balls, are precious games for growing children. It is our duty to see that all children, every last boy and girl, plays his full share during the day.

I would not have a teacher stand over a group of children and order them to play or be marked down. That is positively harmful. What is needed is a big playground, well fitted for play. A handball court or a number of them; a baseball diamond; a place for jumping rope; a few swings; a jungle gym; a field for team games and track sports; a gym for indoor work—dancing and corrective work; anything and everything required for the healthy, happy play of children should be at their disposal. The teachers are to direct and advise, but not to impose, not to scold and threaten. Above all they are not to fire the children with zeal for the

school team. Unless the school team grows out of the big group and has its sympathetic appreciation and support it is worse than useless.

It is that zeal-supported team that makes fans of children instead of fully developed and sport loving children. I would not allow a team to represent a school of fans. They must represent a schoolful of skilled, active players. Out of the big group the team is chosen as representative of its best. Many times it is all there is.

Don't you know the school that puts all its physical education force upon the development of the team while the rest of the school stands on the lines and howls for victory? Well, that is one very fine way to cheat children of their playgrowth, of their active participation in sports. Cheering another fellow on will not add a single ounce of power to the cheerer. Unless he knows the games, unless he has proven himself in the game, the fan is sheer waste.

This sort of thing is bad enough in college and high school but in the elementary school it is tragical. Here the children are making growth for the years to come and unless they make it through hearty play, active, personal participation, they don't make it. Let us have fewer fans in the lower schools and more stars. Divide the school into groups of ten and from that ten select the best players, and keep changing them, and you will get both individual and team development. But fans in the lower schools are a dead waste. (Copyright, 1930, The Bell Syn., Inc.)

### CATHERINE'S BIRTH

On May 2, 1729, Catherine the Great, empress of Russia, and regarded as one of the most remarkable rulers of modern times, was born at Stettin.

A forceful character and shrewd politician, Catherine came to the throne in 1762, following the murder of her husband, Peter III, and ruled for 34 years.

One of her first official acts was to summon to Moscow representatives of all the provinces to discuss the reforming of the administration of justice. As a result of this meeting the laws of the empire were reorganized. Determined to transform her country into one of the most powerful in Europe, she encouraged immigration, re-established schools in cities and towns, and sent scholars to other countries to bring back the best in foreign culture. She also secured for Russia great portions of land from Poland and Turkey.

Toward the end of her career

her intrigues with lovers and the corruption of her court brought her into discredit in Russia as well as among the rulers of Europe. She died in 1806.
